The 75th Anniversary Year

THE YEAR 1958 marks the 75th Anniversary of the University of North Dakota. In recognition of this important milestone, the 12-month period which began this February has been designated the "Anniversary Year."

A SERIES OF significant events has been planned, commemorating the University's long tradition of scholarship and service. Theme for the year is "Intelligence, the basis of civilization."

FOUR MAJOR public functions form the focal points for the 75th Anniversary observance. The first of these was Founders' Day, February 21. Coming up are: Commencement, June 8; Homecoming, October 18, and Academic Conference and Convocation, November 6, 7, 8.

FOR PERSONS interested in obtaining a colorful and accurate account of the University's first 75 years, a history is available. Entitled University of the Northern Plains, the book was written by Dr. Louis G. Geiger, professor of history.

THROUGHOUT THE YEAR a number of Anniversary conferences, exhibits, seminars, concerts and convocations are scheduled. The program has been planned to serve a wide variety of interests and to contribute to the mutual understanding of the University and those it serves. We hope you will visit the campus often during the remainder of the Anniversary Year, for in a composite view is reflected the whole life and work of the University.

THE FLICKERTAIL FOLLIES management is especially happy to have in attendance for the 1958 show the Honorable John E. Davis, Governor of North Dakota, State Legislators and other Governor's Day guests.

Thank You...

...from Sigma Delta Chi to the many persons and organizations who have assisted in the production of the 1958 Flickertail Follies, especially to the local advertisers whose patronage made possible the free distribution of this program.

Presenting the Follies...

FOLLIES TIME AGAIN!

AND WITH IT, the culmination of weeks of seemingly endless practice... sometimes sheer fun... often dull, methodical work... but always aiming at that caliber of perfection which has characterized Follies productions for more than 30 years.

THE FOUNDER OF THE Flickertail Follies, Grand Forks businessman Armin Rohde, probably had little idea of the scope of what he was doing, when he and Chuck Evans developed the first show in 1925. Since then, it has enjoyed a continuous annual run, interrupted only by the war and depression years. The Follies actually achieved national recognition several years ago, when Life Magazine "Went to the Follies.

THE FOLLIES HAS become, in the truest sense of the word, a University tradition—as integral to life at UND as homecoming and hockey. Over the years, thousands of students have participated in the spring variety show, and thousands of persons each year sit back and witness a type of entertainment unique in North Dakota. As the saying goes, "There is nothing quite like it!"

BUT THE FOLLIES is more than a tradition. It is competition at its keenest and, at the same time, a wholesale cooperative effort on the part of some 500 students to produce the best show possible for you. As an outlet for the pent-up energies of these students and recognition of their creative talents, the Follies is without equal. As an ambassador of good will between the University of North Dakota and the general public, it is invaluable. And it is particularly appropriate this year, the University's 75th Anniversary.

SEVERAL WORTHY CAMPUS causes have profited also from the Follies—scholarships, the University Development Fund, the Student Union, which alone has received $14,000 from the net proceeds.

HOWEVER, A PICTURE is worth 10,000 words. The production you are about to see is its own best description. We hope you enjoy the show.

J. KEITH CAREW
Student Manager

NOTE: Anyone in the audience with a flash camera is asked to check it at the box office until after the performance. TAKING OF FLASH PICTURES DURING THE SHOW IS ABSOLUTELY FORBIDDEN. Official pictures of all the acts will be available. THANK YOU—
