TO: Members of the Senate
FROM: Scott Correll, Secretary of the Senate
SUBJECT: Senate Meeting on May 7, 2020
DATE: April 30, 2020

The March meeting of the University Senate will be held on Thursday, May 7, 2020 at 3:30 p.m. on Zoom (link to be provided in upcoming e-mail).

CALL TO ORDER (Chair VanLooy)

AGENDA

SENATE CALENDAR:

- 1) Chair Opening Remarks:
 - a. Senate Chairs Announcements
 - a. HLC 10 Year Accreditation and Plan (Tim Burrows) (attachment)
 - b. GERTA+/Alternative Gen Ed Program (attachment: NDUS Policy 403.7 and NDUS Procedure 403.7.1)
 - b. Council of College Faculties Update
 - c. Staff Senate Update
 - d. Student Government Update
 - e. Provost DiLorenzo
- 2) Establish Quorum (Secretary Correll)
- 3) Review and approval of April 2, 2020 USenate minutes (attachment)
- 4) Senate Executive Committee Report (Chair VanLooy)
 - a. Summer Online Course Checklist
 - b. University Assessment Plan
 - c. AU – ABC Essential Studies Breadth of Knowledge Waiver
- 5) Question period

CONSENT CALENDAR:

- 6) Scholarly Activities Committee Annual Report (attachment)
- 7) Online and Distance Education Committee Annual Report (attachment)

BUSINESS CALENDAR:

- 8) Degree Candidates for Spring 2020 Graduation (attachment)
- 9) University Assessment Plan (attachment)
- 10) AU – ABC Essential Studies Breadth of Knowledge Waiver (attachment)
- 11) Curriculum Committee, Request for Approval (attachment)

Plan and Timeline for 10-year Assurance Argument Writing: Due June 1st 2023

UND is nearing the 10 year comprehensive evaluation date for HLC reaffirmation for our institutional accreditation in 2023. The ten year reaffirmation process is much more robust than the fourth-year report. Not only does the ten-year process cover all aspects of the HLC Criteria and federal compliance, but it also includes an on-site visit by HLC reviewers. Significant deficiencies in this portion of the process can result in a monitoring report and removal from the Open-Pathway.

Communication Plan

- Inform executive leadership team, senate executive committee, and staff senate leaders of HLC process and timeline in April 2020.
- Inform campus of HLC 10 year comprehensive evaluation process through a UND Today Story and/or University Letter in April 2020.
- Distribute a call for HLC Assurance Argument Team members and co-writers in April 2020. Team members will come from units pertaining to the individual criterion (see criteria and team membership by area below). The ideal team will consist of 2 experienced writers/reviewers and 2 to 3 new writers to provide a mixture of past experience and new knowledge for future accreditation visits. Teams will be selected by the Director of Assessment and Accreditation and Senior Vice Provost. Selection will occur in May 2020.

Suggest Representation for Writing Teams by Criteria*:

- *Criteria One. Mission*– Faculty, Student Affairs, Finance, University Planning (a high level administrator such as dean, AVP, or VP), & Academic Affairs
- *Criteria Two Integrity: Ethical and Responsible Conduct* – 3 Faculty, Finance, and University Planning (a high level administrator such as dean, AVP, or VP)
- *Criteria Three. Teaching & Learning: Quality, Resources and Support* – 3 faculty and 1 Student Affairs, and Office of Analytics & Planning
- *Criteria Four. Teaching & Learning: Evaluation & Improvement* – 2 faculty, 1 Student Affairs, Analytics and University Planning (a high level administrator such as dean, AVP, or VP), and Registrar
- *Criteria Five. Resources, Planning & Institutional Effectiveness* – Faculty, Office of Analytics & Planning, Finance, University Planning (a high level administrator such as dean, AVP, or VP), & Academic Affairs
- *Federal Compliance* – Registrar, Office of Analytics & Planning, Office of Equal Opportunity & Title IX, Financial Aid (Title IV), and Faculty representation

**Note: These are subject to change based on any revisions to the HLC Criteria.*

Timeline:

April 2020 – Campus communication and call for HLC team members and co-writers.

May 2020 – The teams and co-writers will be announced by the Provost and President.

July 2020 – Meeting with Tim Burrows (Accreditation Liaison Officer and Director of Assessment), Debbie Storrs (Senior Vice Provost) and President Armacost to discuss reaffirmation plan and to ensure he understands his role and HLC offerings for new Chief Executive Officers. President Armacost will have a role to play with the on-site visit and be a part of several meetings. This meeting also acts to begin a relationship that has been absent in the past, but should be in place (normal for institutions in the HLC portfolio and recommended practice).

September 2020 – HLC Assurance Writing Team meeting to discuss roles, responsibilities, and timeline of activities. Team members will be provided links to the HLC documents for review. Links to HLC exemplar Assurance Arguments will also be provided to guide the writing process.

February through March 2021 – Provide training for each individual team to cover their area of responsibility. Training will highlight each criterion and provide approved examples of evidence. Slides from HLC training will also be provided.

April 2021 – First team to go to HLC conference (experienced writers and reviewers). One representative from each of the 5 Criteria teams. These individuals will be designated as Team Leaders.

April 2022 – Second team to go to HLC conference (novice writers and reviewers). One representative from each of the 5 Criteria teams. These individuals will be designated as Assistant/Alternate Team Leaders.

June 2022 – Begin the writing process for each section of the Assurance Argument (team leads will be on contract and compensated). Hire external consultant for assistance with reviewing the document.

February 2023 – Complete draft for review by Provost Office and President. Finalize drafts and upload supporting documentation in time for the June submission.

Submit Assurance Argument no later than June 1, 2023

**NORTH DAKOTA STATE BOARD OF HIGHER EDUCATION
POLICY MANUAL**

SUBJECT: ACADEMIC AFFAIRS

EFFECTIVE: November 19, 2009

Section: 403.7 Common General Education Requirement and Transfer of General Education Credits

1. The following common general education requirement applies to all Associate of Arts, Associate of Science and Bachelor's degrees, except the Bachelor of Applied Science degree at NDUS institutions:

General Education Area	Minimum Required Lower Division Semester Hours
Communications	9
Arts & Humanities	6
Social Sciences	6
Mathematics, Science & Technology	9
Institutional Specific (must be chosen from one of the following four categories: communication, social sciences, arts and humanities, or mathematics/science & technology)	6
Total	<hr/> 36

2. Within the stipulated general education areas, each institution shall indicate in its catalog and other student advisement materials the institution's courses approved for general education. NDUS institutions may establish program and institution specific general education requirements in addition to the requirement stated in SBHE Policy 403.7(1).
3. General education courses accepted by any NDUS institution count upon transfer toward the general education requirement at all institutions in one of the following ways:
 - a. A student is deemed to have completed the lower division general education requirement of the institution to which the courses are transferred if the general education course work meets the general education requirement of the institution from which the student transfers and satisfies the common general education requirement stated in SBHE Policy 403.7(1). Students completing Associate in Science and Associate in Arts degrees at NDUS institutions meet the lower division general education requirements identified in SBHE Policy 403.7(1).
 - b. Receiving institutions may also choose to grant general education requirement completion by combining the transferred general education courses from multiple institutions, based on the requirements listed above in SBHE Policy 403.7(1).
 - c. In all other cases, general education courses from the areas in SBHE Policy 403.7(1) apply to the appropriate general education requirement of the institution to which the

courses are transferred and the number of credits required to complete the general education requirement in each area is determined by the policies of the institution to which the courses are transferred; or

- d. Pursuant to guidelines established by the Chancellor for the acceptance of advanced placement (AP), college level examination program (CLEP), international baccalaureate (IB) and DAN TES subject standardized tests (DSST) scores for academic credit.
4. Articulation agreements between the NDUS and other institutions may enable the transfer of general education credits as a completed unit pursuant to guidelines established by the Chancellor.
 5. Upon review and recommendation for approval by the North Dakota General Education Council and the Academic Affairs Council and with the approval of the NDUS Chancellor, an NDUS institution may offer an alternative general education program, providing it includes all of the LEAP Essential Learning Outcomes approved by the North Dakota General Education Council and it totals at least 36 semester credits.
 - a. Any credits earned for general education at a University System institution or any participating GERTA institution under an approved alternative general education program will be accepted for general education credit by all University System institutions or all participating GERTA institutions.
 - b. A student is deemed to have completed the lower division general education requirement of the institution to which the courses are transferred if the general education course work satisfies an alternative general education program approved under subsection 5. Students completing Associate in Science and Associate in Arts degrees at system campuses meet the lower division alternative general education program approved under subsection 5.
 - c. Alternative general education programs approved under section 5 may also choose to grant general education requirement completion by combining the transferred general education courses from multiple institutions.
 - d. General education courses from an alternative general education program, approved under subsection 5, apply to the appropriate general education requirement of the institution to which the courses are transferred. Credit required for completing any alternative education program should be consistent with each General Education Area specified in subsection 1 or each of the LEAP Essential Learning Outcomes approved by the North Dakota General Education Council, either by including credits from courses in each area of subsection 1 or by aligning outcomes achieved to each General Education Area
 - e. Alternate general education programs are permitted to accept scores for academic credit as outlined in the Chancellor's guidelines for acceptance of Advanced Placement (AP), College Level Examination Program (CLEP), International

Baccalaureate (IB) and DANTES Subject Standardized Tests (DSST) scores for academic credit.

**NORTH DAKOTA UNIVERSITY SYSTEM
PROCEDURES MANUAL**

Subject: ACADEMIC AFFAIRS

Effective: March 13, 2019

Procedure: 403.7.1 GERTA Inclusion, Additions, Deletions, and Changes

The Director of Academic Affairs will communicate decisions and discuss procedures with applying campuses.

The following guidelines implement SBHE Policy 403.7, relating to Common General Education Requirement and Transfer of General Education Credits.

GERTA, commonly referred to as the Gold and Silver Pages, is an academic representation of a common general education agreement that has been adopted by all institutions of the North Dakota University System as well as by other associated institutions. Additions, deletions and changes to this agreement are limited and must be made in the following manner.

I. Request for inclusion of new institutions into the GERTA:

1. Campuses requesting inclusion in the GERTA will shall submit materials to the North Dakota University System director (referred to as the “director”) through email. Materials must be submitted by March 15 to be considered for the summer change cycle (Cycle 1) or by October 15 to be considered for the winter change cycle (Cycle 2). Materials to be submitted shall include:
 - a. A letter of request stating the institution’s desire to take part in GERTA
 - b. An outline of the institution’s General Education Requirements (the institution’s Gold Page) using the following format.

General Education Area	Minimum Required Semester Hours
Communications	9
Arts & Humanities	6
Social Sciences	6
Mathematics, Science & Technology	9
Institutional Specific (must be selected from one or more of the areas above: Communications, Arts & Humanities, Social Sciences or Mathematics/Science & Technology.)	6
Total	36

- c. The list of courses (the institution’s Silver Pages) that satisfy the basic requirements listed above using the following ten subcategories:
 - A. Communications:
 1. ND:ENGL (English Example: English Composition)

2. ND:COMM (Communication Examples: Speech, Public Speaking)
- B. Arts and Humanities:
 3. ND:FA (Fine Arts Examples: Two-Dimensional Design, Band, Acting)
 5. 4. ND:HUM (Humanities Examples: Literature, Languages, Philosophy,)ND:HIST (History Example: American History). Institutions may apply ND:HIST to either Arts and Humanities or Social Science subcategories.
- C. Social Science:
 6. ND:HIST Institutions may apply ND:HIST to either Arts and Humanities or Social Science subcategories.6. ND:SS (Social Science Examples: Anthropology, Economics, Political Science Sociology, Psychology, Social Work)
- D. Mathematics, Science and/or Technology:
 7. ND:MATH (Mathematics Examples: College Algebra, Calculus I)
 8. ND:SCI (Science Example: Soil Science, Human Biology)
 9. ND:LABSC (Lab Science Example: General Biology, General Chemistry, Physical Geology. Must have a lab component.)
 10. ND:COMPSC (Computer Science Example: Introduction to Computers, Beginning COBOL.)
- d. Course syllabi for each course submitted.
2. The director shall suggest the Common Course Number equivalents for courses presented as necessary.
3. The director shall forward all documents to campus registrars by April 1 (Cycle 1) or November 1 (Cycle 2).
4. Campus registrars shall send queries to appropriate departments and/or committees for review and comments.
5. Registrars shall return written responses with suggestions for changes to the director by May 15 (Cycle 1) or by November 15 (Cycle 2).
6. The director shall discuss the responses with the registrars and the registrars shall submit their recommendations to the director through a formal vote. The director shall consider the registrars' recommendations and forward their recommendations to the vice chancellor for academic and student affairs (referred to as the "vice chancellor"), with special notation for unanimous votes.
 - a. The vice chancellor shall advise the Academic Affairs Council (AAC) of unanimous votes of the registrars.
 - b. If the registrar's vote is not unanimous, the director shall make a recommendation to the vice chancellor who shall consult the AAC. The AAC shall make a recommendation to the vice chancellor.
7. The chancellor shall make the final decision concerning the institution's addition to GERTA and notify the director of the final decision.
8. The director shall notify registrars by email.
9. Registrars should update their bound copies of GERTA to show all changes and effective dates for the changes.
10. The director shall ensure updates to GERTA are made on the Web and in the bound copies maintained by the system office.

II. Request for changes to existing campus Gold Pages GERTA listings:

1. Complete a [GERTA Request Form](#) and submit electronically to the director by March 15 (Cycle 1), October 15 (Cycle 2).
2. The director shall ensure compliance with SBHE policy with the additions, changes or deletions.
3. The director shall make a recommendation concerning the requests to the vice chancellor, who shall forward the information to the AAC. The AAC shall make a recommendation to the chancellor, who will make the final decision.
4. The chancellor shall notify the director of the final decision and the director will notify registrars by email.
5. Registrars should update their bound copies of GERTA to show all changes and the effective dates of the changes.
6. The director shall ensure updates to GERTA are made on the Web and in the bound copies maintained by the system office.

III. Request for additions to existing campus Silver Page GERTA listings:

1. Complete a [GERTA Request Form](#) and submit electronically to director by March 15 (Cycle 1), October 15 (Cycle 2).
2. Attach an electronic copy of the course syllabus to the GERTA request form.
3. The director shall forward all documents to campus registrars by April 1 (Cycle 1) or by November 1 (Cycle 2).
4. Campus registrars shall send queries to appropriate departments for review and comments.
5. Registrars shall return responses with suggestions for change and/or resubmission to the director by May 15 (Cycle 1) or by November 15 (Cycle 2).
 - a. The reason for any rejection as well as suggestions for change must be stated in writing. All concerns and questions must be forwarded to the director by May 15 (Cycle 1) or by November 15 (Cycle 2).
 - b. Rejections shall be forwarded to the campus requesting additions.
6. The director shall discuss the responses with the registrars and the registrars shall forward recommendations to the director through a formal vote.
7. The director shall forward the registrars' recommendations to the vice chancellor and the AAC.
 - a. The vice chancellor shall advise the AAC of unanimous votes from the registrars.
 - b. If the registrars vote is not unanimous, the proposed additions shall be forwarded to the vice chancellor and the AAC, along with a recommendation from the director. The AAC will make a recommendation about the courses to the chancellor.
8. The chancellor shall make the final decision and the director shall notify the registrars.
9. Registrars should update their bound copies to show the changes and the effective dates of the changes.
10. The director shall ensure updates to GERTA are made on the Web and in the bound copies maintained by the system office.

IV. Request for changes to existing campus Silver Page GERTA listings:

1. Complete a [GERTA Request Form](#) and submit electronically to director by March 15 (Cycle 1) or by October 15 (Cycle 2).

2. Extensive changes such as restructured curriculum or extensive changes to a course syllabus shall follow the same guidelines as the request for additions to existing campus Silver Pages GERTA listings above.
3. Simple changes such as changes to the number of course credits, changes to title or changes to course number shall be controlled by the director.
4. The director shall forward these changes to the vice chancellor and the registrars by email.
5. Registrars should update their bound copies to show the changes and the effective dates of the changes.
6. The director shall ensure updates to GERTA are made on the Web and in the bound copies maintained by the system office.

V. Request for deletions to the existing campus Silver Page GERTA listings:

1. Complete a [GERTA Request Form](#) and submit electronically to director by March 15 (Cycle 1) or by October 15 (Cycle 2).
2. The director shall ensure compliance with SBHE policy.
3. Deletions that will make a significant impact on the structure of GERTA (as determined by the director) shall follow the same guidelines as the request for additions to existing campus Silver Pages GERTA listings above and require a formal vote of the registrars. Determining the level of impact will be the responsibility of the director.
4. Deletions that will not significantly impact the structure of GERTA shall be removed from GERTA by the director.
5. The director shall forward the institution's list of deleted courses to the vice chancellor and the registrars by email.
6. Registrars should update their bound copies of GERTA to reflect the change and the date of the change.
7. The director shall ensure updates to GERTA are made on the Web and in the found copies maintained by the System office.

VI. Alternative General Education Program

1. The Chief Academic Officer of a participating NDUS General Education Requirement Transfer Agreement (GERTA) institution may propose an Alternative General Education Program (AGEP), in Gold Page format, as allowed by SBHE Policy 403.7 #5.
2. The AGEP must be submitted to the ND General Education Council (NDGEC) for approval. The NDGEC must ensure the AGEP meets the following criteria:
 - a. Requires at least 36 semester hours of college credit;
 - b. Satisfies all of the following LEAP Essential Learning Outcomes approved by the NDGEC:
 1. Written Communication
 2. Oral Communication,
 3. Quantitative Literacy,
 4. Critical and Creative Thinking, and
 5. Breadth of Knowledge; and
 - c. Is approved by a majority vote of the participating GERTA institutions Registrars.

- d. Upholds the principles of the NDUS GERTA framework, both in terms of educational quality and ease of transferability.
3. Upon approval through a majority vote of the NDGEC, the AGEP will be presented by the proposing campus to the Academic Affairs Council who will submit a recommendation to the Chancellor to permit or deny the AGEP.
4. Upon approval by the Chancellor, the NDUS Director of Academic and Student Affairs shall notify the Registrar of each participating GERTA institution. The notice shall include the name of the sponsoring campus, the AGEP, and sufficient information to ensure the efficiency of credit transfer between GERTA institutions. An outline of the institution's AGEP shall be included in the institution's Gold Pages
5. A Chancellor approved AGEP shall be subject to ongoing review by the NDGEC and require reapproval by the Academic Affairs Council, which will seek the advice and input of the NDGEC, during its fourth year of existence. The Chancellor may rescind the approval of an institution's AGEP.

Minutes of the University Senate Meeting
April 2, 2020

1.

The April meeting of the University Senate was held at 3:30 p.m. on Thursday, April 2, 2020 remotely via Zoom Conference. Chair Jeffrey VanLooy presided.

2.

The following members of the Senate were present:

Alberts, Crystal	Iiams, Michele	Orvedal, Casey
Bailey, Tamba-Kuui	Iseminger, Colt	Pedersen, Daphne
Bateman, Connie	Jendrysik, Mark	Petros, Tom
Bjerke, Elizabeth	Jeno, Susan	Pierce, David
Blackburn, Royce	Juntunen, Cindy	Robinson, Julie
Carlson, Craig	Kolodka, Edward	Rundquist, Bradley
Clauson, Tyler	Legerski, Elizabeth	Sauer, Michelle
Correll, Scott	Lian, Gracie	Shivers, Jed
DiLorenzo, Thomas	Linder, Meloney	Shogren, Maridee
Dodge, Michael	Lindseth, Paul	Sum, Paul
Du, Guodong	Liu, Jun	Tavakolian, Kouhyar
Dusenbury, Mark	Maine, Whitney	Ternus, Matthew
Ernst, Julia	Matz, Adam	Thorson, Erika
Eilts, Caleb	McGinniss, Mike	VanLooy, Jeff
Gable, Christopher	Meek, Steve	Walker, Stephanie
Gosnold, William	Mihelich, John	Wasylow, Megan
Halcrow, Steven	Millspaugh, Richard	Wild, Brandon
Halgren, Cara	Nonte, Stephen	Wolfgram, Meaghan
Heitkamp, Thomasine	Oancea, Cristina	Yang, Cai Xia
Hoffmann, Mark	Olson, Devon	Zhao, Julia
Hume, Wendelin	Oltz, Tammy	

3.

The following members of the Senate were absent:

Delhommelle, Jerome	Khavanin, Mohammad	Self, Noah
Gilbertson, Ryan	Kostrzewski, Diana	Sens, Donald
Gjellstad, Melissa	McLean, Riley	Sens, Mary Ann
Gjerde, Quinten	Mochoruk, James	Tande, Brian
Henley, Amy	Munski, Doug	Wilson, Nick
Kassow, Benjamin	Murphy, Eric	Wynne, Joshua
Keengwe, Jared	Mussehl, Anthony	
Kaste, Grant	Neubert, Jeremiah	

4.

Mr. VanLooy made the following announcements and introduced the following guests:

- a) Mr. VanLooy introduced Ms. Marasinghe to discuss UIT updates after going remote. There has been progress over the last three years that helped the process: we have adapted a cloud strategy for Blackboard, Yuja, Zoom, MathLab, and DocuSign; we have achieved single sign on along with Multifactor authentication; many desktops were replaced with laptops and docking stations; and we also have secure file sharing. To accommodate remote, UIT has increased the network VPN users, adjusted session timeouts, and created a backup VPN plan. Fifty laptops were ordered as well as ten MIFIs to loan to students and faculty. We have

worked with vendors to get free access to Adobe Creative Suite and Mathematica. Classroom lab software has been moved to Citrix virtual application. Ms. Marasinghe stressed reading UIT emails for important updates. There is a knowledge base to work remotely. Please be aware of Zoom Bombing. The UIT help line is available, and EC500 has been activated to transfer calls from desk phones to remote phones. Tech staff, sans five, are working remotely at regular operation hours. CTS is committed to the continuity of operations. The first day of remote operation caused our VPN to max out. An additional pool of VPNs was created. Please be aware of additional phishing attempts regarding COVID-19. Also, please be aware of the UND software policy. UND computers are for UND use only. Zoom meetings have increased 1000% since going remote. UIT saw an increase in support tickets immediately after going remote. Ms. Marasinghe thanked the faculty for going remotely so quickly.

- b) Mr. VanLooy introduced Ms. Sadler to discuss Novolution, an online proposal submission system. Ms. Sadler demonstrated the navigation to the site as well as how to log into the new system. She provided a demonstration of how the system works, along with the different roles among deans, chairs, and PIs. The system is interfaced with PeopleSoft HR; thus, values can be auto-calculated. An IRB module will be upcoming. All active awards are already in this system. Ms. Sadler will continue meetings via Zoom over the next several weeks. The goal is to be entirely online by June.
- c) Mr. VanLooy called attention to the committee reports due next month: Budget; Online & Distance Education; and Scholarly Activities.

5.

Ms. Legerski reported that the Council of College Faculties (CCF) has discussed our immediate change to remote learning as well as maintaining shared governance. The Chancellor emailed the CCF with a thank you for their dedicated hard work.

6.

Ms. Lian provided the following updates from Student Senate:

- a) Last week was the first Student Senate meeting via Zoom.
- b) The student government elections will be moved back one week due to the pandemic.
- c) Student government supported the S/U grading option. They will donate move \$2,000 to assist the campus food pantry.
- d) They are working with the Aleris Center to move back the Bryce Vine concert.

7.

Ms. Maine provided the following updates from Staff Senate:

- a) The next Staff Senate meeting will be via Zoom next week with elections being held.
- b) The VPs have been sent a list of open seats on the Staff Senate to fill. Please feel free to nominate staff members.

8.

Mr. DiLorenzo stated how much the world has changed and that the faculty and staff work over the past years has made this transition as smooth as

possible. He is very proud of the faculty and staff, and their dedication to student success. He gave a very special shout out to UIT, TTaDa and VP Meloney Linder.

9.

Quorum was established.

10.

Without objection, the minutes from the University Senate on March 5, 2020 were approved.

11.

Mr. VanLooy stated that at the last Senate Executive Committee meeting S/U grading was discussed for undergraduate students. It was reviewed by the Student Senate as well as the deans of colleges. Mr. VanLooy believes this was a good decision to extend the date and relax the rules for this semester. He also stated that there was a good number of questions submitted to the open forum and thanked senators for their response. Mr. VanLooy discussed the various funding opportunities for students who need support. The money is being used, but only approximately \$25,000 is available. The Angel Fund and the Food for Thought funds are available for donation. The Omar Brown fund is an endowment, which only has about \$3,000-\$4,000 available cash. Mr. VanLooy encouraged donations to these funds if possible and stated he is donating \$500.

12.

The twenty-minute question period opened at 4:27 p.m.

Ms. Alberts noted that most students don't qualify for the stimulus checks and asked if we have a process for requesting funds on how to make ends meet. Ms. Halgren stated that they are working to develop an application for students to request funds; once completed, it will be disseminated.

Mr. Iseminger inquired about prorated refunds for money that have been prepaid. Mr. Shivers discussed housing and dining costs. Up to 30% of those costs will be refunded. The Chancellor needed permission from the SBHE to allow refunds.

Ms. Oancea inquired about S/U grading at the Graduate School. Mr. DiLorenzo stated that our current change is for undergraduates. The Graduate School and professional schools made their own decision. The Law School will do S/U grading this term. The Graduate School does not allow S/U grades.

Mr. Dusenbury asked a question about MicroSoft Teams and why we have to ask the Help Desk to create a TEAM. Ms. Marasinghe stated that there is a naming convention so that we know to whom the team belongs.

The question period ended at 4:36 p.m.

13.

Without objection, the Essential Studies Annual Report was approved and filed.

14.

Without objection, the Committee on Committees Annual Report was approved and filed.

15.

Without objection, the Intercollegiate Athletics Committee Annual Report was approved and filed.

16.

Mr. VanLooy called attention to the Curriculum Committee March request for approval. Mr. Jendrysik moved to approve, Mr. Iseminger seconded the motion and the motion carried.

17.

The meeting adjourned at 4:41 p.m.

Scott Correll, Secretary
University Senate

To: Lori Hofland, Administrative Assistant, Office of the Registrar
From: Andre Kehn, Chair, Senate Scholarly Activities Committee, 2019-2020
Re: SSAC Annual Report, 2019-2020
Date: April 27, 2020

During the 2019-2020 academic year, the committee met 3 times. It consisted of:

Andre Kehn, Chair (A&S),
Daba Gedafa (CEM),
Sarah Mosher (A&S),
Diana Pawlewicz (EHD),
Julie Robinson (EHD),
Stephanie Walker (LIB),
Zeineb Yousif (LIB),
David Hollingworth (BPA),
John Mihelich (VPRED),
Nicholas Wilson (AVI, non-voting)

The following issues were discussed during the 2019-2020 academic year.

- Meaningful involvement in the research enterprise of UND.
- Enhancing communication between faculty, colleges, administration, and Senate. One potential avenue would be to determine what each Associate Dean of Research has been doing since MIRA has been implemented and the funds that have been moved from SSAC to the individual colleges.
- Utilizing the SSAC as a faculty advisory committee to the VPR in terms of how research processes can be enhanced to improve the research infrastructure at UND.
- Short discussion about involvement with STELLAR and how the current directory on the UND website assists in finding faculty expertise.
- How SSAC could aid junior faculty affected by the Covid19 crisis to remain productive in their research and creative activities as UND's operations move back to on campus work.

Respectfully submitted,

Andre Kehn

TTaDA)
Devon Olson (Library Health Sciences)
Tammy Oltz (Thormodsgard Law Library)
Janet Rex (Chester Fritz Library)
Julie Lewandowski (Graduate Student) through 12/18
Shane Schellpfeffer (graduate student)
Stefani Allegretti (graduate student)

Committee Recommendations/Accomplishments

The recommended plans for this year included:

1. Giving our recommendations on Goal 3 and getting communication about that from Academic Affairs
2. Developing strategies for retention of online students. What does successful retention mean with online students? It is challenging to track them, because they come in and out of programs
3. Assessing UND's infrastructure needs relating to online education

Accomplishments for the year include:

- Updated the committee on academic technology changes to bring back to their colleges
 - Change from Tegrity to Yuja
 - Adopting Zoom
 - ProctorU roll out and use throughout campus
 - Possible changes in plagiarism detection tools
 - With unexpected remote instruction change Spring of 2020, options for exams and academic integrity issues
 - Issues with Qualtrics
 - Digital badging
- Developing Strategies for Retention of Online Students – this was the theme for all of TTaDA's work over the summer 2019, fall 2019 and spring 2020 semesters
 - TTaDA has enrolled all faculty who will be teaching online in the Best Practices for Online Teaching short course
 - TTaDA worked with a faculty fellow, Dr. Casey Ozaki, to infuse diversity and inclusive excellence into teaching practices. Faculty who attended the 2019 summer workshop incorporated what they learned in the fall 2019 and spring 2020 semesters and had great results (lower D/F/W rates, creating assignments to include a sense of belonging for all students, and creating a stronger community of learners)
 - TTaDA sponsored two nationally known speakers through symposiums: Fall Symposium: Dr. Katie Linder on High Impact Practices Across Modalities and Spring Symposium: Dr. Thomas Tobin on Universal Design for All Learners
 - TTaDA has offered many workshops and podcasts throughout the fall and spring semesters. A few topics included:
 - Alternative Assessments to High Stakes Testing
 - Increasing Engagement with Students (wikis, blogs, discussion boards)
 - Effective Classroom Management
 - Developing Effective Assignments
 - Bringing Inclusive Practice to Large Enrollment Classes
 - Engaging Students in Online Courses
 - Supporting Military and Veteran Students

- Faculty in TTaDa’s mentoring program’s learned about inclusive practices and transparency in assignment and course design to increase student retention.
- The University Writing Center expanded its capacity to support online students through live Zoom sessions.
- TTaDa offered multiple professional development sessions to on-campus and online graduate students to both support their success and retention and help them better support the academic success of students they teach.

Summary of Committee Activities for 2019-20

The Senate Online and Distance Education Committee (SODEC) met seven times during 2019-20. Dr. Virginia Clinton served as chair. This year our committee focused on the following topics:

1. We discussed multiple issues with Qualtrics including changes in their fee structure and a need for fraud detection software. Qualtrics raised its prices and we discussed use of Qualtrics teaching, research, and administrative purposes.
2. We discussed whether or not to purchase TurnItIn for plagiarism detection as an alternative to SafeAssign.
3. We learned about digital badging which allows for faculty and staff to receive recognition for completing workshops and learning skills from TTaDA. The potential benefits of digital badging in terms of encouraging faculty to participate and providing faculty a means of providing evidence for participation were discussed.
4. With the unexpected shift to all-remote learning Spring 2020, several issues were discussed including Zoom etiquette, technology needs, and concerns about student retention.
5. The use of Gradehub replacing scantrons was examined. Feedback has been overwhelming positive supporting the continued use of Gradehub.
6. Changes to Blackboard to Blackboard Ultra View were presented to the committee. This would change student navigation of courses. The committee recommended that methods of integrating it with Starfish and improving the enrollment accuracy of Blackboard be examined as well.
7. We have a standing agenda item for expanding UND’s online education updates relevant to the charge of the committee. The goals that were identified as most relevant were Goals 1, 2, 3, and 6. With regard to Goal 1, the committee noted every effort should be made to ensure that distance students have access to High Impact Practices. With regard to Goal 2, the committee considered how to best examine retention data for online students in order to track retention moving forward. The committee noted that students who are solely online/distance students represent a different student population than more traditional, on-campus students. With regard to Goal 6, the committee is pleased with the addition of Air University articulation agreements. A considerable amount of time was devoted to discussing issues related to Goal 3, and these issues are discussed in the recommendations section of this report.
8. We discussed how students would be categorized as online or on campus going forward and how campus connections would present course options accordingly.

9. Student experiences with ProctorU and how the adoption of ProctorU across UND has been experienced.
10. An Academic Technologies update was provided each meeting by TTaDA.
11. Updates were provided by the libraries and colleges at each meeting.

Plans for 2020-2021

In addition to continuing to focus and address the three areas above, the committee has identified the following goals for the coming year:

1. Communicate UND Online guidelines for teaching online using best practices
2. Work with UND Online regarding communication plan regarding section planning (online section, campus section, and section for campus students taking online course) and policies regarding Department section requests
3. Develop strategies for tracking and retention of online students—better define what “successful” retention means for distance students.
4. Dissemination of information on students will be categorized (e.g., online only, on campus, on campus taking online courses) and how to set up courses appropriately as well as inform department policies.
5. How to adapt and redefine role in the campus community.
6. What was learned from the rapid shift to all remote instruction and how that can inform future needs of the university in terms of expanding online instruction.

UNIVERSITY PLAN FOR ASSESSMENT OF STUDENT LEARNING AND DEVELOPMENT

I. INTRODUCTION

The University of North Dakota provides a statement of its institutional identity and goals in its Mission Statement. This statement, which was created and adopted through legislative process, includes goals for student learning and development in their most fundamental form. The University of North Dakota Mission Statement is:

Our mission is to provide transformative learning, discovery and community engagement opportunities for developing tomorrow's leaders.

The University of North Dakota's overall goals for student learning and development are:

1. Students will be able to make informed choices.
2. Students are expected to communicate effectively.
3. Students will be intellectually curious and creative.
4. Students will commit themselves to lifelong learning.
5. Students will be engaged in the service of others.
6. Students will share responsibility for their own communities and for the world.

As the University provides a wide range of challenging academic programs at various levels (including certificate programs and bachelor, master, specialist, professional, and doctoral levels) and within many different areas of specialty (including liberal arts, business, education, law, medicine, engineering and mines, nursing & professional disciplines, fine arts, aerospace, energy, human resources, and international studies), each college and school and is also expected to formally adopt its own mission statement. Each of those mission statements, in turn, includes more department/program focused student learning goals that relate back to the broader goals defined in the College/School and University's Mission Statements.

In addition, and as an umbrella for the undergraduate programs, the University also provides student learning goals for its Essential Studies (ES) program (the general education program at UND). Addressed within a cross-disciplinary framework, these goals, stated below, correlate with the student learning goals found at the University level:

1. **Critical Inquiry & Analysis:** Inquiry is a systematic process of exploring issues, objects, or works through the collection and analysis of evidence that results in informed conclusions or judgments. Analysis is the process of breaking complex topics or issues into parts to gain a better understanding of them.
2. **Quantitative Reasoning:** Quantitative Reasoning is competency and comfort in working with numerical data, using it to reason and solve quantitative problems from a wide array of authentic contexts and everyday life situations, and to create and

- clearly communicate sophisticated arguments supported by quantitative evidence, such as by using words, tables, graphs, mathematical equations, etc., as appropriate.
3. **Written Communication:** Written Communication is the development and expression of ideas in writing. Written communication involves learning to work in many genres and styles. It can involve working with many different writing technologies, and mixing text, data, and images.
 4. **Oral Communication:** Oral communication involves a purposeful presentation designed to increase knowledge, to foster understanding, or to promote change in the listeners' attitudes, values, beliefs, or behaviors.
 5. **Information Literacy:** Information literacy is the set of integrated abilities encompassing the reflective discovery of information, the understanding of how information is produced and valued, and the use of information in creating new knowledge and participating ethically in communities of learning.
 6. **Intercultural Knowledge & Skills:** Intercultural knowledge and skills foster the capacity to meaningfully engage with the perspectives of people whose cultures and identities are different from one's own. To meaningfully engage with others' perspectives, one must be aware of how those perspectives are shaped by larger social structures, by issues of contemporary importance, and by issues that arise in global society.

As an important part of its effort to meet these goals, the University engages in ongoing assessment of student learning and development. Assessment activities are used to examine student learning and development on a number of levels, from individual department, college, and program assessment, to broader general education and institutional assessment. This process was reaffirmed by the University's 2017 "One UND" Strategic Plan, which identified providing "a strong undergraduate liberal arts foundation" as the first goal. Each goal was assigned to a team, with the expectation that team members would develop specific action items and metrics to ensure goal achievement. One key metric for goal one is the assessment of learning related to UND's Essential Studies learning outcomes, with that assessment occurring both internally (through connections with broader program assessment) and externally (through the AAC&U VALUE Institute).

Faculty guidance and oversight is provided to the Office of the Vice President of Academic Affairs and Provost (VPAA/Provost) in developing and implementing the University Assessment Plan, analyzing and interpreting assessment results, developing appropriate reports, and disseminating assessment results to the university community. The University provides administrative support through the position of the Director of Assessment and Accreditation. Further, each academic department, college, and program is responsible for developing, implementing, and evaluating its own individual assessment plan. This process is monitored through the annual assessment report of the department, college, or program to the University President and Provost. The Senate University Assessment Committee (UAC) collects and periodically reviews these individual assessment plans, offering support to the individual departments, colleges, and programs in their ongoing assessment plan development and implementation. In addition, the Committee monitors the more broadly-based assessment tools used by the University, and regularly evaluates these tools for effectiveness in measuring student learning and development.

A more detailed overview of the assessment process, responsibilities, and levels of assessment is provided in Part II below. Part III provides an overview of the responsibilities of the (UAC) as well as the institutional assessment tools evaluated by that Committee.

II. OVERVIEW OF ASSESSMENT PROCESS

The following is a detailed description of the overall assessment process at the University of North Dakota. The following tables outline the assessment process at each of the three levels – Institution (Table A), Essential Studies (Table B), and Program (Table C), respectively.

Overview of Process, Responsibilities, Levels of Assessment

Assessment begins with defining student learning goals and objectives through **educational experiences**. Once those goals are defined, the process of assessment can be carefully planned. Such planning includes identifying the educational experiences through which the student achieves learning and within which the goals can be assessed; the **assessment methods** with which to make that assessment; the **timeline** for data collection; the parties who possess the **responsibilities** for the data collection, analysis, and reporting; and the anticipated use of the **results and process for documentation and decision making**.

Table A identifies the processes for assessing the Student Learning and Development Goals at the Institutional level.

Table A

<u>Institutional Student Learning and Development Goals</u>				
1. Informed choices 2. Communicate effectively 3. Intellectual curiosity, creativity			4. Commitment to lifelong learning 5. Service to others 6. Shared responsibility for communities and world	
Educational Experiences	Assessment Methods	Timelines	Responsibilities	Use of Results & Process for Documentation & Decision-Making
Essential Studies Course Work (Goals 1, 2, 3, and 6)	Direct assessment of Essential Studies outcomes among students in ES courses each Spring semester	Report from Essential Studies Committee filed in Fall Semester and reviewed by Assessment Committee. Direct assessments of Essential Studies via analysis of work products generated by students in ES courses and scored by AAC&U. Findings reviewed by the Assessment Committee.	Director of Assessment and Accreditation and Director of Essential Studies, in conjunction with the Essential Studies Committee, are responsible for coordinating analysis of direct outcomes assessments of Essential Studies goals.	The Assessment Committee reviews summaries of the various sorts of data to see what the compilation can tell about student learning outcomes at UND. The Committee feeds findings back to all academic and student support units (plus the Essential Studies Committee), as findings are relevant and trends are noted. The Assessment Committee oversees the assessment process, recommending changes in processes as needed and updating the Institutional Assessment Plan. The Director of Assessment and Accreditation receives input directly from the Assessment Committee and forwards/reports to the Provost.
Curricular: Major programs of study in all UND academic departments (All Goals)	Yearly review of one third of departmental annual assessment reports to describe and summarize findings.	Assessment reports filed in October. One third of the academic annual reports reviewed by Assessment Committee in Spring Semester.	Chair of each individual department responsible for direct assessments of student learning goals, including the goals which derive from the Institutional Goals.	
Co-Curricular: Academic & Student support services programs with student learning missions (All Goals)	Yearly review of one third of annual reports from relevant programs (See Table F for a listing of departments subject to review).	Assessment reports from student services/co-curricular programs reviewed in Fall Semester (approximately one-third of unit reports reviewed each year).	Directors and/or Department Heads of each student service/co-curricular unit responsible for annual assessment reporting.	
Office of University Analytics & Planning (UAP) (All Goals)	Surveys administered to collect student perception data regarding learning goals (click title for chart linking tools with goals).			
<i>UAC Reviews of the above.</i>	<i>Summary and compilation of outcome findings by UAC in late Spring.</i>	Surveys done on a rolling basis as per the Office of University Analytics & Planning (UAP) schedule (attached). Survey outcomes reviewed by the UAP during Fall semesters.	Director of the Office of University Analytics & Planning (UAP) responsible for delivery and analysis of institutional surveys.	
		<i>Summary and compilation of outcome findings by UAC in late Spring.</i>	<i>UAC oversees assessment across the departments and units and feeds information to departments and units where it might not otherwise be seen.</i>	

Table B identifies the processes for assessing the Student Learning and Development Goals for the Essential Studies general education curriculum.

Table B

Essential Studies: Student Learning and Development Goals				
		1. Critical Inquiry & Analysis 2. Quantitative Reasoning 3. Written Communication	4. Oral Communication 5. Information Literacy 6. Intercultural Knowledge & Skills	
Educational Experiences	Assessment Methods	Timelines	Responsibilities	Use of Results and Process for Documentation & Decision-Making
Essential Studies (ES) courses	Collect student work generated in ES courses in response to performance tasks aligned with ES outcomes.	Direct outcomes assessment reviews conducted yearly, with each goal addressed on a rotating basis.	Director of Essential Studies and Director of Assessment and Accreditation collect and report on outcomes of scoring sessions with work products generated by students enrolled in ES capstones.	All findings regarding Essential Studies are reported within or to the ES Committee and reported by them to the ES faculty, University Senate, Director of ES, Provost's office, and any other offices or individuals where the findings might be relevant.
Office of University Analytics & Planning (UAP) (all goals)	Indirect data collected via UAP-conducted surveys (see attached chart linking tools with goals; all goals).	Surveys done on a rolling basis as per the UAP schedule (attached). Survey outcomes reviewed by the UAC during Fall semester.	UAP staff disseminates surveys, and analyzes and reports survey data.	The ES Committee also reports back to the UAC for further review and any additional dissemination or use.
AAC&U VALUE Institute	Using samples from the ES courses, obtain nationally-normed scores on learning outcomes that correspond to the ES Program's goals and/or are of interest to the ES Program	Yearly, matched to the ES cycle of learning goal data collection and analysis	Director of ES and Director of Assessment and Accreditation	Changes in assessment methods or procedures, as needed, are determined by the ES Committee with input from the Director of Essential Studies, the Director of Assessment and Accreditation, and the UAC.

Table C identifies the processes for assessing Student Learning and Development Goals at the Program level.

Table C

Program Student Learning Development Goals				
All goals for programs and academic courses of study are determined by faculty and staff within the program and vary from program to program. All programs are expected to fit within and support the institution's goals, reworded to be consistent with program priorities and mission; in addition, each academic program will have program-specific or profession-specific goals. All program-specific goals are included in the program's assessment plan and posted on the University Assessment Committee (UAC) website set up for that purpose.				
Educational Experiences	Assessment Methods	Timelines	Responsibilities	Use of Results and Process for Documentation & Decision-Making
<p>The Essential Studies (ES) program is expected to support and connect to the student's major program of study, often providing initial learning related to departmental intended learning outcomes.</p>	<p>Most methods for assessing program-specific learning goals are developed by the departments and embedded in their academic programs or (in the case of indirect evidence) collected through department-administered surveys, focus groups, et cetera. For more detail on methods, see each individual department's plans for assessing student learning on the UAC website.</p>	<p>Departments develop their own timetables for data collection, analysis, and use. See plans for assessment of student learning posted on the UAC website. Annual Assessment Reports are due October 15 each year.</p>	<p>Each program/department chair is responsible for overseeing the development of that unit's plan for the assessment of student learning and development.</p> <p>In many cases, department-level assessment committees are assigned to carry out that work. (See the plans, posted on the UAC website, for more detail.)</p>	<p>Departments use findings for internal decision-making, as described in plans for assessment of student learning.</p>
<p>The program's or department's courses and other academic requirements are the primary source of educational experiences relevant to its own goals.</p>	<p>Departments can draw on assessment data collected through institutional sources (e.g., findings</p>		<p>The UAC is responsible for working with the Director of Assessment and Accreditation to oversee the assessment process, including reading, reviewing, and culling relevant information from departmental reports, as described above, and to conduct reviews of the departments' work as a component of the institutional assessment process.</p>	<p>Decision-making at the college or institutional level may draw on findings from departmental assessments as documented in annual reports or as brought to the attention of relevant committees and administrators, when the findings warrant.</p>
<p>Student services and co-curricular programs sometimes support learning related to departmental goals, especially goals that are skill-oriented (e.g., critical thinking) and affective goals (e.g., ethics and professionalism).</p>	<p>Regarding ES outcomes, findings from the Office of University Analytics and Planning [UAP] surveys, findings from student services and/or co-curricular experiences) where relevant.</p>			

III. OVERVIEW OF SENATE UNIVERSITY ASSESSMENT COMMITTEE RESPONSIBILITIES

The Senate University Assessment Committee's purpose is to “*provide faculty guidance and oversight to the Office of Vice President of Academic Affairs in developing and implementing the University Assessment Plan, analyzing and interpreting assessment results, developing appropriate reports, and disseminating assessment results to the University community*” (<http://und.edu/university-senate/assessment/dept-asmt-plans.cfm>).

The following three tables provide an overview of the responsibilities of, and institutional assessment tools evaluated by, the [Senate University Assessment Committee](#). More specifically, Table D sets out the annual schedule of the Committee’s responsibilities, Table E identifies the institutional assessment tools used by the University and the schedule of assessment reviews for academic and non-academic programs. In addition to the surveys listed in Table E, the Office of University Analytics & Planning (UAP) administers instruments designed to provide other kinds of information for monitoring and improving departments, programs, and services offered by UND. The Committee reviews these on occasion to determine any potential applicability to student learning and development. In addition, the Committee occasionally reviews other externally produced instruments (e.g., commercially available standardized exams) for possible inclusion in the University Assessment Plan. Based on regular review of current assessment tools and occasional review of alternative methods and tools, the Committee updates the University Assessment Plan and offers recommendations for possible changes in assessment tools and use of commercial instruments.

Request for ES BOK Waiver for AU-ABC students

Dear Essential Studies Committee Members,

The University's partnership with Air University – Associate to Baccalaureate Cooperative (AU-ABC) provides bachelor degree opportunities for any active Airmen and women of the US Air Force, Air Force Reserve or Air National Guard and continues to grow with each enrollment period. Currently, UND has 5 programs for which students can complete their degrees: General Studies, Psychology, Communication, Electrical Engineering, and Computer Science, with the promise of implementing 5 more programs.

Many of these students enter UND with an overabundance of general education courses they have earned attending other accredited institutions as part of the requirements for their degree through Community College of the Air Force. These students have also accumulated in-depth experiences and training, which directly correlate to the learning goals and purpose of the Breadth of Knowledge courses, throughout their time in the military. The current ES waiver for AU-ABC programs grants essentially 2/3 of the areas of Breadth of Knowledge to be applied to their program of study. While this is helpful, it is confusing for students and their education officers they must comply with at Air University due to the many transfer equivalencies students are bringing in that differ greatly from one student to the next.

Therefore, to further advance the Goal 6 initiative of the Strategic Plan as well as to allow for the credits and depth of experiences and training these students are bringing in to be consistently accounted for in their plan, we are requesting that all current and incoming students within the AU-ABC program be provided a waiver for all Breadth of Knowledge requirements in Essential Studies upon approval of this request.

Kind regards,

Advising Team of Students within the AU-ABC programs:

Desi Anderson, Advisor, Communication
Brittany Borgen, Advisor, Psychology
Angie Carpenter, Director, SASCE
Angela Cary, Advisor, General Studies
Daniel Cooley, Advisor, CEM
Peter Gullette, Advisor, CEM
Katlyn Haney, Advisor, CEM
Linnea Nelson, Advisor, CEM
Gerri Lorenz, Transfer Coordinator

Chelsea Mellenthin, ACA, CEM
Katie Meyer, ACA, A&S
Amanda Peters, ACA, NCoBPA
Jessica Reule, Asst Director, VMS
Kaylee Scheer, ACA, EHD
Shannon Sporbert Webber, ACA
Daniel Swenson, ACA, CNPD
Ashley Vigen, ACA, SMHS

**University Senate Curriculum Committee Report
May 7, 2020**

I New Program

- UND-SMED :Master's in Athletic Training

II New Course

- N&D 240L :Fundamentals of Nutrition Laboratory
- SMED 501 :Introduction to Athletic Training
- SMED 510 :Anatomy for Athletic Trainers I
- SMED 511 :Anatomy for Athletic Trainers II
- SMED 520 :Beginning Clinical Practicum I
- SMED 521 :Beginning Clinical Practicum II
- SMED 522 :Beginning Clinical Practicum III
- SMED 530 :Risk Reduction and Injury Management in Athletic Training
- SMED 540 :Orthopedic Examination of the Lower Extremity
- SMED 541 :Orthopedic Examination of the Upper Extremity
- SMED 542 :Orthopedic Evaluation of the Spine
- SMED 550 :General Medical Conditions
- SMED 590 :Directed Studies in Athletic Training
- SMED 620 :Advanced Clinical Practicum I
- SMED 621 :Advanced Clinical Practicum II
- SMED 622 :Advanced Clinical Practicum III
- SMED 640 :Recognition and Management of Brain Trauma
- SMED 650 :Advanced General Medical Conditions
- SMED 660 :Advanced Physical Agents in Athletic Training
- SMED 661 :Human Performance and Development
- SMED 670 :Organization and Administration in Athletic Training
- SMED 680 :Psychosocial Aspects in Athletic Training
- SMED 681 :Scientific Concepts in Athletic Training
- SMED 690 :Internship
- SMED 691 :Scholarly Project

Senate Approval is not required for the following report items

III Program Changes

- EDL-PhD :Doctor of Philosophy in Teaching and Leadership
 - Change in degree requirements
- EDUC-MS-C&I :Master of Science in Teaching and Leadership
 - Change in admissions requirements

- Change in degree requirements
- HE-MS :Higher Education
 - Change in degree requirements
- KIN-Accelerated :Accelerated Kinesiology
 - Addition Accelerated Bachelor's/Master's (ABM) degree program
- N&D-BS :BS in Human Nutrition
 - Change in program requirements
- UND-LANG :Certificate in Classical Languages
 - Change in program requirements
- UND-LANG :Certificate in French
 - Change in program requirements
- UND-LANG :Certificate in German
 - Change in program requirements
- UND-LANG :Certificate in Norwegian
 - Change in program requirements
- UND-LANG :Certificate in Spanish
 - Change in program requirements
- UND-PTRE :Master of Engineering in Petroleum Engineering
 - Change in admissions requirements
 - Change in degree requirements
- UND-PTRE :MS in Petroleum Engineering
 - Change in admissions requirements
 - Change in degree requirements
- UND-PTRE :PhD in Petroleum Engineering
 - Change in admissions requirements
 - Change in degree requirements

IV Course Changes: Undergraduate

- CHIN 312 :Topics in Chinese Culture
 - Change in total credits allowed from 9 to 12
- CHIN 498 :Senior Project
 - Credit hour change from 1 to 1-3
 - Grading basis change to Graded

V Course Changes: Graduate

- CSCI 501: Topics in Computer Science
 - Prefix change to EECS
 - Course number change to 590
 - Title change to “ Advanced Topics in Electrical Engineering and Computer Science”
 - Credit hour change from 1-3 to 3
 - Total credit allowed change from 3 to 21

- Prerequisite change
- Revise Course Description
- EDL 519 :Principalship
 - Credit hour change from 2 to 3
 - Prerequisite change
 - Revise course description
- EDL 524 :Educational Personnel Administration
 - Credit hour change from 2 to 3
 - Revise course description
- EDL 526 :Business Management in Education
 - Credit hour change from 2 to 3
- EDL 531 :School District Leadership
 - Credit hour change tom 2 to 3
- EDL 532 :Staff and Program Evaluation
 - Credit hour change from 2 to 3
- EDL 571 :School Community Relations
 - Credit hour change from 2 to 3
- EDL 572 :Educational Systems and Planning
 - Credit hour change from 2 to 3
- KIN 540 : Teaching Lifetime Fitness
 - Title change to “eSports and Healthy Gaming “
 - Revise course description
- MPH 556: System Dynamics 1
 - Prefix change to PH
 - Revise Course description
- T&L 571 :Teacher Education
 - Title change to “ Teacher Education: Focus on the Teacher”
