“Music by the orchestra was followed by the essay of Miss Irene Mares, one of the normal graduates. She chose ‘Educational Growth’ and read an interesting paper, showing that education was more a cultured growth than learning. Education was considered in a physical, intellectual, and moral sense; under intellectual coming the powers of presentative, representative, reflective, and intuitive. The essay was well written and carefully read.”

Grand Forks Herald (evening edition), 13 June 1889, page 4
