RE: Annual Report for 2002-2003

The Continuing Education Committee met on November 19, 2002, February 18, 2003, and April 16, 2003. Members of the Senate Continuing Education, Distance Education and Outreach Committee this year were:

Richard Ferraro
Mary Coleman
Mark Guy
Sukhvarsh Jerath
Stephen Johnson
Barbara Knight
Katrina Meyer
Douglas Munski
Mike Briggs (off-campus student)
Janet Rex
Jim Shaeffer

The following are highlights of the topics reported to and discussed by the Committee during the year.

*Discussion of electronic services for students both on and off campus. The committee reviewed best practices from institutions like Washington State University and discussed which services should be available on the Internet and what should be available face-to-face.

*Review of the Division of Continuing Education's Annual Report and Strategic Plan. The Annual Report outlines either steady or growing enrollments and the addition of new off-campus degree programs as well as new non-credit programs.

*Incentives for faculty were also discussed in relation to UND reaching the strategic goal of 1800 student headcount from off campus enrollments. This is an area that the committee will monitor and discuss as new revenue models are discussed within the Council of Deans.

*Assessment of courses offered at a distance was also addressed by the committee. Associate Provost worked with the committee in outlining assessment processes at UND and how UND's off campus programs need to fall within the process. Modifications have been made to assessment instruments for programs delivered at a distance to fit within the UND processes.

MEMORANDUM

October 30, 2003

TO: Walter Tschacher, Chair
University Senate

FROM: Jane R. Dunlevy, Chair
Conflict of Interest Committee

RE: Conflict of Interest Committee Membership

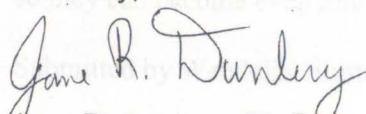

According to Senate policy, the membership of the Senate Conflict of Interest/Scientific Misconduct Committee consists of five faculty members plus the Director of the Office of Research and Program Development (non-voting, ex-officio member), with approximately one-third of the members replaced each year. Currently, with only five voting members, it is difficult to obtain a quorum for meetings.

A motion was made and approved at the September 18, 2003, Committee meeting, that a recommendation be made to the University Senate to increase the membership of the Conflict of Interest/Scientific Misconduct Committee from five to six faculty members, with one-third of the faculty members to be replaced each year, beginning with the 2004-2005 Academic Year. The Committee also would like to retain a quorum of 3.

Since the University now has a Vice President for Research, the position of the Director of the Office of Research and Program Development will become the Associate Vice President for Research when it is filled in 2004. Therefore, the Committee recommends that the Director of the Office of Research and Program Development (the current ex officio Committee member) be replaced with the Vice President for Research or his/her designee.

Thank you for considering our proposal.

Sincerely,

Jane R. Dunlevy, Ph.D.
Assistant Professor

November 2003

Report from the UND Harassment Policy Subcommittee

The Harassment Policy Subcommittee is composed of a diverse group of members representing faculty, staff, student, and administrative positions. The committee members were chosen with Presidential approval and we have just started forming a working relationship. The committee members include:

Leigh Jeanotte – Chair (American Indian Center),
Wendelin Hume – Recorder (Senate/Women Studies),
Leif Bergerud (student representative),
Matsimela Changa Diop (Multicultural Student Services),
Julie Evans (legal counsel),
Kay Mendick (Women's Center),
Sally Page (Affirmative Action),
and Faythe Thureen (Senate/Languages).

The scheduling of meetings has been very difficult. The committee has met twice this semester and has two more meetings scheduled prior to the end of the year. The committee would like to solicit feedback about the current policies from UND community members during the spring 2004 semester, as it goes over the policies to recommend possible improvements.

To accomplish the **spirit** of the charge it was given by the UND Senate, the committee would like the Senate to broaden its charge to the committee and allow more time to accomplish the charge. Specifically, this committee would like the charge to include solicitation of a broad range of input about the policies from UND community members, a request to obtain copies of "lower level" policies in place in various departments and colleges (those which would apply before the concern reaches the level of the overall policy being examined by the committee), and an extension of the time until May 2004 to complete the original charge and this new expanded charge.

If the new charge is approved; at the next meeting the committee will finalize plans of how input will be solicited during the Spring 2004 semester and members will begin discussing the materials they already have to consider such as the current policies, the previous Senate Ad Hoc Committee recommendations, and examples of policies at other institutions. While the committee, which was formed in the midst of the Fall semester, has had difficulty scheduling meeting times and agreeing on a direction to take it seems that various perspectives have been aired and received and now some serious work can begin. We hope you will allow us to encourage the UND community to look at these policies and become informed and that you will give us the time to improve these policies so they can become even more effective for the UND campus.

Submitted by Wendelin Hume, Recorder
