## Carillon Bell to 'Crown' Twamley Hall

### Dedication Slated On May 31

Dr. R. B. Witmer, dean of the College of Science, Literature and Arts at the University of North Dakota, has been appointed chairman of a University committee planning the dedication of Twamley Hall.

Twamley Hall, the University's new administration building, was occupied in December, 1962. The dedication program will be May 31, during spring commencement activities.

The planning committee was appointed by Dr. George W. Starcher, University president. He said it is hoped that the Twamley Hall dedication will be "somewhat of an echo of the now famous laying of a cornerstone for Old Main in 1883." Old Main was the first building on the University campus.

Members of the committee, in addition to Witmer, are Miss Ruby McKenzie, registrar; Harvey Jacobson, director of news and information; Lloyd Stone, executive vice president of the Alumni Association; Ben Gustafson, director of the Extension Division; John H. Vold, assistant superintendent of buildings and grounds; Dr. M. L. Cushman, dean of the College of Education; Miss Valborg Oslund, assistant professor of English; Dr. Henry Tomasek, chairman of the political science department; Dr. Theodore Snook, professor of anatomy; Palmer Reiten, chairman of the mechanical engineering department, and two students to be selected by the Student Senate.

### Alumni Meeting Notices

**Fort Lauderdale, Florida** — A UND meeting has been arranged for University alumni and friends in the Florida area March 14, 1963, at the Coral Ridge Hotel, located at 3400 Galt Ocean Drive, which is on the beach at Fort Lauderdale. The social hour will begin at 6:00 p.m. and dinner is scheduled for 7:00 p.m. Chairman—Harry M. Schwenke, P.O. Box 1, South Andrews Station, Fort Lauderdale, Florida.

**Dallas, Texas**—The Dallas-Fort Worth Alumni Reunion will be held on March 22, 1963 at 6:45 p.m., in the Chaparral Club overlooking Dallas from the top of Southland Center. Chairman—Thomas H. Smith, 1332 Valentine, Hurst, Texas.

**Kansas City, Missouri** — UND alumni and friends will gather for a reunion Sunday, March 31, 1963, at the Carriage Club. The social hour, to be given by F. P. Barnes, will begin at 5:30 p.m. with dinner following at 6:30 p.m. Chairman — Nell Henley, 58 E. Terrace, Kansas City 12, Missouri.

### Thanks for The Memories

Within the next two months UND's Old Main will be demolished, but the memories will live on, some of them in a tangible way. Souvenirs from the materials of Old Main will be made and sold to alumni and friends. There will be paper weights from the aged bricks, with other bricks made into pen sets and book-ends. The worn wood of Old Main will be made into gavels, maces, candlestick holders and other items.

**Ames, Iowa**—The UND annual reunion banquet has been scheduled for March 30, 1963, in Ames, Iowa. The event will begin at 6:30 p.m. at the Sheldon Munn Hotel with dinner at 7:30 p.m. Chairman — Harvey Burkholder, 609 Ridge-wood, Ames, Iowa.

**Valley City, North Dakota**—UND alumni and friends will gather for a reunion on Saturday, March 30, 1963 at the Elks Club in Valley City at 7:00 p.m. with a social hour preceding the dinner. Chairman—Ken Matson, Matson's Studios, Valley City, North Dakota.

**Seattle, Washington**—Puget Sound Chapter of UND alumni and friends will gather for a reunion on Friday, March 29, 1963, in the ballroom of the Fort Laughton Officer's Club at 6 o'clock p.m. with a social hour preceding the dinner. The cost will be \$3.75 per person. Chairman — Ed J. Wherland, 12729 11th N.W., Seattle 77, Washington.

**St. Louis, Missouri**—A gathering of UND alumni and friends will be held at the Hollaway House, 7384 Forsyth, Clayton, Missouri (across from Famous Barr) on Tuesday, April 2, 1963, at 6:15 p.m. in the Crest Room. The cost will be moderate. Chairman—Mrs. Arnold Rosaaen, 8909 Eager Road, St. Louis 17, Missouri.

**Indianapolis, Indiana**—UND alumni will meet in Indianapolis, Indiana at 6:30 p.m. on Saturday, April 6, 1963, at the Officer's Club, Fort Benjamin Harrison. Chairman: Dr. John D. Graham, 6401 Osborn Road, Indianapolis 26, Indiana.

### U Receives Gift on 80th Birthday

A 305-bell electronic carillon, one of the largest in the nation, will be installed at the University of North Dakota this spring, according to President George W. Starcher.

Making the announcement on the University's 80th birthday at a Founders Day convocation in the Fieldhouse, he said he considered it a birthday gift that will be meaningful to present-day students and to future generations. "It will be a fine asset to the whole community," he said.

The largest carillon made by the Schulmerich Carillons, Inc., of Sellersville, Pa., UND's "Carillon Americana" will be one of the six largest in the country. Others of the same size are at the University of Illinois, the United States Air Force Academy, the Seattle World's Fair, the Singing Tower at Lake Wales, Fla., and the Lincoln Center in New York.

The carillon "will crown Twamly Hall," the new administration building, Dr. Starcher said. The carillon's playing console will be located on the building's fourth floor. The fourth floor was built through a gift of \$200,000 from the estate of James Frederick Twamley.

Twamley, who was instrumental in the founding of the University, is the man for whom the building is named. His daughter, Miss Edna Twamley, class of 1902, will attend the dedication of the building and the carillon this spring. She now resides in Rock Tavern, N. Y.

University of North Dakota  
**ALUMNI REVIEW**

The University of North Dakota Alumni Review is published monthly, except July and August, by the University of North Dakota, Grand Forks, N. Dak., for alumni and former students of the University of North Dakota in the interests of the University. Second-class postage paid at Grand Forks, N. D. Change of address and return requested forms should be sent to the University of North Dakota Alumni Review, Grand Forks, N. Dak.

- President ..... Robert Eddy
- First Vice President  
Dr. O. W. Johnson
- Second Vice President  
E. E. Simmons
- Executive Vice President  
J. Lloyd Stone
- Treasurer ..... E. W. Olson
- Ath. Bd. of Control...Gordon Caldis

To 1963—Andrew Freeman, E. E. Simmons, Herbert Treichler, Edward J. Franta, Judge Edward Devitt, Dr. O. W. Johnson.

To 1964—Arley Bjella, Robert Eddy, Dean E. L. Llum, William Micklin, Dr. L. O. Simenstad, Mrs. Stella Mann.

To 1965 — Dr. Robert Fawcett, William DePuy, Gerald Skogley, John T. Traynor, Judge Ronald Davies, Gordon Aamoth.

**35 More Needed:**

**UND President Projects Teacher Needs**

The University of North Dakota will need around 35 new teachers in the next two years to accommodate increased enrollment, according to Dr. George W. Starcher, UND president.

An enrollment of 5,475 is expected by 1965, said the president, discussing budget requests prepared for the 1963 legislature. The 5,475 figure is an increase of 687 over the present 4,788. According to the president, to maintain a 20.1 student teacher ratio requires five new teachers for every 100 students.

Preliminary planning is going ahead on the proposed dormitory complex west of the English Coulee, the president said. The complex would probably house 1,500 students. The press for housing will become heavier next year, he pointed out, since the State Board of Higher Education has stipulated that Davis and Macnie Halls be torn down. All UND dormitories are built through the sale of self-liquidating bonds at no cost to the state. "Our first obligation is to take care of the students in housing," the president said.

**Alum Wins Bond, Award**

Everett Ridlon, '61, who is an electrical engineer for the Western Knapp Engineering Co., Hibbing, Minn., is presented a \$200 U. S. Government Bond and a certificate of achievement by Major General Frank J. Sackton, Commanding General, 14th U. S. Army Corps, Minneapolis. Ridlon won third place in a recent nation-wide tank design contest. (U. S. Army photo)

**EVALUATE UND PROGRAM**

A team of two North Dakota educators and seven out-of-state educators will visit the University in March to review and evaluate the UND teacher education program. The team will visit the campus as part of the accreditation procedures of the National Council for Accreditation of Teacher Education (NCATE). UND was accredited by the NCATE in 1954, one of 284 institutions in the country out of some 1,200 schools preparing teachers accepted by the organization.

**SETS NEW RECORD**

Student registration at the Williston Extension Center of UND hit a total of 176 this spring, setting a new record for spring semester enrollments, according to Ben G. Gustafson, director of the UND Extension Division. The figure is 70 more than the second semester enrollment at Williston in 1962.

**COMPUTER INSTALLATION**

An electronic-solving computer will be installed this spring at UND in the College of Engineering, where it will be used by undergraduates who are majoring in civil, chemical, electrical, industrial and mechanical engineering for complex problem solving projects where variables are many.

**OFFER SCHOLARSHIPS**

Twelve scholarships are available at UND for deserving students interested in a career in journalism. The awards are made on the basis of scholarship, interest in a journalism career, proficiency or potential in journalistic endeavor, as well as character and need. Details can be obtained by writing the Department of Journalism, UND, Grand Forks, N. Dak.

**BULLETIN PUBLISHED**

The Foreign Exchange Bulletin, a publication of the Association of American Law Schools, has been published at the University of North Dakota for the past two years. John H. Crabb, associate professor of law at UND, has served as Bulletin editor. The journal has been published in May and December by the University Press.

The Bulletin is widely distributed throughout the U. S.

**QUOTES N. D. EDITORIAL**

An excerpt from an editorial appearing in the Cavalier County Republican, Langdon, N. Dak., was reprinted recently in a Washington, D. C. newsletter. Cited as a "Quote of Note," the Republican's comment was: "No tax money could be spent to earn a greater return than that invested in the higher education of the state's young people."

**Lynch Heads Bismarck Alum Group**

Judge W. C. Lynch was elected president of the Bismarck Alumni Group at the February reunion, with Mrs. Adriary Dunn named as secretary.

The Bismarck alumni banquet was held at the GP Hotel with Gil Olson as presiding officer, with more than 100 in attendance. The key speaker was Dr. George W. Starcher, UND president, who stressed the growing demands being placed on the colleges and universities of North Dakota, and visualized the threat of a "tuition barrier" if fees are drastically increased at the state's higher learning institutions.

Table topics at the banquet were discussed by Austin Smith, Senator Evan Lips and Jack McDonald. J. Lloyd Stone, executive vice president of the UND Alumni Association, introduced the speakers and brought the group up to date on current alumni activities.

**MAN OF THE YEAR**

Ted G. Maragos has been honored as Minot's outstanding Young Man of the Year for 1962, and was recognized with a special trophy at the Distinguished Service Awards banquet of the Minot Junior Chamber of Commerce. Maragos, 29, serves as state representative from the 29th District in North Dakota.

**U RECEIVES GIFT**

(Continued from page 1)  
Installation of the carillon is scheduled for early spring to permit the playing of a dedication concert in conjunction with the dedication of Twamley Hall May 31 during commencement weekend.

The carillon has been given to the University for use in the education program of the music department and the cultural life of the campus, Dr. Starcher said. It may be played mechanically or by members of the music faculty and guest carilloneurs. It will ring out hours on the campus and will also be used for ceremonial occasions and special events.

## Birds-eye View of U

This recent airview of the UND campus depicts some of the major building accomplishments during 1962. The "L-Shape" structure near the center is Twamley Hall, new administration building, which replaces Old Main. The construction activity (facing Merrifield Hall) is on the new Burtness Theatre, which will be completed early in 1963.

## Sigma Nu Fraternity Makes 40th Anniversary Plans

Big plans are being made by the Epsilon Kappa chapter of Sigma Nu fraternity for a 40th Anniversary Reunion at UND on October 10-13, during the Annual University Homecoming week-end, with Bill Kunkel of Carrington serving as chairman.

The Sigma Nu reunion will have both its gay and serious sides, including stag suppers and a ceremonial "renewal of vows" at a formal chapter meeting. The 1,000th meeting of the chapter is scheduled on October 11, with the initiation of the 600th member.

The Sigma Nus are going "all out" to attract their members to the UND Homecoming

next fall. The top attraction will be the prize of a week's vacation for two at Camelback Inn in 1964 during the UND Alumni Reunion. It will be awarded to some Sigma Nu who is in attendance at the October Homecoming.

Festivities for the 40th Anniversary Reunion of the fraternity get underway October 10, and include a series of events that conclude with a "farewell" breakfast on October 13. Working with Kunkel on the plans for the reunion are Dick Fiala, Bill Blair, Walter Mikkelsen, R. B. Witmer and Harvey K. Jacobson, all of Grand Forks.

## UND Presented Rock Collection

Wilson M. Laird, chairman of the UND Geology Department, has received notice from Mrs. E. J. (Alice) McIlraith, Minot, N. Dak., that she is presenting her husband's rock collection to the University.

Her late husband, Edward McIlraith (law class, '14), was an avid collector of rocks, and accumulated a sizeable and

handsome collection. It is the desire of Mrs. McIlraith and her late husband that the collection be kept complete, and that it be presented to the UND Geology Department.

The new UND Geology Building will be under construction this spring, and the rock collection will be on permanent display in the new structure.

## Camelback in North Dakota:

# Lloyd Nelson Launches Plans for Caravan

There were more than 200 UND Alumni and friends at the 1963 Reunion at Camelback Inn last January and during the festivities at the Annual Banquet, a motion was made that passed unanimously.

The motion was this: "Let's have a Camelback Reunion at the UND Homecoming in October of 1963." The idea caught on like wildfire, and Lloyd C. Nelson, San Marino, Calif., took over as grand national chairman of the project.

Lloyd is not one to take such a project lightly, and has already generated a plan that will make a big temporary dent in the North Dakota alumni population in California, with a huge exodus scheduled for next October.

If you want to join in the Camelback Caravan next fall, and live in California, then write your intentions pronto to Lloyd C. Nelson, 2177 Adair St., San Marino, California.

Here is a bulletin just released by Chairman Nelson:

### OPEN LETTER TO GRADUATES OF SNOWBALL TECH (Camelback)

Those of us who have enjoyed the gracious hospitality of Jack and Louise Stewart at Camelback, will have a once-in-a-lifetime opportunity to express our gratitude in **capital letters**. I am referring to next October 11 and 12 at Grand Forks, when the UND Homecoming will be celebrated as Camelback Inn Homecoming.

We expect most of the more than 400 UND Alumni and their families, who have enjoyed our reunions at Camelback Inn at Phoenix, to be with us in Grand Forks on October 11 and 12. All of us want to be a part of this great tribute being paid to Jack and Louise Stewart and their three wonderful children. (All five of them will be present). Probably no other alumnus in the history of UND has personally brought so much pleasure to so many fellow alumni and their families as Jack Stewart. In fact he makes you so over-all happy that you don't even mind his beating you in Gin Rummy—which he does to most of his guests, most of the time.

If you don't think those of us on the West Coast are planning big for this event—read this. We have completed arrangements to charter a Jet Plane from Los Angeles to Minneapolis, and then two smaller planes into Grand Forks. The party coming from Los Angeles will total over eighty alone. Should Judge and Claire O'Connor decide to bring all their children and grandchildren, we might need a second plane out of Los Angeles.

All we want you to do now is set aside the dates of October 11 and 12—and time and money—for the trip to Grand Forks. We promise you that no stone will be left unturned toward making this a most memorable event of your life. Lloyd Stone has already had meetings in Grand Forks to start work on plans for this great event.

There have been many outstanding Homecomings at UND, but I predict that this 1963 edition will establish a new record of some kind. We expect to show the Grand Forks Alumni and town folks a sample of the fellowship and good cheer that is characteristic of our reunions at Camelback Inn.

**Remember—October 11 and 12—Start Planning Now.**

Lloyd C. Nelson, Class of '32  
San Marino, Calif.

**Arden F. Welte, '57**, is co-author of "Your Science Fair," second edition, recently published by Burgess Publishing Company, Minneapolis. Welte, co-chairman of the Minneapolis, St. Paul, and Suburban Regional Science Fair in 1959, is currently serving as secretary-treasurer of the Northeast Minnesota Regional Science Fair Committee.

### THREE ELECTED

Three UND faculty members have been elected to the University Chapter of Sigma Xi, honorary national science fraternity. Members named are Oscar Manz, assistant professor of civil engineering; Dr. Walter L. Moore, associate professor of geology; and Dr. Paul F. Munger, professor of psychology.

# Here and There with U Alumni Everywhere

**A. Bennie Bachmeier, '61**, resigned as news coordinator at UND and has enrolled in a pre-seminary program at Loyola University. Bachmeier served as acting director of the UND Bureau of News and Information for one year, during the period that the present director, Harvey K. Jacobson, was on leave of absence. Bachmeier was editor of the Dakota Student, and worked for newspapers at Minot, Towner and Park River.

## Bachmeier

**Second Lieutenant Robert A. Benson, '62**, recently completed the eight-week field artillery officer's orientation course at the U. S. Army Artillery and Missile Center, Fort Sill, Okla. Lt. Benson entered the Army in July, 1962. He is a member of Tau Kappa Epsilon fraternity.

**Lester C. Dempsey, '50**, has been appointed a district representative for Lutheran Brotherhood, fraternal life insurance society. He was in the Army four years, and before joining Lutheran Brotherhood, was a member of the teaching staff of Napoleon (N. D.) High School.

**Lt. Douglas Schroeder, '60**, is serving with a special U. S. Air Force task force in New Delhi, India. The force is supporting India's defense against invasion by the Chinese Communists. Lt. Schroeder's unit is maintaining and flying 12 transport aircraft on loan to the Indian government, and he is a weather forecaster permanently assigned to the 322nd Air Division at Evreux, France.

**Lloyd Richmond, Jr., '59**, '60, graduate in civil engineering, is in La Paz, Bolivia for several months on an engineering assignment for Stanley Engineering Co., Muscatine, Ia., where he has been employed as a structural engineer. The project involves building a highway from La Paz to the airport. He is working on the project as a soils engineer.

**Air Force Major John T. Steinbach, '50**, recently completed the nine month Command and Staff College course at the Air University, and is now assigned to the Wing Comptroller Directorate, 4520th Combat Crew Training Wing, Nellis Air Force Base, Las Vegas, Nev. His wife, Liz Ann, and two children, Mark and Mary Beth, reside at 8 Wright Street, Las Vegas. The Major is now in charge of all automatic data processing equipment and management analysis activities of the wing.

**Stanley W. Philbrick, '50**, University graduate, is employed by the U. S. Navy in Thailand. He is working for Office in Charge of Construction, Southeast Asia. His organization is in charge of nearly all military construction in four countries in that part of the world. The United States government is paying for the costs. Philbrick is head of the electrical section in the mechanical/electrical branch of the design division. Philbrick says, "I feel that the money that we are spending in South Viet Nam and here in Thailand is some of the best money that our nation is spending on foreign aid. Thailand is very pro-western and these people are very friendly to Americans."

**Brigadier General David O. Byars, Jr.**, has been assigned to the military post in Buenos Aires, Argentina. Byars is a former ROTC head of the University.

**Second Lieutenant Ronald D. DeMars, '62**, has completed the United States Air Force course for supply officers at Amarillo Air Force Base, Texas. He is being reassigned to a permanent base for duty in his new technical specialty. He graduated from the University with a B.S. degree in business education.

**Second Lieutenant D. E. Lyle J. Schott, '61**, is being reassigned to McConnell Air Force Base, Kan., following his graduation from the United States Air Force course for missile launch offices at Sheppard Air Force Base, Texas. Lieutenant Schott learned the management of operations and maintenance activities and the principles of systems associated with the Titan II missile.

**David D. Anderson, '62**, has joined the Trane Company, Cleveland, Ohio, as sales engineer. Prior to receiving his field assignment, Anderson completed the Trane specialized graduate engineering program.

**Cadet Christian R. Johnson** has been named to the Commandment's Merit List for outstanding military achievement at the U. S. Air Force Academy. He has also been selected for the position of Flight Commander with the rank of Cadet Captain.

**Second Lieutenant Jayne E. Semour** has completed the orientation course for United States Air Force nurses at Gunter Air Force Base, Ala. She is being reassigned to a permanent base where she will join the nursing staff.

**Vernon F. Malley, '42**, has been promoted to district structural specialist of the Portland Cement Association, Los Angeles District. He joined the Association eight years ago after being a design engineer for C. F. Braun and Company, Alhambra, Calif.

**Dr. Robert Stanley Kneeshaw, '13**, lists his present address as 1962 University Drive, San Jose, Calif. Born in Pembina, Dr. Kneeshaw took his advanced medical training at the University of Chicago and Rush Medical College, and became a physician and surgeon in 1915.

He served as a Major in the Medical Corps in World War I, and as chairman of the Procurement of the state of California during World War II.

Active in community affairs, he has served as president of the California State Medical Association, president of the Santa Clara Medical Society, and member of the Parks and Recreation in Santa Clara County. He was voted citizen of the year in 1960.

Dr. Kneeshaw is a member of Kiwanis, Elks, Commonwealth Club, San Jose Country Club, Sigma Chi, Nu Sigma Nu, International College of Surgeons and World's Medical Association.

**Bob Johnson, '54**, is director of recreational activities at Cigli Air Force Base, Turkey. He is a civilian employee of the Air Force. Before his appointment, he was at Air Bases in South Dakota and Europe.

**Richard N. Youngblood, '58**, has been named North Dakota correspondent for the Minneapolis Tribune. Prior to his appointment, he was reporter-photographer with the Grand Forks Herald. He resides in Grand Forks with his wife, **Adele Henley Youngblood, '53**, and his son, Kent.

**Hamilton E. Englert, '35**, has been elected judge of the district court for the first judicial district, North Dakota. Englert is affiliated with Sigma Chi fraternity.

**Army Second Lieutenant David J. Butler, '62**, has completed the eight-week officer orientation course at the Armour Center, Fort Knox, Ky. He is a member of Delta Sigma Pi fraternity.

**Army First Lieutenant John P. Johnson, '56**, has completed the eight-week officer orientation course at the Armour Center, Fort Knox, Ky. He is a member of Mu Sigma Tau fraternity.

**James D. Lemay, '61**, was recently graduated from Air Force pilot training in Williams Air Force Base, Ariz., as number one in his class.

Second Lieutenant Lemay was an honor graduate from UND and was commissioned as a distinguished military graduate.

Married with two children, Lt. LeMay was assigned to Mather Air Force Base, Calif., for further training in multi-engine jet aircraft. From there he will go to Stead Air Force Base, Nev., for survival training and then to McGuire Air Force Base, N. J., for permanent assignment. While at UND, he was a member of International Demolay, Phi Eta Sigma, American Society of Mechanical Engineers, Tau Kappa Epsilon and United Campus Christian Fellowship chairman.

# U Alumni Make News Headlines

## - Authors -

**Mrs. J. A. Dreps (Hildegard Fried), '13**, book of poems, "Oars in Silver Water," has recently been published. Mrs. Dreps is the wife of Dr. J. A. Dreps, a member of the faculty of Northwest State College, Missouri. After graduation from UND, Mrs. Dreps attended the New York State School of Ceramics, then taught six years at UND. She got her master's degree at the University of Iowa, and last year attended the summer session at the University of Oslo, Norway, where she studied Norwegian art and culture.

**Dr. Howard A. Slaatte, '42**, is author of a new book to be released in August, "Time and Its End." Dr. Slaatte is visiting Professor of Philosophy at McMurry College, Abilene, Texas, prior to which he was Professor of Systematic Theology for five years at Temple University, Philadelphia. Released by Vantage Press of New York, the book reached the finals last year in the famous Bross Foundation national contest at Lake Forest College. Dr. Slaatte is a graduate of Kendall College, UND, and Drew University School of Theology. After eight years of graduate work at UND and Drew University, he spent 1949-50 at Oxford University, England, upon receiving the Pilling Fellowship. He has also studied in Paris, and served five years as pastor in Michigan.

**Irv Kupcinet** is the author of a book, "Kup's Chicago." In the early 1930's, Kupcinet came from Northwestern University to UND as a football player and publicity man for the UND athletic department. He played professional football with the Philadelphia Eagles. When a shoulder separation ended his professional career, Kupcinet returned to Chicago to become a sports writer with the Chicago Times. It later became the Sun-Times, for which Kupcinet is now gossip columnist. Irv Kupcinet now may be called "Doctor," having been honored by Lincoln College with the honorary degree of Doctor of Humane Letters.

**The Rev. Carroll E. Simcox, '33**, celebrated the 25th anniversary of his ordination to the priesthood of the Episcopal Church on January 29. He is Rector of St. Mary's Church, Tampa, Fla. Dr. Simcox's 10th major book has recently come off the press. It is entitled "The First Gospel," and is his own translation of the Greek text of St. Matthew, with commentary.

**Robert E. Walton, '57**, has been assigned to the position of Congressional Liaison Representative, U. S. Civil Service Commission. With offices in the House Office Building, he and his staff answer questions concerning the Federal personnel system for members of Congress and their constituents. He and his wife, the former **Alice Jane Johnson, '53**, and their son, Robert, Jr., live at 8610 Irvington Ave., Bethesda, Md.

**Dr. Reginald H. Smart, '27**, clinical professor of the University of Southern California Medical School, has been elected medical staff chairman of the Hospital of the Good Samaritan.

**Jane S. Werner, '62**, and **W. Thomas Robb, '62**, were married December 22, 1962 in Philadelphia, Pa. At present they are living at 380 Euclid Ave., Apt. 2, Oakland, Calif., where Mr. Robb is in the U. S. Navy Intelligence.

**Kent Kirby, '59**, won one of 12 awards in the 24th annual Exhibition of Contemporary American Paintings at the Society of the Four Arts in Palm Beach, Fla. His ink and chalk drawing was titled "The Last Buffalo" and is one of 95 selected for display from

more than 1,000 entries. Kirby is on the staff of the Alma College (Alma, Mich.) Art Department. A native of Fargo, he holds a degree from Carleton College and earned his M.A. from UND. He taught in the Fargo Public Schools from 1956 to 1959. His winning entry was purchased by the Grand Central Galley of New York City.

**Col. Eugene B. Myers**, recently became the deputy for academic instruction at the Air War College, U. S. Air Force. Prior to his return to the air college, Col. Myers was the director of personnel research and long-range plans, Headquarters, Air Force Systems Command, Andrews Air Force Base. Col. Myers received his first master's degree in education from UND; his second, in liberal arts from Northwestern University; his third, in administration and psychology from Teachers College, Columbia University. He is also a graduate of the advanced management program of the Harvard School of Business, and has done graduate work at Holly Royd College and Cambridge University, England, University of Oregon, and the University of Maryland. He is a graduate of the Air Command and Staff College and the Air War College.

## Senator Burdick Lauds University

Senator Quentin Burdick put in a plug for UND at an Interior Committee hearing on the nomination of Manuel F. L. Guerrero to be governor of Guam. Burdick noted that Guerrero had sent his three eldest children to the mainland because he felt this would give them a better chance to become close to "our American way of life."

"I think he used good judgment because he sent his children to the University of North Dakota," Burdick stated. The three Guerrero children who attended UND are Alfred, Rudolpho and Lolita. Lolita is married to Charles Huxel of Grand Forks.

## CLASS OF '63, '64, '65, '66

The Viggo Rytter family of Kenmare, N. Dak., is doing its part to keep enrollment booming at UND, particularly in the biology department. The Rytters have four children at UND: Lyla, class of '63; Mavis, class of '64; Russel, class of '65; and Darrel, class of '66. Mr. Rytter is a carpenter and operates a 380 acre farm near Kenmare.

## A Good Scout:

# General Helps Daughter in Brownie Sale

Girl Scout Calendars are selling everywhere, even in Izmir, Turkey.

Pictured here is Brownie Scout Margaret "Meg" Mudgett, eight-year-old daughter of Landsoutheast Chief of Staff, Brigadier General Charles F. Mudgett, Jr. Funds raised by the Brownie Troup in Izmir will be used to help for the scout activities in Turkey.

A native of Valley City, Mudgett received his degree in business administration at UND in 1933. Upon graduation he received his commission as a 2nd Lieutenant of Infantry. He entered active duty in 1940 at Fort Snelling, Minn., and became company commander in the 63rd Infantry of the 6th Division, Fort Leonard Wood, Missouri.

Mudgett departed from the U. S. in 1943 and participated in the Italian Campaign. He returned to the U. S. in 1959 and served at Fort Monroe, Virginia. In 1961, Mudgett arrived in Izmir, Turkey; where he assumed his present position as Chief of Staff, Headquarters Allied Land Forces, Southeastern Europe. It is a NATO command responsible for ground defense of Greece and Turkey.

He holds the Silver Star, Legion of Merit, Bronze Star with three oak leaf clusters and Valor Device, and Combat Infantryman's badge. The Mudgetts have three children, Joan, Carol and Margaret.

## Deaths

**Colonel Theodore F. Bee-man, '33**, was buried in Arlington National Cemetery Jan. 11, after funeral services at Fort Myers, Va. He died at Bethesda Naval Hospital, Md., from cancer. He was commissioned in the Marine Corps in 1939, and was a veteran of Pearl Harbor and World War II. He was a member of Delta Tau Delta fraternity.

**Robert George Wallin, '48**, was buried at Palm Cemetery, Winter Park, Fla., after death of leukemia at Winter Park Memorial Hospital, Fla. He set up law practice in 1957 in Florida, after practicing law in North Dakota for nine years.

**Dr. Orval L. McHaffie, '16**, a native of Grand Forks and founder of the West Duluth, Minn., Clinic, died Feb. 8 at Duluth. Dr. McHaffie was born in Grand Forks in 1894, earned his B.A. at UND and received his M.D. degree in 1918 from Northwestern University. He was past president of the Duluth Surgical Society and the St. Louis County Medical Society, and was honored in 1947 as a Fellow of the American College of Surgeons. His widow, Evelyn, survives, with a son, Richard, St. Paul; two daughters, Mrs. William Mickelson, Minneapolis, and Mrs. Edward T. Fride Jr., Duluth.

**Albert Kegan, '30**, died February 5 in Chicago, where he was a patent attorney under the firm name of Kegan and Kegan. He was an honor student and valedictorian of the 1926 class of Grand Forks Central High School, and received the Skulason scholarship at UND where he earned his B.A. degree. His wife survives, with two sons, Daniel, Philadelphia, and Frank, Evanston, Ill., and a daughter, Mrs. Richard Gardiner, New York City.

**Mrs. M. John Furlong (Cora Dean, '10)**, who was graduated with honors from UND, passed away Nov. 25, 1962 in California.

**Mrs. Albert Cook (Wilma E. Klintberg, '35)**, Bismarck, died Aug. 21, 1962. She is survived by her husband, who also attended UND, and two children, Dennis, a student at UND, and Judith, attending Bismarck Junior College.

**Mary Elizabeth Lavoy, '61**, was killed in an automobile accident on Aug. 13, 1962. She was a member of Delta Gamma, Phi Beta Kappa, Mortar Board and was awarded one of the 22 Memorial Student Union Board of Governors life passes. She had finished a year's work as a case worker in the adoption department of Catholic Charities in Denver, and had just accepted a scholarship for graduate work at the Catholic University, Washington, D. C.

**Owen D. Shively, '25**, Bozeman, Mont., died May 25, 1962. He earned his B.A. and M.A. at UND, and was division manager of the Adco Chemical Company for many years. He is survived by his widow and four children.

**Orville D. Patterson, '12**, of Houston, Texas, died Feb. 10, 1963 at the age of 73. He held the degree of Engineer of Mines, was a veteran of World War I, and was born at Portland, N. D. He lived in Houston for 42 years, and until retirement, he had been employed in civil engineering work.

**Andris Kramins, '61**, deceased April 29, 1962 in Los Angeles, Calif. He was the son of Rev. F. Kramins of the Faith Lutheran Church, West Fargo, N. D.

**Dr. Howard S. Cowley, '37**, passed away Nov. 9, 1962 in Mobile, Ala. He received his M.D. degree from Creighton University School of Medicine in 1941, and was a flight surgeon in the Air Force during World War II. He was a fellow in Neurosurgery at Mayo Clinic in 1953, certified by the American Board of Neurological Surgeons, a Fellow of the American College of Surgeons and International College of Surgeons. He is survived by his wife, three sons, a daughter, his parents and a brother.

## WIN SCHOLARSHIPS

Mrs. Nancy June Larson Lund of Kenmare and Larry Irwin of Max have received the first annual Hanson Honor Scholarships at UND, and each received the newly-established \$50 award given to a University senior majoring in secondary education. The award has been made possible by Lawrence Hanson, and his wife. Hanson is principal of Grand Forks Central High.

## New Dorm to Be Named In Honor of Cora Smith

The new women's dormitory being constructed at UND will be named after Cora Smith, a member of the first graduating class at UND, a former Grand Forks physician and a pioneer leader in women's suffrage.

The announcement was made by Dr. George W. Starcher, University president, following approval by the State Board of Higher Education.

After Miss Smith received a Bachelor of Science degree, she went to Boston University where she earned a degree in medicine. She returned to her home town of Grand Forks and practiced medicine here. Miss Smith is believed to have been one of the first women to perform surgery in either the Dakotas or Minnesota.

Miss Smith was a teacher, too. While still a senior at UND, she assisted a University instructor, Mrs. E. S.

Mott, in teaching classes of elementary arithmetic, geography, spelling and handwriting to help relieve the teacher shortage. Between 1888 and 1890 she conducted a daily class in girls' calisthenics.

After returning to Grand Forks as Dr. Cora Smith Eaton in the early 1890's, she also conducted a women's physical education course. In 1895 she directed a student variety show to help raise funds to keep the University open.

Later she practiced medicine and became a prominent suffragette of Boston, Los Angeles and Seattle. She lobbied for women's suffrage in North Dakota at the 1889 Constitutional Convention in Bismarck. At one time she served as treasurer of the Washington Equal Suffrage Association in Seattle. It was in 1920—during her lifetime—that women received the right to vote.

## NAME TOP WINNERS

James Challey, Valley City, and Sally Vogel, Mandan, won the top \$100 awards in the annual "Know Your State" awards competition held at UND in mid-January. The winners were selected from the 64 high school juniors and seniors who took the final exams.

## STUDENTS GET SMARTER

Nearly 15 per cent of the UND freshmen were named to the Dean's List in the University College first semester. A total of 175 freshmen attained a B average or higher and were enrolled in 12 hours or more of class, according to D. J. Robertson, dean of University College (freshman division at UND).

**EARNs CAPTAIN'S BARS:** Ernest J. Dvorak, '58, center, is all smiles as he receives his promotion to the rank of captain. He is a student at the Officers Department of the U. S. Army Signal Center and School, Fort Monmouth, N. J.

## Where Do UND Alumni Live?

The question is often asked, "Where do those who have attended the University of North Dakota go when they have completed their college studies?"

The Alumni office has made a study, based on a survey of 24,000 former students out of 51,000, and a check of these records reveal some very interesting facts.

Another impression prevails that these former UND-ers leave the state as soon as they receive their education. This impression of a "wholesale exodus" is not substantiated by the survey, which shows that 42.8 percent of all persons who attended UND remain in the state.

No doubt, a larger percentage would have remained if there were more opportunities to utilize their talents. Those preparing for the professional fields must seek positions where their talents are in demand.

Many have heeded Horace Greeley's advice and headed west. Others have been imbued with the Viking spirit and have found new fields in other parts of the nation.

Anyway, 42.8 of these former students remain in North Dakota, with most of them attracted to the larger centers of population. Grand Forks leads, as would be anticipated, with 21.3 percent of the former students who reside in our state. Fargo follows with 7.5 percent. Bismarck has 6.4 percent, and Minot follows with 4.6 percent.

These four cities have 40 percent of the former students, with the balance found in the other cities, villages and farms of North Dakota.

The proximity of Minnesota has found many attending UND, and the Gopher state holds second place with 17.6 percent of our former students.

California has attracted many of the former students with its milder climate and industrialization, and ranks third with 9.3 percent of the number residing there. Washington State is fourth.

Every state in the union has some person who attended UND. Canada leads the number of students coming from foreign countries, and has 1.4 percent of our graduates. Island possessions, foreign countries, and people living abroad in the government service account for one percent. New York state has the

largest percentage of the northeastern area with 1.2 percent of the total, while Florida leads the southeastern part of the U.S.A.

The states which have attracted the greatest number of former students (except North Dakota) are Minnesota, California, Washington, Montana, Wisconsin, Oregon, South Dakota, Michigan and Colorado. States having the least "drawing power" are Maine, West Virginia, New Hampshire, Vermont, Rhode Island, Mississippi, Arkansas, Tennessee, Kentucky and Louisiana.

Though the claim is sometimes made that the state institutions are educating our sons and daughters for the other states, one must realize that many graduates of institutions of other states have migrated to North Dakota. These "imports" offset the students of North Dakota's higher institutions of higher learning who move to other states.

## NAMED CLASS PREXY

Roge Bye, Gilby, N. Dak., an economics major, has been elected senior class president at UND. Serving with him are Gene Murphy of New Brunswick, N. J., and Rancy Boyd-Snee of Bismarck. The officers assist the UND commencement committee in planning the June graduation exercises.

## AID LAW STUDENTS

The Law School Foundation, providing aid for needy students at the UND Law School, issued 15 loans totaling \$10,300 in 1962, the first year of its operation.

## 3 Elected to Williston Board

Harry Polk, Arley Bjella and Art Link have been elected to the Board of Directors of the University Foundation of Williston, and join six other members of the nine-member board. Other board members are Dr. W. A. Wright, Leonard T. Havig, Dr. E. J. Hagen, W. S. Davidson Jr., and S. A. Forseth, all of Williston. Ben G. Gustafson, extension division director of UND, serves as an ex-officio member. The board supervises the handling of donations and bequests for construction of University Center buildings in Williston at some future time, and to provide loans and scholarships for students.

## HONORS DAY SPEAKER

John Ciardi, poetry editor of Saturday Review and one of the nation's foremost literary critics, will be the UND Honors Day speaker on April 8. Honors Day is held each year to give public recognition to those students who have achieved high academic standing and been named to one of various honor societies.

## ACTION ON AGING

A state-wide organization for the aging in North Dakota, headed by a full-time coordinator, has been proposed, with several other "priorities for action" in a newly-published booklet, edited by Dr. W. Levi Cash, Jr., associate professor of psychology at UND. Copies of the report can be obtained from Mental Health Authority of the State Department of Health, Bismarck, North Dakota.

## African Science Student from Ghana Will Set Up Biochemistry Dept. in Native Land

An African student from Ghana who received a master of science degree from UND last August, will soon return to his country to set up a biochemistry department in a newly-established medical school.

He is Kwame Buahene of Kumasi, Ghana, West Africa. He will leave UND early next year for the University College of Ghana in Accra, Ghana, where he will be in charge of the project. Buahene is one

## ● News Notes ●

### PLAN INSTITUTE

The University of North Dakota will conduct a seventh consecutive Summer Institute for High School Teachers of Science and Mathematics this summer under an \$81,000 grant from the National Science Foundation (NSF).

This is the second grant in the past two months received from NSF for science institutes at UND. A \$251,400 grant was awarded in October for a fourth academic year institute beginning next fall. J. Donald Henderson, professor of physics and science teaching, directs the institutes.

### ASSISTS ON BOOK

A former University of North Dakota student assisted in publication of a special issue of Ideal Publishing Corporation called "The Kennedys." She is Muriel Babcock, editorial director for Ideal.

A native of Fargo, she attended the University from 1918 to 1920. While in North Dakota she worked for the Grand Forks Herald and Fargo Forum. From North Dakota she went to the West Coast and worked on several publications. She then went to New York where she eventually assumed her position with Ideal.

### ENROLLMENT RECORD

A total of 4,476 students are enrolled at UND for the second semester of this year, setting a record high. The figure is about 300 less than the total for the first semester. Approximately 3,000 are men and 1,500 are women.

of three students from Ghana working toward graduate degrees in the U. S.

He came to UND in January, 1961 and has been working with Dr. W. E. Cornatzer, biochemistry department chairman and Ireland Research Laboratory director. He has been doing research work on fats of cellular components of the liver using radioactive isotopes in tracing the synthesis of these fat molecules.

## Dr. Grinnel Elected to British Arts Society

DR. JOHN E. GRINNELL

Dr. John Erle Grinnell, vice president for operations of Southern Illinois University's Carbondale campus, has been elected to membership in Great Britain's exclusive Royal Society of Arts. He is a brother of Dr. E. L. Grinnell, medical doctor of Grand Forks, who is a past president of the UND Alumni Association.

Dr. John Grinnell was named a "Fellow" of the 200 year-old-society, which is sponsored by the Royal Family of England. He states that he does not know who nominated him, but presumes it was one of the British scholars with whom he was associated while serving as chief of the liberal arts section of Biarritz American University in France during the closing days of World War II.

As a member of the Royal Society, Dr. John Grinnell joins a select list of Americans so honored, including Benjamin Franklin and Alexander Graham Bell. A history of the organization states it was started at a coffee house in London in 1754 as the "Society for the Encouragement of the Arts, Manufactures and Commerce," later shortened to the Royal Society of Arts. In 1950, it had nearly 6,000 members, mostly in the British Commonwealth.

Dr. Grinnell, now entitled to add the initials FRSA following his name, said he hoped to attend a meeting of the society in England this

summer. A son, Alan, is studying at the University of London, on a post-doctoral fellowship.

A distinguished scholar and administrator, Dr. John Grinnell is author of numerous books and articles in the field of education. He received his M.A. at the University of Minnesota and his doctorate at Stanford University. He served as principal in several North Dakota and Minnesota high schools, and was dean of the North Dakota School of Forestry for three years. He also served six years as director of liberal arts and education at Stout Institute.

For 17 years, Dr. Grinnell was dean of instruction at Indiana State College, served as chief of the Liberal Arts section at Biarritz University, and as director of rural education and teacher training programs in Panama for the U. S. State Department.

He is presently a member of the important commission on Research and Services for the North Central Association of Colleges and Secondary Schools, and has served several years on a committee for the promotion of International Universities in America.

### SERVES ON PANEL

Dr. Christopher J. Hamre, chairman of the department of anatomy and dean of the UND graduate school, attended a meeting of the National Science Foundation Graduate Fellowship Evaluation Panel in Washington, D. C., during February. The panel evaluated applications from graduate students and prospective graduate students to determine who will receive the regular NSF fellowships for 1963-64. This marks the first time that a University faculty member has served on the national panel.

### WANT TO GO TO EUROPE?

To all who are interested in a European tour: Arrangements are being made for a UND tour to Europe starting on July 30th, 1963. If interested write the alumni office at once for details.

## Old Coulee Bridge [Sob] Ends 23-Year Service

The Bridge over the River Coulee sunk slowly and quietly to the ice with barely a groan Tuesday (Jan. 29, 1963).

"She looked like she was kneeling down to pray," a worker murmured wistfully.

Although only a footbridge over the stream which winds through the western edge of the University of North Dakota campus, the wood span was for 22 years a favorite spot for artists, photographers, and readers of romantic prose and poetry.

It served as a vantage point for spring tug-of-war contests over the Coulee, an idyllic science for contemplation and meditation and a popular rendezvous for moon-light dates.

Its days were numbered ever since it was condemned in July, 1961. The beams were splitting, causing the structure to sag, said officials of the Buildings and Grounds Department. Barricades were mysteriously torn down each time they were replaced. A wire mesh fence was secured to both entrances last summer.

"She was solid enough to run a locomotive over her," said the builder of the bridge, Harry W. Tannahill, as he re-

called its early days. Tannahill retired last year as UND chief power plant engineer after serving the University for 52 years.

The bridge was built in 1941 under unusual circumstances. The engineering students under the supervision of civil engineering professor Alfred Boyd designed the bridge and were to construct it. The government had furnished the materials to provide work for needy students, said Tannahill.

"The materials laid on the Coulee bank until summer when most of the students went home. So I was asked to build it," he said.

And he did. With one helper Tannahill put up the 50-foot bridge in less than a week.

It held up under student gymnastics, flood waters and grinding blocks of ice. It was patched and repatched, but it never yielded until Tuesday when two powerful road graders pulled it off the foundation.

University officials are developing plans for a new bridge. It will take time, however, for a new bridge to accumulate the sentiments and memories the old span held within its bosom.
