## Betty Gard retirement reception set for July 11

The staff of the Chester Fritz Library invites you to a reception honoring Betty Gard in the Library's East Asian Room from 3 to 5 p.m. Tuesday, July 11. She is retiring after serving the University for three and one half decades. While at UND, she has served as documents librarian, bibliographer, reference librarian and library administrator. She has overseen the activities of the reference department, which is recognized for its commitment to quality service.

In addition to her work at UND, she has been very active in state and national professional associations. In recognition of her professional service, the North Dakota Library Association named Gard the Librarian of the Year in 2002. The American Library Association also has benefited greatly from her participation on many division and section committees, and her leadership skills have been recognized with appointments to chair positions on numerous committees. She has served as state representative to the American Library Association Council for two terms.

Those who know Betty will attest to her many talents. She has been a frequent star of dramatic and musical productions in Grand Forks Community Theater. Her credits also include roles in independent films.

Betty is moving to Seattle, Wash., where she will be closer to her children. Her new address is: 2340 Minor Ave. East, #2, Seattle, WA 98102, [Betty\\_Gard@Yahoo.com](mailto:Betty_Gard@Yahoo.com)

The University, the Chester Fritz Library, the library profession, and the Grand Forks community have greatly benefited from her contributions and she will be missed. Come wish her well as she begins her new adventures.  
-- Wilbur Stolt, director of libraries.

## UND couple write and perform one-act play

Richard Schultz (Electrical Engineering) and CK Braun-Schultz (College of Business and Public Administration) were introduced and set up on a blind date in 2000; three years later they were married. Three years after that, the couple explored the possibility of participating in a playwriting course, taught by Kathleen McLennan (Theatre). As a result, the couple has written a one-act play called "Compromising Positions," which will premiere at the Winnipeg Fringe Theatre Festival, July 19-30. In preparation for the fringe festival, the couple will also perform the play at 7:30 p.m. Wednesday and Thursday, July 12-13, at the Burtness Lab Theatre.

As two very independent-minded people who married later in life, the couple quickly found that marriage was more difficult than anticipated. The Schultz's often found themselves wondering, "What keeps a marriage together?" It is that very question that led to the creation of the play, "Compromising Positions." The original play consists of three characters, Tom and Isabelle, two newlyweds who struggle in their search for marital bliss, and a marriage therapist who helps the couple explore the meaning of the word compromise. Yet, as the story unfolds, Tom and Isabelle explore what it really takes to have a successful relationship and just how far you will -- or will not -- go to compromise. Tom and Isabelle confront their hot button issues and are left with the realization that when placed in a compromising position, love may not conquer all.

Although this real married couple claims the show is not autobiographical (wink, wink), they do believe the relationship issues in "Compromising Positions" are universal. "Even though Tom and Isabelle have specific arguments that cause interruptions in their relationship, it is the journey the couple has to go through to find compromise that is applicable to anyone who has been in a relationship. Whether you're married, single, or want to be single again, this story exposes the truth about marriage, the cost of compromise, and what to do when trying to find the middle ground," CK Braun-Schultz explains.

The show is free and open to the public July 12 and 13, at 7:30 p.m., UND Burtness Lab Theatre. The show is not suitable for children 16 years of age and younger.

For more information about "Compromising Positions" or the Winnipeg Fringe Theatre Festival, please contact CK Braun-Schultz at 777-6937 or e-mail [ckbraunschultz@mail.und.edu](mailto:ckbraunschultz@mail.und.edu)

## U2 lists workshops

Below are U2 workshops for July 25-27. Visit our web site for more.

The Magic of Adobe Photoshop: July 25 and 26, 8 a.m. to noon, 235 Starcher Hall, Graphic Communication Lab. Fee is \$90 (eight hours total). An introductory, hands-on workshop to learn about editing images using Adobe Photoshop software. Participants are encouraged to bring their own digital images. Presenter: Lynda Kenney, Department of Technology.

Five Habits of Highly Successful Investors: July 25, 10 to 11 a.m., Badlands Room, Memorial Union. This presentation will provide a fundamental knowledge of investing. This program includes discussions on setting financial goals, realizing tax advantages, potentially reducing risk with diversification, understanding cost of expenses, and current market trends. Presenter: Kevin McNab, TIAA-CREF.

Facilities Discoverer Reports Training: July 25, 11 a.m. to noon, 361 Upson II. The billing charges from facilities will be posted to PeopleSoft in a summarized format. To access the detailed information, each department will need to have access to Discoverer reports and be trained on how to access the detail and summary information for their departments. These reports will break down the charges by individual work orders and/or projects. Presenter: Laura Thoreson.

Defensive Driving: July 26, 8:30 a.m. to 12:30 p.m., 211 Skalicky Tech Incubator. This workshop is required by

state fleet for all UND employees who drive state vehicles on a regular (monthly) basis, received a traffic violation, or had an accident while operating a state vehicle. Employees are encouraged to bring a family member (spouse and/or dependents). This workshop may also reduce your North Dakota insurance premiums and could possibly remove points from your driving record. Presenter: Mark Johnson.

Records Disposal Procedures: July 26, 10 to 11:30 a.m., Memorial Room, Memorial Union. Learn more about the process for destroying or transferring records that have passed their retention time limits. We'll review the forms used, discuss why it's necessary to document, and take part in a hands-on run-through of the entire process. It's fun to clean out. It's easier to do than you think and now's the time to do it! Presenter: Chris Austin, records manager.

Safe Online Practices - Protecting Your Identity and Securing Your Computer: July 27, 9 to 11 a.m., 361 Upson II. The Internet can provide a wealth of information and give access to valuable financial, business, educational, and entertainment services. However, when connected to the Internet, you and your computer become vulnerable to scammers, identity thieves, viruses, spyware and more. This workshop will provide the information needed to help you protect your identity and computer while online. Presenter: Brad Miller, security officer, Information Technology Systems and Services.

Please reserve your seat by registering with U2 by: phone, 777-2128; E-mail, [U2@mail.und.nodak.edu](mailto:U2@mail.und.nodak.edu); or online, [www.conted.und.edu/U2/](http://www.conted.und.edu/U2/). Please include: (1) workshop title/ date, (2) name, (3) department, (4) position, (5) box number, (6) phone number, (7) E-mail, and (8) how you first learned about this workshop. Thank you for registering in advance; it helps us plan for materials and number of seats.

## ANNOUNCEMENTS

### **Bismarck radiologist named radiology chair**

Edward "Ted" Fogarty, a Bismarck radiologist, has been appointed chair of the Department of Radiology at the School of Medicine and Health Sciences. His appointment was effective July 1.

Fogarty joined the UND medical school faculty in October 2003 as a clinical assistant professor of radiology.

"We are very pleased to welcome Dr. Fogarty to this important administrative post within the medical school," said H. David Wilson, dean and vice president for health affairs at UND. "He has been a very effective and enthusiastic faculty member and we know our students will continue to benefit greatly from the leadership he brings to radiology education."

"Our unique situation at UND for training of the third and fourth year medical students at the four clinical teaching sites across the state has always created a great deal of variability in the learning experience of the students at the various campuses. That heterogeneity of experience is not necessarily detrimental; we can now overcome the lack of cohesiveness for our students by using internet-based distribution of important teaching cases across the state to the various clinical campuses. Visual imagery is a key point in creating lasting points of knowledge and understanding in student physician's minds; I will create a core curriculum of iconic medical images associated with classic disease states so that our students are best prepared for taking care of patients in their residency years and beyond," Fogarty said.

Fogarty completed an undergraduate degree, with honors, at the University of Chicago in 1993 and then worked as a research assistant at the Howard Hughes Medical Institute in Chicago. He earned the Doctor of

Medicine degree from the University of Nebraska College of Medicine in Omaha in 1998.

After medical school, he took one year of training in UND's transitional year internship program based at MeritCare Hospital in Fargo. In 2003 he completed a four-year radiology residency program at Creighton University Medical Center, St. Joseph Hospital, in Omaha. During residency training, he served as chief resident and received the RSNA Roentgen Resident/Fellow Research Award. He was also elected into the Alpha Omega Alpha honor society as a resident while at Creighton University Medical Center.

In 2003, Fogarty joined the Medcenter One Health Systems as a staff radiologist, where he will continue to practice.

Fogarty and his wife, Carolyn, and their three children reside in Bismarck. -- School of Medicine and Health Sciences.

## Transportation lists account billing codes

Because PeopleSoft numbers are not compatible with the North Dakota state fleet dispatch system, we have created a system using TranID's. A four-digit number represents an individual fund-dept-project-program combination. When making reservations at other North Dakota State motor pools, please call our office first to obtain the correct TranID to be used for billing your vehicle. This will help alleviate end-of-the-month billing problems. Thank you.

## ITSS lists special computer pricing

The Information Technology Systems and Services desktop support group has negotiated special pricing as part of the large semi-annual student technology fee purchase. This pricing is for University department purchases only. You will find purchase information on the ITSS web page under "Computer Purchases." The purchase prices will be valid until Dec. 31, 2006.

Gateway has placed the University at level II support. In the event that you have to call tech support at Gateway, you should use the following number instead of the number on the side of your computer. Our support number is 1-888-888-2040 and our pin number is 60377. Again this number should be used for all Gateway computers that are under warranty. If you need further assistance, please contact the ITSS help center at 777-2222 or e-mail [itss.help@mail.und.nodak.edu](mailto:itss.help@mail.und.nodak.edu)

## Web sites should point to new search engine

A new Google search engine has been installed on the UND web site. Unfortunately, it is impossible to configure the new engine in the same way as the old one. As a result, all web sites will need to be updated to point to the new engine by July 15. To update your web site, visit <http://www.und.edu/template/searchbox.html>. If you have any difficulties, please call 777-2474, or e-mail [kristoffer.frize@und.edu](mailto:kristoffer.frize@und.edu). — Jan Orvik, Web Manager, with ITSS.
