CIVIL NO. 2565

TO THE HONORABLE,
THE UNITED STATES DISTRICT COURT:

I, Frank Pace, Jr., Secretary of the Army of the
United States, do hereby declare that:

1. (a) The lands hereinafter described are taken under and in accordance with the Act of Congress approved February 26, 1931 (46 Stat. 1421, 40 U. S. C. 258a), and acts supplementary thereto and amendatory thereof; and under the further authority of the Act of Congress approved April 24, 1888 (25 Stat. 94, 33 U. S. C. 591), and the Act of Congress approved March 1, 1917 (39 Stat. 948, 33 U. S. C. 701), which acts authorize the acquisition of land for river and harbor and flood control purposes; the Act of Congress approved December 22, 1944 (Public Law 534, 78th Congress, Second Session), which act authorizes the construction of the Garrison Dam and Reservoir, North Dakota; and the Act of Congress approved October 24, 1951 (Public Law 203, 82nd Congress), which act appropriated funds for such purposes.

(b) The public uses for which lands are taken are as follows: The said lands are necessary adequately to provide for Flood Control in the Missouri River Basin and for uses incident thereto. The said lands have been selected by me for acquisition by the United States for use in connection with the construction and establishment of the Garrison Dam and Reservoir, North Dakota, and for such other uses as may be authorized by Congress or by Executive Order.

2. Detailed descriptions of the lands being taken are set forth in Schedule "A" attached hereto, and made a part hereof, and are descriptions of the same lands described in the complaint in the above entitled cause.

3. The estate taken for said public uses is the fee simple title, subject to existing easements for public roads and highways, public utilities, railroads and pipe lines and reserving, however, to the owner of the land or the owner of any interest therein, including third party lessees, their heirs, successors and

assigns, all oil and gas rights therein, on or under said described lands, with full rights of ingress and egress for exploration, development, production and removal of oil and gas; upon condition that the oil and gas rights so reserved are subordinated to the right of the United States to flood and submerge the said lands permanently or intermittently in the construction, operation and maintenance of the Garrison Dam and Reservoir, and that any exploration or development of such rights shall be subject to federal or state laws with respect to pollution of waters of the reservoir; provided further that the District Engineer, Corps of Engineers, Garrison District, or his duly authorized representative shall approve in furtherance of the exploration and/or development of such reserved interests, the type of any structure and/or appurtenances thereto now existing or to be erected or constructed in connection with such exploration and/or development, said structures and/or appurtenances thereto not to be of a material determined to create floatable debris.

4. Plans showing the lands taken are annexed hereto as Schedule "B" and made a part hereof.

5. The sum estimated by me as just compensation for said lands, with all buildings and improvements thereon, and all appurtenances thereto, and including any and all interests hereby taken in said lands, is set forth in Schedule "A" herein, which sum I cause to be deposited herewith in the Registry of said Court for the use and benefit of the persons entitled thereto. I am of the opinion that the ultimate award for said lands probably will be within any limits prescribed by law on the price to be paid therefor.

IN WITNESS WHEREOF, the plaintiff, by its Secretary of the Army thereunto authorized, has caused this declaration to be signed in its name by said

Frank Pace, Jr., Secretary of the Army, this the _____
day of JAN 12 1953, A. D. 1952, in the City of Washington,
District of Columbia.

(Signed) Frank Pace, Jr.
Secretary of the Army
