Phone and email orders will no longer be accepted. If you do not have any orders, please also log in and click the option indicating that you do not have a book for the course, etc. Ms. Legerski reported that the process was very easy fast.
- The Task Force on the Future of Education at UND is accepting nominations through November 1, so if you would like to nominate yourself or someone else for this group, please do so by then.

c. Reminder of Senate Committee report deadlines. Please work with your committee to put together your report. The following reports are due or overdue:

- Due October 22: Honorary Degrees, Standing Committee on Faculty rights
- Due November 19: Faculty Handbook. Legislative Affairs, Library

d. The Village resources available to faculty and staff (the Village Rep) will be rescheduled for the December 3 Senate Meeting.

e. Ms. Storrs and Ms. Wages reported on the process of evaluating Deans. They discussed the ad hoc committee that was formed and how their proposal did not go forward to be implemented. Ms. Storrs stated that all deans and administrators are evaluated within the current policy and the 360 evaluation that is completed at the end of the contract. This year, an additional layer of evaluation has been added starting in January. All department/chair leadership will have an opportunity to complete a survey about the dean's performance as well as additional staff that report directly to the dean. There are different categories that the survey will contain for employee input. This information goes to deans and the provost for annual raises. Deans do their own evaluation and send to the provost and they meet to discuss the evaluation and set goals.

Ms. Wages stated that the NDUS policy can be found in the faculty handbook. They looked at the UND HR evaluation policy and developed a similar process for the deans. This is for the last year and also to set goals for the next year. The Direct Report process will be incorporated into the annual evaluation process at the end of this year. If they have a 360 review, that information may be included into this year-end evaluation.

f. Stephanie Walker presented an update and shared photos of the Chester Fritz library renovations.

g. A Council of College Faculties update was given by Tom Petros. He reported on a discussion on proposed changes in the schedule. The Chancellor wants all campuses to have the same schedule, to include after Thanksgiving and Spring Break 2021. There will be more flexibility in course offerings as we go forth, even after COVID. Mr. Petros also reported on concerns about electronic open resources and how this will be moving forward.

- h. Megan Wasylow gave a Staff Senate update. She stated that there are 225 "31 days of Glory" tickets left to purchase. UND Staff Senate will be bringing forward a proposal for the use of staff vouchers to use at any college, not just where they are employed. A Student Government Update was given by Matthew Ternus. They have been talking with different groups about COVID, including the GF City Council and are happy with the interaction. Counseling services met with student leaders to see how they can work together.
- i. Mr. Ternus reported that Student Senate passed a resolution supporting the S/U grading scales such as spring 2020 term. Student Senate did not meet due to a student/parent forum that was held with the President.
- j. Provost Storrs made the following statements: thanks for participating in the town hall forum; regarding the Start and Stop dates, if any institutions want to go online that is up to them, it does not have to be approved by the NDUS system; Ms. Storrs is excited about the new Task Force on the Future of Academics and how there is so much interest in this group; which will, hopefully meet by the end of November.

8.

The 20-minute question period was opened at 4:11:

Ms. Barkdull thanked everyone for the information that was brought forth today regarding questions from the September and October Senate meetings regarding the evaluation of deans. Ms. Storrs talked about the 360 evaluation that is in place and the new portions that are being implemented. Faculty can provide feedback but they hope that it is included in the evaluation. Ms. Wages added that benefited faculty and staff from the college will have input as well and it will be anonymous. Also, if a specific college wants to explore more options, they would work with the President to implement something new through shared governance. Documentation can be provided on the subject of 360
