The Dakota Student

THURSDAY, JULY 31, 1958

NUMBER 7

SHOWN HERE from left to right are Dr. Robert C. Stone, assistant director of the Summer Institute of Linguistics, Doris Falk and daughter Linda, and Mr. and Mrs. Don McLean. They will wear the costumes they have on as part of the "Panorama" tonight. Clothing worn represents Afghanistan, Africa, and Japan.

'U' Linguistics Institute To Present 'Panorama'

By **BILL BROUSE**

Problems involved in learning an unwritten language will be the theme of the annual "Linguistics Panorama" to be presented here tonight by the members of the Summer Institute of Linguistics.

The program at 8 p.m. in the Student Union ballroom, will include demonstrations of sound systems, grammatical structures, and the preparation of literature and reading programs.

As an illustration of how the language work is done, the audience will be taught to read a language they have never seen before through the use of sounds and symbols.

Director to Speak

Dr. Richard S. Pittman, director of the Institute will speak on "Contrast in Context and Complementary Distribution" and Dr. Robert C. Stone, assistant director, will speak on "Preparation of Literature."

Again this year Paul Powlison, a member of the Institute who has been working with the Yagua tribe in Peru, will demonstrate how the

natives use Bora drums to communicate with one another.

The two drums, which have a combined weight of approximately 100 pounds, are made of short sec-
(Continued on Page Eight)

Playmakers Stage 'The Enchanted' Tonight, Friday

A reading production of "The Enchanted" by Jean Giradoux will be presented by Dakota Playmakers tonight and Friday night at 8:15 p.m. in the Education building auditorium.

The comedy-fantasy centers around the adventure of love vs. the adventure of death, as seen through the eyes of a young girl in a provincial French village.

The girl, Isabel, played by Lois Olson, becomes infatuated with a ghost, and she is subjected to an
(Continued on Page Eight)

Commencement To End 1958 Summer Term

The 1958 Summer Session will close at outdoor commencement exercises Saturday, Aug. 9 at 10 a.m.

Approximately 200 degrees will be conferred by UND President George W. Starcher.

Hermann Hagedorn, noted author, and director and secretary of the Theodore Roosevelt Centennial Commission, will be the main speaker. He will receive an honorary doctor of humanities degree from the University.

Deans to Participate

Deans of the University colleges will greet candidates of their colleges as the names are pronounced by Prof. John Penn, head of the UND speech department.

Summer Session faculty members will attend the exercises in academic dress. They will assemble with degree candidates at 9:30 a.m. and the group will march to the commencement site.

The processional and recessional will be played by the University band under the direction of John E. Howard, who is chairman of the commencement committee and the audience will sing the National Anthem and the Alma Mater.

Grey Gowns Chosen

Grey Gowns, selected from junior class members attending summer school, will meet at 4 p.m. Friday Aug. 8 in Merrifield Hall, Room 10 to receive instructions regarding their duties at the Saturday morning exercises.

Grey Gowns are: Frederick R. Alm, Grand Forks; Elaine Baumann, Crookston, Minn.; Maurice C. Dronen, Finley, N. D.; Michael Fleming, Grand Forks; John R. Harty, Grand Forks; Mary Ann Larsen, Bismarck; Malcolm M. Murdoch, Grand Forks; Lola Rognlie, Climax, Minn.; David Strand, Osnabrock, N. D.; Shirley Warcup, Dunseith, N. D.

Degree candidates are asked to call next week at the Education building, Room 5, for tickets to admit their immediate families if weather conditions force the program indoors.

Editorial:

The Jaundiced Eye

Why is it that Our secret agents are "patriots," while Their secret agents are nothing but "spies"?

When I have one over the limit, I become "the life of the party"; when you have one over the limit, you become a "loud-mouth."

I am "strongminded," but you are "opinionated."

My candidate's plan for the future shows he has "vision," but your candidate's plan for the future makes him a "wild-eyed dreamer."

I am about the only capable and careful driver on the road; all other motorists are either "stick-in-the-muds" or "reckless maniacs."

My failure to laugh at your dirty jokes shows my "good breeding," but your failure to laugh at my dirty joke shows "stupidity."

x x x

The British are too "reserved," and the French are too "effusive"; the Italians are too "impulsive," and the Scandinavians are too "cold"; the Germans are too "arrogant," and the Japanese are too "diffident"—surely God must be an American.

My new two-tone car is "gay," but your new two-tone car is just "loud".

I give an inexpensive present because "it's the spirit behind it that counts," but you give an inexpensive present because you're "cheap."

My son hit yours over the head with a block because he is "playful," but yours hit mine over the head because he is "vicious."

A "sound" man is a man who sounds like me.

When I spread gossip, it is always a "harmless tidbit," but when you spread gossip, it is "malicious rumormongering."

A "realistic" novel is a novel that agrees with the idea of reality I held before I even opened the book.

x x x

My family, which is poor, lost its tremendous fortune during the Depression but your family, which is rich, made all its money profiteering during the War.

Why is it that "modern" is an approving adjective for plumbing, but a disapproving adjective for art?

My wife's dress is "simple," but your wife's dress is "dowdy."

Likewise, my summer wardrobe is "casual," but yours is "sloppy."

Our relatives may "get into trouble," but your relatives have illegitimate babies, go to jail, and take dope. (Ours are, of course, "unfortunate," but yours are "bad.")

—Sydney J. Harris
Chicago Daily News

Fall Semester Time Schedule Available Soon

The time schedule of classes for the first semester 1958-1959 will be available at the Registrar's office in a few weeks.

Freshman registration will begin at 8:15 a. m. Monday, Sept. 15; registration for transfer students at 1 p. m. Monday, Sept. 15; and registration for upperclassmen Tuesday and Wednesday, Sept. 16 and 17. Registration will be conducted in the University Fieldhouse.

Classes will begin Thursday, Sept. 18 at 8 a. m. and Wednesday Sept. 24 will be the last day to add a course without a penalty fee. Wednesday, Oct. 1 is the last day to add a new course for credit.

Homecoming will be celebrated and classes cancelled Friday afternoon, Oct. 17 and Saturday morning Oct. 18. Thanksgiving recess will begin at the close of classes Tuesday, Nov. 25.

Calendar of Coming Events

July 31—Summer Linguistics Institute Convocation 8 p. m., Student Union

Aug. 8, 9—Final Examinations

Aug. 9—Summer Session Commencement

Aug. 11-22—Workshop in Economic Education.

Aug. 18-19—4th Annual Show, Red River Valley Gladiolus Society, Student Union.

Sept. 10—General Faculty Meeting.

Sept. 11-17—Freshman Orientation and Registration.

Sept. 18—Beginning of Instruction for First Semester, 1958-59.

PTA Furthers Understanding, Says DeLong

The purpose of the Parent-Teachers Ass'n is to further the understanding of people involved in educating children, O. A. DeLong, president of Mayville State Teachers College said Friday.

He spoke to 60 delegates at the first annual Educators, Parent Teachers Ass'n Workshop in the Education building.

"As a medium of school public relations," DeLong said, "the PTA provides a true cross-section of the community for the school, a powerful civic and social organization, and opportunities for parents and teachers to meet under pleasant circumstances."

The workshop was under the direction of Dr. James Laing of the faculty of education.

Staff:

Published each week during the summer session at the University of North Dakota by students in journalism.

STAFF MEMBERS: William Brouse, Richard Michael, Ralph Rothrock, Harvey Jacobson, Don M. Gillmor.

UND 'Band Buzz' Set For Tuesday On Union Patio

University band members, alumni of the band, Summer Session musicians, and band directors from surrounding communities will gather on the patio of the Student Union Aug. 5 at 8 p.m. for a "Band Buzz."

In case of rain, the concert will be held in the Student Union ballroom.

Variety Offered

The program will include a variety of numbers of standard and popular types of music.

Sheet music on loan from a number of band publishing companies will be used by the group for feature selections. This music has proved popular at various music camps throughout the country, according to John E. Howard, University bandmaster and director of the "Band Buzz."

Warm-up Scheduled

Band directors from East Grand Forks, Grand Forks, Hillsboro, Park River, Larimore and Crookston and members of their bands will join in the concert.

A short warm-up rehearsal is scheduled for 6:15 p. m. the night of the concert, in the Education building band room.

Instruments Available

Some instruments will be available for use by musicians who do not have their instruments on campus. Requests for use of the instruments should be made immediately to the band office.

Further information on the concert may be obtained from John E. Howard in Room 5 of the Education building, or by calling University Ext. 231.

The "Band Buzz" is one of the events of the 1958 Summer Session recreation program.

"What is your husband doing for his health?"

"Well, the doctor prescribed a shot of whiskey and two aspirins every four hours. Right now he's 10 weeks behind on the aspirin and two years ahead on the whiskey."

DR. JOHN R. BERGSTROM, University assistant professor of geology, studies a geological map of North Dakota of the Pierre formation deposits. He recently returned from a trip into southwestern North Dakota where he examined mineral deposits for the North Dakota Geological Survey.

Return from Field Trip:

'U' Geologist Examines N. D. Clay Deposits

By **RALPH R. ROTHROCK**

"What does a University geology professor do during the summer hiatus?"

This question was posed to Dr. John R. Bergstrom, UND assistant professor of geology.

"Work, of course. We have to live like any other individual. Geologists, as a rule, work in the field during summer vacations," he replied.

"This summer I am a member of a three-man geological team that is searching for clay deposits of high alumina content (A1 203) in western North Dakota."

Examine Clay Deposits

Dr. Bergstrom said that he, Dan Hansen and Miller Hansen have spent more than a month examining clay deposits in approximately 18 counties in western North Dakota.

The research is being conducted for the North Dakota Geological Survey. Miller Hansen is assistant state geologist and Dan Hansen is an affiliated geologist.

"My area of examination consisted of Dunn, Morton, Oliver, Sioux, Grant and Mercer counties. The Hansens and I were concerned mainly with the south and central parts of North Dakota," the UND professor added.

Trenching the Outcrops

"By trenching the outcrops (a piece of land devoid of top soil), the three-man team is able to obtain clay samples which will be

analyzed by chemists of the survey."

While in western North Dakota, Dr. Bergstrom also checked uranium deposits southwest of Bowman. They will be compared to similar deposits in the North and South Cave Hills in South Dakota.

Visits South Dakota

In a reciprocal agreement, Dr. Bergstrom spent three days in South Dakota with Bruno C. Petsch, South Dakota geologist. They surveyed Pierre formation outcrops in the Black Hills State.

The Pierre outcrop samples will later be compared to North Dakota deposits of the same formation. Last summer Dr. Bergstrom and Petsch examined Pierre formation outcrops in North Dakota.

In closing out his summer work for the North Dakota Geological Survey, Dr. Bergstrom is currently writing a report about the Pierre formation of North Dakota and its relationship to similar beds of adjacent areas.

Formerly Ski Instructor

Before returning to his classroom duties at UND in September, Dr. Bergstrom will participate in two other outdoor ventures—a field trip with University geology students just prior to the opening of UND's fall semester, and a camping trip with his family to New England, where he was formerly a ski instructor.

Press Ass'n Officers To Meet Here Aug. 9

Officers of the North Dakota Press Association and its advertising agency division and members of the NDPA executive committee will meet on the UND campus Aug. 9 to discuss the functions of its new headquarters office.

The NDPA headquarters office was established here July 1 under the managership of Paul C. Schmidt, former publisher of the Enderlin (N. D.) Independent.

NDPA Officers

Officers of NDPA are E. W. Doherty, Killdeer, president; Henry P. Sullivan, Mohall, 1st vice president; C. W. Frost, Lidgerwood, 2nd vice president; Frank Szczys, Bottineau, 3rd vice president; and F. J. Froeschle, Lisbon, secretary treasurer.

Members of the executive committee are Orion Cole of Hatton, Samuel E. Burgess of Dickinson, and Grant Helegson of Hankinson.

Ad Agency Officers

Officers of the advertising agency division are Eldon Lum, Wahpeton, president; Otto Bang, Mayville, vice president; and Ed Franta, Langdon, secretary.

It is planned to discuss incorporation of NDPA advertising service.

Schmidt is an instructor in journalism as well as manager of the association.

Institute Inspects Sub-chaser

SHOWN HERE are members of the UND Summer Institute of Science and Mathematics as they view one of the Navy's latest aircraft. The group saw the plane recently while on a tour of the Naval Air Station at Minneapolis.

Institute Members To Hear Smith

Teachers Get Close-Up Of New Anti-Sub Plane

Members of the UND Summer Institute for Teachers of Science and Mathematics received a close-up view of one of the Navy's newest aircraft recently when they toured the Naval Air Station at Minneapolis.

The plane, used for submarine detection, has all the newest anti-sub devices. The interior equipment of the aircraft is classified.

Today and Friday members of the Institute will hear talks by Dr. Herbert A. Smith, president of the National Science Teachers Ass'n. He is a professor of education and director of the Bureau of Educational Research and Service, University of Kansas, Lawrence Kan.

Dr. Smith will speak at 1:30 p. m. each day in the Medical Science Auditorium.

His topic today will be "Science: A Challenge to the Gifted". Tomorrow he will speak on "You and Research In Science Education."

Dr. Smith is chairman of the Science Achievement Awards program for his region and has written articles for scientific and research journals. He is president of the University of Kansas chapter of the American Ass'n of University Professors, a member of the executive committee of the National Science Teachers Ass'n., and a member of President Eisenhower's Committee on Scientists and Engineers.

AN "ATOMS FOR PEACE" mobil exhibit, sponsored by the UND Extension Division and the North Dakota Junior Chamber of Commerce, will tour the state from Aug. 19 to Sept. 20 and reach 27 North Dakota communities. It will be in Grand Forks Aug. 30. The unit, part of the Atomic Energy Commission's nation-wide educational and informational program, is operated by the American Museum of Nuclear Studies, a division of the Oak Ridge, Tenn. Institute of Nuclear Studies.

1884—September 8—The University opens its doors to first students.

Opportunities Never Better:

Teacher Demand Greater, Says 'U' Placement Head

By RALPH R. ROTHROCK

"With a continual rise in school enrolments, teaching positions are becoming more in demand. This is one of many reasons why I recommend University students seriously consider teaching as a possible vocation."

That was the way one of the University's authorities on teaching opportunities, Dr. Roy H. Jorgensen, summed up the teacher shortage, which is reported in most states.

Dr. Jorgensen, UND associate professor of education, is director of the University Teacher Placement Bureau, which has a two-fold purpose: (1) helping students or alumni secure desirable teaching positions, and (2) providing qualified personnel for the public schools and colleges, particularly in this area.

Shortages Acute

"Teacher shortages were so acute last year that 727 public schools—located in 26 states, Hawaii, Alaska and the District of Columbia—contacted the UND Bureau in an effort to fill 3,222 positions," Dr. Jorgensen said.

"University of North Dakota graduates are being sought in ever increasing numbers by colleges and universities, also. Last year 129 institutions of higher learning contacted us in an effort to fill 519 positions."

College Opportunities

Dr. Jorgensen said that most college requests have been for candidates with doctor's degrees but more university teaching opportunities are becoming available in all subject matter areas for those who possess a master's degree.

"During the current employment season, which ends at the opening of school in September, almost all 1958 UND graduates seeking teaching positions will have accepted jobs. North Dakota has attracted a greater number of this year's UND graduates than any other state," the UND professor added.

Competitive Salaries

He pointed out that the willingness of school districts in North Da-

kota to pay competitive salaries this year for good teachers has helped considerably in retaining UND graduates.

To substantiate his statement, Dr. Jorgensen cited average annual North Dakota salaries of 1958 UND graduates as being \$4,146.

"The spirit of adventure and, in some cases, large school systems have lured some 1958 UND graduates to more distant states from Vermont to California. In addition to these two states and North Dakota, the following states will have one or more of this year's alumni—Illinois, Iowa, Michigan, Minnesota, Montana, Nebraska, Nevada, Oregon, Washington and Wisconsin."

Students Register

The Teacher Placement Bureau is one of several offices in the College of Education with which every UND student aspiring to teach comes in contact. Every student training for teaching, must, before graduation, register with the Bureau.

This year 140 students registered and established a file of teaching credentials in the Bureau. The file contains data of interest to prospective teacher employers and contains such information as personal data on the candidate, a composite record of his scholastic preparation, experience, references, and co-curricular interests and participation.

Anyone who has attended or has been graduated from the University may register with the Bureau free of charge. This year 247 former students and graduates registered.

Dr. Jorgensen is assisted in his duties by his secretary, Mrs. June Klongerbo. During the second semester of each year, when the placement activity is most rushing, a part-time student assistant is employed. Last spring Miss Shirley Gillgard, a senior business-education major, served as the student assistant.

An old timer is one who remembers when it cost more to operate a car than to park it.

DR. ROY H. JORGENSEN, director of the University Teacher Placement Bureau, which last year received notice of 3,222 teaching positions.

2 New Men to Join Staff of KFJM-TV

Scott Bryce, television director at WMT-TV Cedar Rapids-Waterloo, Iowa, will join the University faculty Sept. 1 as assistant director of KFJM-TV, the University's radio-television station.

Bryce has a master's degree from the State University of Iowa and will replace Mrs. Evonne Schulze whose husband Rolf Schulze, a recent UND graduate, has accepted an assistantship at Michigan State University.

Richard Korfhage, presently an announcer at KNOX-TV, Grand Forks, will join the KFJM staff as program director. A new addition to the staff, he is also a recent UND graduate.

BECK ON SPEAKING TOUR

Dr. Richard Beck, head of the UND department of modern and classical languages, will leave Friday for a speaking trip on the West Coast.

Dr. Beck will speak at an annual Icelandic celebration in the Peace Arch Park, Blaine, Wash. on "Ancestral Land and Cultural Heritage."

As president of the Icelandic National League of America, he will address chapters of the League in Vancouver, Blaine and Seattle, Wash.

Opera Under the Stars

AUNT SARY (Myrtle Vick) and Grandpa (Ralph Sollom) watch with interest as George (Ken Sherwood), home from his travels, tries to win back the lost affection of Jess (Marjory Swenson) in the University Grass Roots Singers' production of "Smoky Mountain." The folk opera was presented Monday and Tuesday in the JC band shell in Central Park under the direction of James T. Fudge, assistant professor of music. Paul Lundquist was musical director.

'Smoky Mountain' Folk Opera Ends 2-Night Performance Under Stars

Central Park became the "Top of Old Smoky" Monday and Tuesday as the University Grass Roots Singers presented the folk opera "Smoky Mountain" by Eusebia Hunkins.

A musical setting of five folk tunes provided the background as George (Ken Sherwood) returned to his mountain home to find his girl Jess (Marjory Swenson) fallen prey to the charms of Ben (Roger Hedlund), a rather elusive character.

Plot Twist

Another twist to the plot unfolded when it was found that Ben had jilted the moonshiner's daughter, Arabella (Peggy Costain).

The moonshiner's shotgun played a major role in the outcome, persuading Ben that maybe Arabella wasn't so bad after all.

George finally wooed Jess back into his arms, and all ended well.

Claudia Gullickson took over the role of Jess, for the second performance and Mildred Gratz played Aunt Sary Tuesday. Myrtle Vick

played Aunt Sary Monday.

Ralph Sollom as Grandpa and John Harty completed the cast.

The opera was directed by James T. Fudge. Orchestration was provided by Mrs. E. L. Lium, Ray Bostrom and Paul E. Lundquist, musical director.

Aviation Men To Talk Here

Dr. Evan Evans, executive director of the National Aviation Education Council, will speak to educators, education students and interested persons 2nd, 3rd and 4th periods Thursday in the Education building auditorium.

His trip is sponsored by Everett Collins, aviation educationist for the North Central Region of the Civil Air Patrol at Minneapolis-St. Paul International Airport.

The men will be flown here by Lt. Col. Walter P. Williams, U. S. Airforce liaison officer to the North Central Region of the Patrol. All three men will speak.

Education Organization

The NAEC is a voluntary educational organization sponsored by the airlines, aircraft manufacturers, the U. S. Airforce, and the State Aeronautics Association directors.

The council promotes aviation education in schools and provides courses of study and curriculum materials.

Aviation Materials

The three men will discuss ways of using aviation material in all classes, elementary and secondary and will have available audio-visual material and pamphlets on the subject.

Some classes will be meeting in the Education auditorium at the time of the lectures and anyone interested is invited to sit in, according to Dean M. L. Cushman of the College of Education.

Members of the Sertoma Club, Grand Forks service club, were guests of the University Medical Rehabilitation Center Tuesday. Members included, left to right, Cameron Hanson, President Bob May, Bill Hogan, Bob Shephard, Ken Koch, physical therapist of the Rehab Center, and Dave Vaaler.

UND's Influence Expanding, Starcher Tells Newcomens

It must be a part of the public conscience of the University and of the state to teach increasing numbers how to live and manage a dynamic and accelerating world of resources, conflicts and ideas, UND President George W. Starcher, said Thursday.

He spoke to 70 members of the Newcomen Society in North America and their guests at a dinner meeting in the Grand Forks Country Club.

Influence Expanding

"Given the necessary financial support, the quality of academic excellence . . . becomes the responsibility of all of us in the University. The sphere of the University's influence upon the life and development of the state is ever expanding.

"The story of the past makes it clear that the real strength of the University is not in its physical plant . . . but in its faculty, students, and in the spirit of working together with all those who would make this a better world."

Dr. Starcher summarized the 75 years of growth of the University and emphasized his indebtedness to Prof. Louis G. Geiger's UND history "University of the Northern Plains."

Credits Alumni

Alumni and friends of this University throughout the state, and all over the world, through their interest, work, and financial support contribute to the building of a greater University, said Dr. Starcher.

Presiding at the dinner was Eric H. Morrison of Philadelphia, vice president of the Society. M. M. Opegard, editor and publisher of the Grand Forks Herald, introduced President Starcher.

NOTICE

Applications for Summer Session housing for 1959 will be accepted on Aug. 6 at 5 p.m. in Room 9 Old Main. Application blanks may be picked up anytime at the Office of Resident Services.

1887—June 16—University seriously damaged by wind storm.

NBC-TV On Location

STAGE FRIGHT? In the best tradition of great actresses the young lass above quails slightly before the merciless eye of the NBC-TV camera in the left background. Perhaps she's asking one of her fellow thespians if her make-up is on straight. Its all part of the filming of Dr. Rowe's typewriting study, shown Wednesday morning on NBC's network show "Today." Technicians in the background can be seen preparing to shoot the seven-minute presentation.

'58-59 Artist Series Program To Feature Five Performances

The 1958-59 Artist Series, presented by the Grand Forks Community Music Association, will feature a male vocal quartet, a soprano, a male instrumental quartet, and a tenor.

The Grand Forks Symphony Orchestra will be included in the series, and will feature VERA FRANCESCHI of New York City as piano soloist.

Series Opens Nov. 10

The series will open Monday, Nov. 10 with the REVELERS, a male vocal quartet.

Opera and recital soprano, LISA DELLA CASA will appear Wednesday, Nov. 19.

The Grand Forks Symphony Orchestra will be heard Sunday, Jan. 18 at 3:30 p.m., the only afternoon program in the series. Miss Franceschi, piano soloist, has appeared with several of the major symphony orchestras of the United States.

Quartet to Appear

The FESTIVAL QUARTET will make its appearance Wednesday, Feb. 11. Members of the quartet are: Victor Babin, pianist; Szymon Goldberg, violinist; William Primrose, violist; and Nikolai Graudan, cellist. This quartet was quickly

sold out for its first two tours and its 1958-59 available dates are already filled.

Closing the series April 3 will be operatic tenor BRIAN SULLIVAN. Sullivan has been a member of the Metropolitan Opera and San Francisco Opera Productions.

No Advance in Prices

The entire series will be held in Central High School auditorium, and all programs will begin at 8:15 p.m. except that of the Grand Forks Symphony.

There will be no advance in prices for the coming season. Season tickets will sell at \$7.80 and \$6.00.

Patrons who requested the same seats for the 1958-59 series are advised that their orders will be filled Aug. 1 to Aug. 15 and mailed to them. Those requesting a change of location must submit their request in writing, enclose the remittance, and mail to John Howard, University Station, Grand Forks.

General sales will begin Wednesday, Sept. 3.

University and high school students may purchase a season ticket for the single admission price of \$3.60. All tickets for a single performance will be \$3.60.

● Panorama

(Continued from Page One)

tions of burned out log and are made to "talk" through the different tones which are produced.

Powlinson says that the sound of these drums can carry up to 20 miles and more.

Demonstrate Foreign Dress

Another highlight of the program will be "Dress In Many Lands" in which members will wear clothing worn in countries they have worked in. Among those illustrated will be Africa, Japan, and Afghanistan.

There will also be greetings in many languages such as Yagua (Peru), Tagalog (Philippines), and Persian (Afghanistan).

The "Panorama" will be one of the final events of the Summer Institute which ends Aug. 29. At that time most of the members will return to their fields of work in different countries.

Language Preparation

The courses taken during these summer sessions prepare the missionaries for cultural and linguistic problems which may be encountered while working in foreign lands.

Dr. Richard C. Stone, assistant director, said that the Institute has a twofold purpose: to reduce to writing the numerous languages used by the jungle tribes; and through this to bring literacy, civilization and Christianity to the Indians.

HERE PAUL POWLINSON, a member of the Summer Institute of Linguistics, demonstrates how Peruvian tribes use Bora drums to communicate.

**Noted Lawyer
Alumnus Visits
Grand Forks**

Charles D. Hamel, alumnus of the University of North Dakota and nationally known Washington, D. C. lawyer, briefly visited Grand Forks recently.

Hamel received his Bachelor of Arts degree from the University in 1903. He studied law at the University while night telegraph editor of the Grand Forks Herald. He received his law degree in 1907 from the National University Law School.

Hamel is the author of "Practices and Evidences—United States Board of Tax Appeals," and has written many articles on taxation and tax procedures.

Educationists Hear Riepe

Dr. Dale Riepe, head of the UND philosophy department, spoke on higher education in Japan Monday in the Education building auditorium.

He spoke to members of Phi Delta Kappa, men's professional education fraternity. He recently returned from Tokyo where he was a Fulbright professor last year.

ISABEL (LOIS OLSON) appears to be listening to her ghost, as the village doctor (Jim Stromberg) tries to dissuade her from her notions of fantasy, in the Dakota Playmakers reading production of "The Enchanted."

(Continued from Page One)

investigation because she has been teaching her strange ideas to the children in the village school.

The climax is reached when Isabel faces the decision of whether to accept life or death, in the form of the ghost.

Members of the cast are: Bill Rene, the mayor; Jim Stromberg, the doctor and the 1st executioner; Gareth Jeffers, Daisy; Nell Henley, Lucy; Ray Dickie, the inspector; Gil Record, the supervisor and the 2nd executioner; Moonyeen Thorfinnson, Armande Mangebois; Charlotte Record, Leonide Mangebois; and Kenneth Kubat, the ghost.

The play is directed by Dorothy Jarman.

**Let Contracts
For Walsh Hall**

Contracts for a new men's dormitory at the University of North Dakota were awarded Saturday by the Board of High Education. Low bidders received the contracts.

The general contract went to Eickhof Construction Company of Grand Forks for \$430,900.

The dormitory, to be constructed north of Beck Hall, will house 257 male students and a head resident. The building will be known as Walsh Hall and is expected to be occupied in September 1959.
