Included here is an index to the articles that have appeared in Volumes 18–38 of these work papers and the associated supplements. For earlier volumes, see the Index of Vols. 1–17 of the Workpapers of SIL-UND, published in Volume 18 (1974), pp. vii–xii.

The index is in three sections. Section 1 lists the volumes chronologically, giving volume number, year of publication, and editor(s). Section 2 lists individual articles by author and year. (To construct a full bibliographic citation for an article, combine relevant information from both sections.) Section 3 is an index by language.
