Order textbooks soon

Textbook requests were due to the UND Bookstore in March, but orders can still be faxed, phoned, or e-mailed to the textbook buyers. Ordering books early assures that students have the correct book, and enough books, in time for the first day of classes. As more time passes this becomes a greater challenge for the bookstore. If you have not done so already, please submit your textbook orders as soon as possible to allow bookstore staff ample time to place the order, receive the shipment, and process the inventory. Thank you for your help.
