8.

Mr. Nielsen presented the tentative list of Candidates for Degrees in December, 1987, and moved that the list be approved for recommendation to the State Board of Higher Education for the awarding of the degrees indicated, upon satisfactory completion of the work of the present semester. The motion was seconded and approved by a unanimous voice vote. (See attachment #4.)

Mr. Schwartz moved a recommendation from the Senate Executive Committee that the Curriculum Committee be temporarily charged with the undergraduate program evaluations until the second cycle is completed and that no later than April, the Senate Executive Committee will review the procedures and responsibilities of the Curriculum Committee. Ms. Clark seconded the motion. Discussion followed. A roll call vote was taken and the motion was approved. (See attachment #5 for roll call vote.)

10.

Mr. Norman moved a recommendation from the Academic Policy Committee that

the University grant full-time student status to students enrolled in Cooperative Education 337, irrespective of the number of actual credit hours in which the student is enrolled. The motion to vote immediately was unanimously approved by voice vote. The Chair stated that there being no objection, the vote on the main motion would be recorded as a unanimous roll call vote.

11.

Mr. Norman moved a recommendation from the Academic Policy Committee that in order for students to receive Senior Honors in the Senior Honors System, they must meet all existing requirements and receive a grade no lower than a "B" on the Senior Thesis. This requirement could be inserted into page 49 of the Undergraduate Bulletin with the addition as underlined:

"This study, whatever its nature may be, will appear on the student's record with the number 499 and the title "Senior Honors." The study may be departmental or interdepartmental. To qualify for Senior Honors, the student must receive a grade no lower than a "B" for this work. Theses will be bound and deposited in the University library."

The motion was seconded. A vote was taken and the Chair stated that there being no objection, the vote would be recorded as a unanimous roll call vote.

12.

Mr. Norman moved approval of the recommendation from the Academic Policy Committee to change the policy listed on page 10 of the 1986 - 88 Undergraduate Bulletin, under the heading, "Admission of New Freshmen," to read:

"Students who are currently attending high school may be allowed to enroll in courses at the University of North Dakota with the special permission from the Director of Admission, the Dean of the University College, and the student's high school principal and counselor. Students may receive credit for courses taken at an accredited University/College while in high school if those courses are acceptable for credit at the University of North Dakota. Courses which would apply toward College requirements must be approved by the Dean of the College. Courses to be applied to meet major requirements must be approved by the Departmental Chair.

Mr. Warner seconded the motion. A vote was taken and the Chair stated that there being no objection, the vote would be recorded as a unanimous roll call vote.

13.

Mr. Norman moved approval of the recommendation from the Academic Policy Committee to revise the final examination policy to read:

An examination is held at the end of most courses according to the

published examination schedule. Alternate evaluation methods and schedules may be used when recommended by the departmental faculty and approved by the dean of the college. Any change in time from the published schedule requires the recommendation of the chairperson of the department and approval of the dean of the college. Any student who would be disadvantaged by such a change should report this in advance to his or her academic dean, who will ensure that satisfactory arrangements will be made by the instructor.

Any student who is absent from a regularly scheduled examination without an excuse considered valid by the instructor is normally given an F for the course. If the excuse is valid, the policy on incompletes will apply.

However, no undergraduate student should be obliged to write three or more finals on the same day. If the student has three or more finals scheduled the same day, the student wishing an accommodation regarding final exams should contact her or his instructors to establish a mutually acceptable time to reschedule one or more of the exams. Any student request for the rescheduled final exam must be presented to the instructor before the end of the tenth week of the semester; otherwise, the student's rescheduling right is forfeited. If an accommodation cannot be reached, he or she should contact the department chair(s) to find a mutually agreeable time. If no agreement is reached, the appropriate dean(s) should be contacted. The final appeal, if no mutually convenient time has been found, will be to the Vice-President of Academic Affairs.

Mr. Rhodes seconded the motion. A vote was taken and the Chair stated that there being no objection, the vote would be recorded as a unanimous roll call vote.

14.

A motion was made and seconded to adjourn. There being no objection, the meeting adjourned at 5:07.

## 1986-1987 Academic Year

During the 1986-87 Academic year, the Committee met 15 times. The Committee also met four times in September 1987 to complete carry-over topics from the spring. The principle concerns of the Committee centered around the published statements which appear in the time tables and in the undergraduate catalog. Activities for the year included:

## a. Student Petitions

Students submitted a total of 58 petitions concerning general education credits in their programs of study. The Committee approved 42 and disapproved 12 petitions. Four petitions were returned to the students or tabled.

## b. GER credits for courses

Three courses were approved for GER credit. Two courses were removed from the approved group (at the request of the department involved) and one section from Arts and Science 250 (used for integrated studies) was granted GER science, math and technology credits for the fall term 1987 only.

c. Published statements concerning GER

Most of the meetings during the year centered on the philosophy of general education and the statements that appear in the time tables and in the undergraduate catalog. A new statement was prepared and appeared in the time tables for Fall semester 1987. A new statement was also prepared and approved to appear in the new undergraduate catalog to be published for the 1988-90 academic years.

d. Discussions were held concerning the problems of transfer credits plans for transfer credits.

1. The Department of English reported to the Committee on their plans for transfer credits. The GER Committee instructed the registrar's office to accept any credits granted by the Committee in English, but the GER Committee would continue to act as an appeals committee for petitions denied by the Department of English.
2. Discussion continues on transfer credits for General Education credits.

1. Alcoholic beverages are prohibited on *any* UND property, including UND vehicles.

2. Serving, selling, or providing alcoholic beverages to persons who are not of legal age is prohibited by law and by University policy.

3. Student organizations may not participate in any promotion or special activity with a liquor license holder in any situation where the organization enters into a "quasi-partnership" arrangement with the liquor license holder. This shall include (but is not limited to) any of the following arrangements:

a. The student organization sells or otherwise shares in the profit from sales of alcohol or serves as a co-sponsor of an event with a liquor license holder for an event involving alcohol.

b. The student organization collects a cover charge "at the door" or as an admission fee which entitles the guest to one or more free drinks or discounted drinks.

c. The student organization is responsible for verification of the age of guests or for dispensing alcoholic beverages.

d. The student organization advertises or distributes advertising for special programs or activities sponsored by the liquor license holder.

e. The cost of alcoholic beverages is included in a banquet, meal, or entertainment charge.

f. The availability of alcoholic beverages is advertised, mentioned, or referred to in any promotion.

g. The student organization receives free room rental in exchange for holding an event with alcohol or for meeting a bar minimum.

4. The student organization may not utilize free drinks or alcoholic beverages as contest prizes.

5. No University funds (including those raised by the organization) may be used either directly or indirectly for the purchase of alcoholic beverages.

6. In programs or activities that involve alcohol, the student organization is expected to demonstrate responsible use of alcohol. The following recommendations are made:

a. Whenever possible, the bar should be in a separate room from the event.

b. Alternative or non-alcoholic beverages should be provided in sufficient quantity and in the same manner as alcoholic beverages.

c. Food or unsalted snacks should be provided in sufficient quantity.

d. Designated driver and key check-in programs should be available at no charge to guests. Intoxicated members and guests should not be allowed to drive.

e. Direct access to alcoholic beverages should be limited to persons who are designated as servers, who are non-drinkers for the event. There should be no open access to alcoholic beverages. Alcoholic beverages should not be served to someone who is intoxicated.

f. The event should have a designated beginning and ending time, with no drinks being served later than four hours after the beginning time of the event. Access to alcoholic beverages should be unavailable at least one-half hour prior to the end of the event.

g. No social event should include any form of "drinking contest" in which the consumption of alcoholic beverages is encouraged in the activity.

UNIVERSITY LIBRARY COMMITTEE  
ANNUAL REPORT TO THE UNIVERSITY SENATE  
for  
1986/1987

Members of the 1986/87 Committee were Michael Anderegg (English), Donald Bostrom (Accounting), Raymond Fischer (Speech), Patricia Fry (Law), William Gard (History), Janice Goodwin (Home Economics & Nutrition), F.D. Holland, Jr. (Geology), Virginia Norman (Nursing), and Lonny Winrich (Center for Aerospace Studies). Student representatives were David Glessner and Eric Graney. F.D. Holland, Jr., served the Committee as Chairperson.

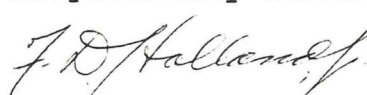

The Committee met three times during the year, giving most of its attention to the continuing matter of funding which is inadequate to maintain--let alone enhance--the Library's collections. Discussions centered on strategies for dealing with anticipated cutbacks in book purchases and periodicals subscriptions.

The Committee rejected the notion of supporting the College of Nursing through the "Book Monies Allocation Formula," in that funding via the Medical Library and occasional support via Chester Fritz Library general funds appeared adequate relative to the support given other programs.

The Committee voted unanimously to support a \$10 non-waivable administrative fee to be levied against delinquent borrowers, following an initial courtesy notice seeking the return of materials, at such time that it can be implemented.

Possibilities for automation were discussed; and, Library staff continued to explore options by way of vendor demonstrations as well as available literature.

Respectfully submitted,

F.D. Holland, Jr.  
Chairperson, 1986/1987
