Medical Mill Levy Approved

President Reviews U Accomplishments

Dear Alumni and Friends
of the University:

At intervals we take time out to review and appraise the accomplishments of the enterprises that have won our support and affection. These are viewed not only with satisfaction but with a projection into the future. We are all aware of the fact that the University, within the last half century, has doubled and quadrupled in attendance. New departments and colleges have been added. We are proud of the six colleges and the many departments now serving the state. Construction of buildings, both in the past and anticipated, are viewed with a feeling of pride. Illustrious alumni during the past half century and more have spread all over the world. This pattern has been noticeable in all state universities.

A hundred years from now, should the question arise as to what were the outstanding and unique contributions of the University during the first half of the twentieth century, two recent areas of influence will be recognized as prime elements affecting the social and physical welfare of the people of our great state.

Chronologically the lignite research laboratories come first. Six hundred billion tons of coal underlying North Dakota challenges the imagination of man. The laboratory will be the largest and most complete in the world. Specialists and technicians of the first grade are finding their way to the campus of the University. In the field of plastics alone, the greatest known source of raw material lies in the lignite deposits. This is only one of the eight divisions of lignite research contemplat-

ed, each of which may conceivably change our way of life and open new doors of prosperity not only to the people of the state but of the nation.

The state of North Dakota and the Federal Government are partners in this great enterprise. The Federal Government has already appropriated seven hundred and fifty thousand dollars for the erection of the laboratory and has made liberal provision for its maintenance and operation.

The second milestone that excites comment is the establishment of the Medical Center in which the University of North Dakota takes a prominent part. In the year 1945, the State Legislature passed the enabling act without appropriation. In the recent election, the people by an overwhelming vote authorized a one-mill levy which will yield, roughly, five hundred thousand dollars per year. From this revenue will come a health program reaching to the corners of the state. We know of nothing in the United States approaching this progressive and forward looking program for improved health on a state-wide basis.

It is with a great degree of confidence in the future that I announce that North Dakota leads the United States in lignite research and in planning a progressive state-wide health program. The University continues to justify your confidence and support.

JOHN C. WEST,
President of the University of North Dakota.

The State Medical Center will make North Dakota eligible to receive federal aid in health work.

A favorable majority of 22,000 votes was accorded the constitutional amendment providing an annual one-mill tax levy for the state Medical Center at the University here, a telegraphic survey by the Grand Forks Herald disclosed.

The Nov. 2 state-wide vote in all but 120 of the state's 2,275 precincts, this survey revealed, was 102,831 in favor of the amendment and 80,675 against its adoption.

Approval of the amendment had been conceded Wednesday night when the AP discontinued tabulating returns with 800 precincts in, but the majority it attained had not been indicated until Saturday's check.

Margin to Increase

Unreported precincts are 10 in Bottineau county, three in Burleigh, five in Cass, four in Walsh, and all 31 in Logan and 67 in McHenry counties, but they will increase, rather than decrease, the margin in favor of the amendment.

On the medical center levy amendment, 37 of the 51 counties reported gave the measure a favorable majority, while the 14 that voted against it had a total adverse majority of only 3,083.

The counties opposing the amendment and their margin against it were Bowman 123 majority against, Dunn 725, Eddy 162, Golden Valley 22, Grant 439, Mercer 179, Morton 384, Oliver 103, Renville 7, Richland 242, Sheridan 289 and Wells 6.

Home County Tops

Grand Forks county, as was to be expected, gave the amendment the largest favorable majority, 9,478 to 3,052, and of the counties with the next 10 largest cities in the state, only Morton county (Mandan) gave it an adverse majority. Those counties voted as follows:

County-City	YES	NO
Barnes (Valley City)	3541	2298
Burleigh (Bismarck)*	4414	3478
Cass (Fargo)*	9776	7742
Morton (Mandan)	2736	3120

(Continued on Page Two)

PRESIDENT WEST

University Inaugurates Dad's Day

Staging the first Dad's Day in the history of the University, fathers of Sioux students organized formally and the inaugural event was a complete success except for the football defeat they were forced to watch.

John L. Von Rueden of Grand Forks was elected president of the newly-formed University Dad's association at the luncheon-smoker preceding the football game.

Floyd Henderson of Grand Forks was elected vice president and Lloyd Stone, alumni director, was named secretary-treasurer by the 150 fathers who attended the luncheon.

Edwin Suhs of Blue Island, Ill., was awarded a prize for being the father who came the longest distance to attend Dad's Day events.

Speakers at the luncheon included President John C. West,

(Devils Lake)	2835	2019
Stark (Dickinson)	2497	2242
Stutsman		
(Jamestown)	4005	3168
Walsh (Grafton)*	3654	2124
Williams (Williston)	3259	1714

*Vote incomplete.
It is expected that the one-mill levy will provide approximately \$500,000 a year at present valuations and this will give the medical center its basic funds. Other funds will be sought from philanthropic and governmental sources as the Center progresses.

Levy Described

The amendment provides that "there shall be annually levied by the state of North Dakota one mill upon all of the taxable property within the state of North Dakota which, when collected, shall be covered into the state treasury of the state of North Dakota and placed to the credit of the North Dakota State Medical Center at the University of North Dakota; and said fund shall be expended as the legislature shall direct for the development and maintenance necessary to the efficient operation of the said North Dakota Medical Center."

Here is the vote by counties on the medical center mill levy amendment:

University of North Dakota
ALUMNI REVIEW

Office of Publication:
University Station, Grand Forks,
North Dakota

"Entered as second class matter at the postoffice at Grand Forks, N. D., under the act of August 24, 1912. Published by the University for alumni and former students of the University of North Dakota in the interests of the University, monthly ten times a year except July and August."

The North Dakota State Medical Center will modernize medical practice in the state by providing an up-to-date library, and by offering refresher courses to our doctors.

The U. S. has an average of one doctor for every 764 persons but North Dakota has nearly 2,000 people for each doctor in the state.

Bison Shock Sioux In Football Upset

That "upset" victory registered at the national polls election day was no less shocking than the sad 19-7 defeat of the University's football team the previous Saturday at the hands of the down-state Agricultural college.

Just as every pollster, every columnist and every commentator across the country gave the president no chance, so did every writer, expert and fan hereabouts concede a certain victory for the Sioux in this traditional battle. A

Fargo writer, for instance, thought the Sioux margin of victory might exceed 31 points.

What happened before a disappointed Dad's Day throng, was that the Bison outplayed the favorites by a wide margin and deserved their victory. It was a great triumph for Aggie Coach Howard Bliss, new on the job this year, and his squad.

In defense of the vanquished, it might be pointed out that Coach Glenn Jarrett had had his team "up" for three straight games—Montana State, South Dakota and Iowa Teachers and the squad suffered a letdown. The injury list was long, although the Bison were short of full strength also.

The Sioux threatened early in the game but a tough Bison defense staved at least two touch-downs. The visitors left the soggy field at halftime with a 7-0 lead, gained on a long pass, the first the Bison had attempted in the few times they had the ball.

As in other games, fans were not too worried at that small deficit. They had often seen their Sioux come back in the second half to wipe out an opponent's lead and charge on to ultimate victory.

So, in this game, the Sioux did come back to gain a 7-7 tie shortly after the second half started. And that was the end of their day. The Bison thundered back for two more tallies and the Sioux offense was completely stalled the rest of the way.

The sad gridiron collapse continued the following week down at Sioux Falls, S. D., where an under-rated Augustana college team ground out a 14-13 victory. That left the Sioux with a 3-3 conference record and third place in the standings.

Mr. and Mrs. John S. Cameron (Edith Allen) 1908 and 1904, are living at 4337 N. Talmadge drive in San Diego, Calif.

Glenn G. Geiger, 1948, is with the New England Mutual Life Insurance Co., of which Lambert M. Huppler, 1932, is agency manager. Glenn resides at 423 Bedford avenue, Mount Vernon, New York.

University Alumni News Briefs

Camilla Scramstad, 1934, Grand Forks, and Raymond Claver were married September 1. They will make their home in Grand Forks.

John Healy, 1948, Grand Forks, and Virginia Rapp, former University student, Elbowoods, N. D., were married September 3. They are living in Fargo, where John is with the Burroughs Office Machine Co.

Marvin Poyzer, 1938, received his masters degree at the Colorado State College of Education, Greeley, this summer. He is head of the industrial arts department at the University of North Dakota.

Constance Johnson, 1947, Grand Forks, and Paul R. Garske, Garske, N. D., were married September 12. They will live in Garske.

Einar C. Johnson, 1939, Philadelphia, Pa., is working towards a master's degree in electrical engineering at the Moore School of Electrical Engineering, University of Pennsylvania.

Help Wanted On Names

We do not have the present mailing addresses of the following law graduates. If you know their addresses or have information which would help us locate them, please advise the Alumni Office.

Wm. J. Haberlin, 1910
Chris C. Hagen, 1905
Frank Haggerty, 1904
Albert N. Heglund, 1927
Jacob B. Hall, 1903
Paul E. Halldorson, 1901
Otho R. Hawver, 1907
George R. Hayne, 1910
Alfred John Hennings, 1936
Wm. S. Henry, 1904
Clyde F. Herreid, 1936
Charles H. Houska, 1905
William L. Jackman, 1912
Aaron T. Jahr, 1924
Alvin M. Keime, 1912
Aura M. Kellogg (Mrs. Dickens), 1917
William M. Kiley, 1926
Erving Koths, 1930
Charles O. Lee, 1910
Herbert Leurs, 1904
Herbert Lewis, 1904
Edwin Lindstedt, 1910
Oliver P. Malm, 1931
John K. McDonald, 1927
Charles C. McMullen, 1907

Mr. and Mrs. Robert E. Allard (Betty J. Conroy) 1934, live in Kent, Wash. They have two children, a girl five years old and a boy three and one-half.

W. D. Soule, 1918, civil engineering graduate, visited the University in September. He now resides in San Mateo, Calif., where he has an engineering firm. He has resided in San Mateo for 25 years, having served as city manager for eight and one-half years before establishing his own engineering firm. He is a brother of George Soule, 1922, prominent North Dakota attorney.

Lyle C. Farmer, 1935, Washington, D. C., and Katherine Giovinazzo, Washington, D. C., were married June 12, 1948. Mr. Farmer received his law degree from National university in Washington and is employed by the interstate commerce commission.

Charlotte L. Johnson, 1947, Hanks, N. D., and F. Logan were married October 2. They are living at 1254 North Kildare, Chicago, Ill.

John F. Rohwedder, 1915, Minneapolis, visited the campus October 22. He practices law, and is a former president of the UND Alumni club in the Twin Cities.

Ralph J. Stewart, 1920, New Ulm, Minn., recently attended the convention of the New York Life Insurance Co. in Chicago. This is the 22d annual convention trip he has won and puts him in the category of the leading salesman for the company. Mrs. Stewart is the former Vinnie Gjere, 1921, and they have three sons attending UND at the present time.

Major and Mrs. Virgil Banning (Birdie Hatcher) classes of 1940 and 1941, recently moved to Washington D. C., where Virgil is on duty at the marine corps headquarters.

Mrs. E. G. Roland (Christine Lucke, 1902-03) is serving as president of the Music Study club of Caruthersville, Mo., during 1948-49.

Walter A. Miller, 1923, Chicago, received the degree of certified public accountant from the University of Illinois November 2. He was one of the 138 successful writers out of 500 who took the examination.

Earl E. Clarke, MS 1939, has been named dean of Ithaca col-

lege, Ithaca, N. Y. Before leaving North Dakota in 1940, he was principal of high schools in several North Dakota towns and later was state director of adult education.

Martin N. Gronvold, 1927, is the new director of the North Dakota unemployment compensation division. He has been with the division in various capacities since 1938.

Dr. Robert O. Brandenburg, 1942, is a fellow in internal medicine at the Mayo foundation, Rochester, Minn. He is married and has a daughter, Carol Lynn.

Arnold F. (Ace) Cecka, 1931, is with the magazine department of Meneough, Martin & Seymore, Inc. advertising agency in Des Moines, Iowa. His wife is the former Louise Thompson, 1932, and they have five children.

Jeanette Owens, 1930, is now in Honolulu, Hawaii, where she is dietitian at the University cafeteria and instructor in home economics.

Wallace Pfaff, Valley City, N. D., and Maridee Peik, Carrington, 1945, were married September 11. They live in Minneapolis, where Mr. Pfaff is attending the school of industrial design and Mrs. Pfaff is attending the University of

Minnesota school of journalism. Both will complete their studies next spring.

Leonard Erickson, 1943, is at the University of Wisconsin working toward his Ph. D.

Dr. G. John Gislason, 1940, and Bette Jean Shaver, Bradford, Pa., were married September 9. They live in Philadelphia where Dr. Gislason is practicing as a urologist. Mrs. Gislason is a graduate of the University of Pennsylvania school of nursing.

Norman Alexander, B.A. 1919, M.A. 1920, chairman of the department of government at the University of New Hampshire, represented UND at the inauguration of Arthur Stanton Adams as president of the University of New Hampshire October 9. He writes of visiting recently with Franzo H. Crawford, 1920, who is professor of physics at Williams College, Williamstown, Mass.; J. Duane Squires, 1925, chairman of social studies at Colby college; and Donald D. Dahl, 1941, division of publicity at the University of New Hampshire.

Marion Lum, 1948, Wahpeton, N. D., and Burton L. Green, LaMoure, N. D., were married September 6. They are living in Grand Forks, where Mr. Green is enrolled at UND law school.

JOURNALISM GRADS PLACED

Eight recent University of North Dakota journalism graduates have accepted new positions.

Aaron Sternfield, 1946 graduate, has been promoted to the editorship of Hunting and Fishing magazine in Boston. He has been on the staff of the publication for the past year.

Larry Aasen, '47, of Hillsboro, also is on the editorial staff of Hunting and Fishing and is taking graduate work in the Boston university public relations school. He had been public relations director for AGSCO, Grand Forks agricultural supply firm.

Harriette Dean, '48, of Lansford, N. D., has accepted a position on the advertising staff of the Marinette, Wis., Eagle-Star. Previously, she was employed in the public relations department of Donaldson's store in Minneapolis.

Carol Leifur, '48, of Bismarck, has accepted a position with the BBD & O advertising agency's Minneapolis office in the copy-writing department.

Dorothy Swenson, '48, Grand Forks is employed as editor of the North American Life and Accident Insurance Co.'s house organ in Minneapolis.

Thomas Smith, Grand Forks, is with the Odessa, Tex., American, after being a reporter for the Grand Forks Herald for 18 months.

Donald Heine, '48, Ellendale, has gone to work in the editorial department of the Grand Forks Herald.

Coleman J. Barry, '48, Williston, resigned from the news room staff of radio station WD AY, Fargo, to accept a position as news editor of the Williams County Farmers Press in Williston.

DAD'S DAY

(Continued from Page One)

Stone and Amos Martin, student Dad's Day chairman. Dr. Edward Flynn, chairman of the Dad's Day association at the University of Minnesota, described the organization of the Gopher group.

Fathers of University football players sat on a special bench behind the team, with numerals corresponding to those of their football sons on their backs.

Gordon Obie of Grand Forks, only father on the grid team, was given a gift by the Lettermen's club.

Despite the foul weather — it rained most of the day before and most of the big day — officials voted the first Dad's Day a success and it will have a permanent place on the University calendar of events from now on.

The football game? It was won by the N. D. A. C. Bison, 19 - 7.

Montana Plans Reunion

University of North Dakota alumni living in and near Missoula, Mont., have planned a reunion there for November 19 and 20 as a co-feature of the football game between the Sioux and Montana.

The Sioux end their schedule with the November 20 game at Missoula against the University of Montana.

Lloyd Stone, University Alumni Director and D. J. Robertson, Assistant to the President, will

arrive in Missoula Friday, November 19th, to be welcomed by Montana alumni. A conflict in schedule made it impossible for President West to attend. The alumni are to have a special section for the football game.

The committee handling arrangements for the dinner and football game reservations includes Albert Besancon, 1901; Mary Brennan Clapp, 1903; A. L. (Tony) Kadlec, 1923; Harold B. Ferguson, 1923; and Adele Condie Ferguson, 1924.

Students From Other Lands

A world - wide outlook appears at the University of North Dakota this semester with students attending the school from Europe, China, Turkey, Canal Zone and Canada, as well as Iceland.

From Europe are Mari Rose Drouet and Emmerich Robitschek of Paris, France, and John Gyarfay who escaped from behind the "iron curtain" in Hungary.

Students here from Asia are Chein We Liao of Shanghai, China, and Faruk Caner from Istanbul, Turkey.

Julianne Hillman represents Curundu in the Canal Zone. Paul Beck and Thorstein Thorsteinson hail from Reykjavik, Iceland. Francis Ikeszaki and Melva Lee come from Honolulu, Hawaii, and Pearl Saiki is from Kapaa Kauai, Hawaii.

Canadians are Richard Harris of Calgary, Walter Hlady of Middlechurch, Patrick Law of Winnipeg, Robert May of Sprague, Steve Paposki of Edmonton, Harry Richardson of Saskatoon and Gerald Patterson and Eileen Sandvik of Rainy River.

The advisory council of the State Medical Center is composed of a representative from agriculture, labor, management, and professional groups in the state.

Geologist Has Big Water Job

Water is one of the basic items of importance to the success of a community or farm, according to Dr. Wilson M. Laird, head of the University of North Dakota geology department and state geologist.

Dr. Laird has done considerable reasearch work on North Dakota's potential water supply during his seven years here. Most of his field work has been locating well sites for towns and cities that are having difficulty maintaining water supplies.

The ground water survey work is done by the U. S. geological survey in cooperation with Dr. Laird and the state water conservation commission.

The search for good water has not always been successful, due to the subsurface geology of this area, but most of the time the water "studiers" have been able to locate adequate water supplies. Their studies will eventually benefit farmers, for with a more detailed water study of the state, farmers will be more able to determine the best spots to place wells.

Dr. Laird announced the goal of the units is to make a complete water record of the state. This goal is still far from achievement, however.

Gordon L. Lee, 1947, Aneta, N. D., and Clarice Jacobson, 1949, East Grand Forks, were married October 10. They are living in Fort Wayne, Ind.
