Concerning Academic Costumes

Academic costumes are related to two garments, a type of robe and a hood or head covering, worn in the twelfth and thirteenth centuries for warmth in unheated buildings. Special costumes to distinguish academic persons were first used in the fourteenth century at Oxford and Cambridge. Differences among such costumes came to symbolize two things: an academic degree and the institution which awarded it.

Academic garb has been worn in the United States since colonial times. In 1895 an Intercollegiate Code was adopted to encourage standard designs and usage. This Code was reviewed by a special committee of the American Council on Education in 1932 and again in 1960, when minor revisions were made.

An academic costume consists of three items: the gown, the hood, and the Oxford cap or mortar board. Gowns are easily distinguished by their sleeves. Bachelor's gowns have long, pointed sleeves. Sleeves of a master's gown are oblong panels reaching nearly to the hem of the gown. Each sleeve has a small arc cut out near the bottom, and a slit at the elbow through which the wearer extends an arm. A doctor's gown has full and bell-shaped sleeves which carry three horizontal bars; it also has a velvet panel extending around the neck and down the front to the hem. The velvet trim is usually black, but may be of the color associated with the degree.

Hoods for bachelors and masters are similar. The former are shorter and are trimmed with a narrower velvet band than the latter. Hoods for bachelor's degrees are not normally used. A doctor's hood is four feet long, has a broad, rounded base, and is trimmed with a five-inch velvet border. The color of the trim of a hood identifies the wearer's degree; that of the lining, the institution which conferred the degree. Hoods given by the University of North Dakota are lined in pink with a green chevron.

The cap is essentially the same for all degrees, except that doctors and university and college presidents may wear a gold tassel.

Colors of tassels associated with various degrees now used at the University of North Dakota are as follows:

College of Science, Literature and Arts for the degrees of Arts, Letters, Science, and Humanities	white
College of Business and Public Administration, for degrees in Commerce, Accountancy, Business, and Public Administration	drab
College of Education, Bachelor of Science in Education degree	light blue
College of Engineering, for all degrees in Engineering	orange
College of Law, for all degrees in Law	purple
College of Medicine, for all degrees in Medicine	green
College of Nursing, for the Bachelor of Science degree in Nursing	apricot
Graduate School, for all graduate degrees	black

STAR SPANGLED BANNER

O say can you see, by the dawn's early light,
What so proudly we hailed at the twilight's
last gleaming?

Whose broad stripes and bright stars, thro'
the perilous flight,

O'er the ramparts we watch'd were so gal-
lantly streaming?

And the rocket's red glare, the bombs burst-
in air,

Gave proof thro' the night that our flag was
still there.

O say, does that Star-Spangled Banner yet
wave

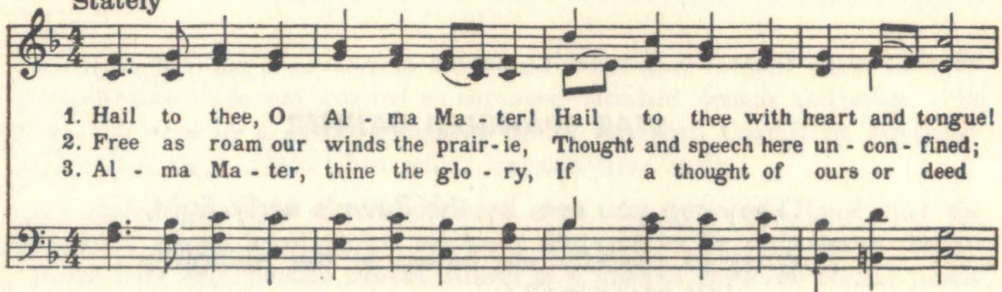

O'er the land of the free and the home of
the brave?
