U Registration Reaches New High

Foreign Language Institute Invites Public to Summer Session Events

A series of art exhibits, English and foreign language lectures, and French and German movies are planned for the Summer Foreign Language Institute at the University of North Dakota, according to Norman B. Levin, director.

The institute, supported by funds from the National Defense Education Act, will give 42 area high school teachers of French and German eight weeks of concentrated foreign language study, Levin said.

The films and lectures are open to the public, Levin said. They provide an opportunity for the people of the area to share in features brought to the UND campus and to see what is being done to improve education, he said.

Three art exhibits, on the third floor of Merrifield Hall, will hang during the institute. The first, from June 16 to 23, will be "French Universities and Their Pursuit of Freedom"; the second, July 1 to 8, "La Revolution de 1848," and, July 25 to Aug. 1, "Some Highlights of the Sciences in France."

Each week night during the institute a lecture or film in English, French or German will be held for participants. Monday nights will feature travel lectures by five of the exchange professors from foreign nations. They will lecture on their

native country in the native tongue.

Tuesday nights, French-language films will be shown. Wednesdays, there will be lectures in English on language teaching problems by institute professors from other U. S. colleges and universities. Thursday nights, German-language movies will be shown.

All evening programs will be at 7:30 in room 300 of Merrifield Hall.

The schedule of films includes Inspector Maigret, June 21; The Marriage of Figaro, June 23; The Sheep has Five Legs, June 28; Christina, June 30; Under the Roofs of Paris, July 5; The Captain from Koenig, July 6; Royal Affaire in Versailles, July 12; The Threepenny Opera, July 14; Please Mr. Balzac, July 19; Dreaming Lips, July 21; Paris 1900, July 26, and Wonderful Times, July 28.

Four evening travel lectures will be given in German and French. On June 20, Rudolf Busch will give an illustrated travel lecture on Germany, in the German language. Other dates, speakers and subjects

Summer Session Enrollment Total Still Incomplete

Enrollment at the 1960 summer session at the University of North Dakota again hit a new high.

At noon Wednesday Registrar Ruby M. McKenzie reported that although figures were incomplete the total was ahead of the 1,266 at the same time last year. Last year's final figure was 1,308.

Additional registrations will be added to the present figure after the Friday deadline.

Classes started Tuesday under the direction of 110 resident faculty members and 44 summer session faculty and conference guests. Dr. Christopher J. Hamre, dean of the graduate school, is director of the summer session.

The session offers studies for graduate students, undergraduates and high school graduates who wish to begin their college work during the summer session rather than the fall semester.

This year's summer session

This Was Registration Day

LEFT—Where do we go from here?

CENTER—Get in line, and be comfortable if you can.

RIGHT—At last! This is the end of the line.

Win Barr Awards

Frank receives award from Mrs. Barr, wife of the late Paul E. Barr.

Vincent Frank, Fargo, and Mrs. Carolyn L. Kranzler, Park River, have been named winners of the Paul E. Barr Memorial Award in Art for 1960. Both students received degrees at June commencement activities at the University of North Dakota.

Mrs. Kranzler

According to R. A. Nelson, chairman of the UND art department, the Barr Award is given in memory of Paul E. Barr, head of the University art department from 1928 to 1953. The \$50 annual prize was established by Professor Barr's family and winners are selected upon recommendation of the art department faculty. Character, talent, and promise in the field of art are considered in making the selections.

The awards were presented by Mrs. Barr, a member of the business education faculty at the University.

Selected from 206 Applicants:

Six States Represented by 55 Students At Annual Science-Mathematics Camp

Fifty-five high school students from six states were selected to attend the second annual Science-Mathematics Camp which opened Sunday at the University and will continue through June 25.

Fifty-one were selected from 206 applicants from 16 states, and the other four won all-expense stipends for being the top winners of the North Dakota State Science Fair.

Dr. Paul B. Kannowski of the UND biology department is director of the camp.

The camp is sponsored by the National Science Foundation, which provides support for up to half the cost to each participant, if requested.

To be eligible to apply, a student had to be in the top 10 per cent of his class, have at least one more year of high school work remaining after the camp, and show a marked interest in science and mathematics.

The students will attend classes in the mornings, taking three courses—Mathematic Applications in Science, History of Science, and Introduction to Scientific Literature. In the afternoons, each student will participate in a research project in six fields.

The fields of research participation are Biology and Medicine, Chemistry, Earth Science, Engineering, Mathematics and Astronomy, and Physics. Field trips are planned to the computer center at the Grand Forks Air Force Base, the Charles R. Robertson Lignite Research Laboratory and the Turtle River State Park.

Out-of-state students chosen include:

Alice Chenault, Decatur, Ala.; Robert Sielken, Arlington Heights, Ill.; Tim Bredahl, Central high school, East Grand Forks, Minn.; Dennis Baker, Sacred Heart high school, East Grand Forks, Minn.; Lauren Lampi, Grand Rapids, Minn.; Peter Getman, Luverne, Minn.; David Fisher, Warren, Minn.; Larry Bieber, Bancroft, S. D.; Bryan Stevens, Britton, S. D.; Tom Parker, Hettinger (N. D.) high school, Lodgepole, S. D., and Neil Stillings, Appleton, Wisc.

North Dakota students include:

Patricia Murray, Beulah; Linda Rakow, Buffalo; William Zimmerman, Cathay; Carrie Flaagan, Crary; Nancy Gjovig, Crosby; Bill Neumann, Crosby; Jeanne Herhusky, Dickinson; Joanne Weinlaeder, Drayton;

Gail Ziegler, Emmet; Howard Johnson, Jr., Fairdale; Jane Fossum, Agassiz junior high school, Fargo; Mary Hughes, Central high school, Fargo; Elizabeth Caldwell, Central high school, Grand Forks; Orin Anderson, Williston high school, Grenora;

Jon Schmidt, Harvey; Lowell Nelson, Haynes; Julian Fossen, Fessenden high school, Heimdal; Clayton Miller, Hettinger; Roderick Reinke, Hettinger; Paul Swardstrom, Hurdsfield; Curtis DuRand, Jamestown high school; Patricia Sullivan, St. John's Academy, Jamestown; Garry Hallquist, Lisbon; Sally Kaspari, Lisbon;

Judith Kraft, Mapleton; Kermit Kelm, Milnor; Rodney Stockstad, Milnor; Judith Erb, Ramstad junior high school, Minot; Lynette Wentlandt, Mott; Darrell Leier, Napoleon; Melanie Brager, Northwood; Charles Orvik, Northwood; Robert Rust, Northwood; Jerrald Swenson, Northwood;

Martha Hagen, Oakes; Marlene Jaeger, Rugby; Vernon Dockter, Streeter; Cecelia Zainhofsky, Town-er; Gail Hammer, Velva; Karen Loberg, Velva; Pat Hermes, Wahpeton; Gail Johnson, Wahpeton; Sharon Smylie, Wheatland; and LeRoy Eide, Williston.

The Institute is designed to provide opportunity for talented students to investigate the nature of work and activities in various areas of science, to encourage independent study when they return to school, and to motivate them to continue education in a scientific field.

WINS A SCHOLARSHIP

Karen L. Caswell of Bismarck, a junior at the University, was awarded one of the 82 scholarships granted in the United States by the Board of Home Missions of the Congregational Christian Churches.

For Faculty Research, Creative Work:

Grants Awarded to 15 Projects

Grants for 15 research and creative projects sponsored by the University of North Dakota have been awarded to faculty members, according to Dr. George W. Starcher, president.

A total of \$4,480 was appropriated for the grants, according to Dr. Louis G. Geiger, chairman of the faculty committee on research and creativity. Amount of the grants varied from \$100 to \$500 each.

Purpose of the program is to provide grants-in-aid for faculty members to do the research and creative work which is an essential part of a university program, Starcher said. The grants, although not large, enable a professor to develop an idea to the stage where it will appeal to a large foundation which has larger sums of money available for supporting such research.

Winners of the grants are:

Walter J. Bo, associate professor of anatomy, to provide animals and materials for a preliminary study of "Phosphoglucomutase Activity in Stratified Squamous Metaplastic Epithelium of the Uterus."

David R. Brown, instructor of art, to provide materials for painting for a project to "Recreate or Restate by Plastic and Pictorial Means the Essential Mood of the Northern Great Plains."

John H. Dismant, professor of mining engineering, materials and expenses for an "Investigation of Leonardite as a Potentially Cheap Chemical Reagent for Flotation, etc."

Edward S. Halas, assistant professor of psychology, for assistants, animals and apparatus for a study of "Instrumental Conditioning in the Planarian." The planarian is a type of small, water worm.

John Harnsberger and **Robert Wilkins**, assistant and associate professors of history, for purchase of microfilmed newspapers, and expenses to continue study of "The Economic Development of the Red River Valley, 1858-1893."

Kenneth Heller, assistant professor of psychology, assistants and

materials for a formulation of "An Approach to the Study of Personality through measurement of Overt Behavior."

James Howard, assistant professor of sociology and anthropology, for travel expenses and payment of linguistic informants for "The Translation and Interpretation of the White Bull Manuscript."

Stanley O. Johnson, assistant professor of art, for sculptural materials for "A Study of Cast and Wrought Sculpture."

Mark Rich, assistant professor of geology, for preparation of additional microscopic samples for continuation of a "Microscopic Investigation of the Stratigraphic section of the Bird Spring Formation Near Lee Canyon, Clark County, Nevada."

Elwyn B. Robinson, professor of history, expenses for continued work on his "History of North Dakota."

Foster Y. St. Clair, chairman of the department of English, for travel expenses to Cambridge, Mass., to continue studies of "Dating the Sonnets of Shakespeare," and trans-

lation of "The Lays of Marie de France."

Frank Steckel, assistant professor of industrial arts, for materials and apparatus for an "Investigation of the Electronic Diagnosis of Internal Combustion Engine Ignition Difficulties."

James Stewart, assistant professor of chemistry, for expenses to develop "A Convenient Method for Detecting Enzyme Inhibitors."

George Wheeler, chairman of the biology department, for travel expenses for a study of "The Ecology and Habits of Veromessor Lobognathus." The Veromessor Lobognathus is a species of ant.

Farhang Zabeeh, assistant professor of philosophy, for expenses of preparing the book, "Hume, Precursor of Modern Empiricism," for publication. The book has already been accepted for publication by Nijhoff's, The Hague, Netherlands.

Members of the faculty research committee in addition to Geiger, are Philip Cory, D. J. Georgacas, Archie L. Gray, Lawrence Summers, Donald Severson and William E. Koener.

Motivation of Superior Students To Be Subject of Two Lectures

Dr. J. Ned Bryan of Evanston, Ill., director of the North Central Association of College and Secondary Schools project on Guidance and Motivation of Superior and Talented Students, will speak to participants in the Summer Institute for High School Teachers of Science and Mathematics at the University of North Dakota.

Dr. Bryan will speak Thursday, June 16 on "Providing Potentially Superior Students in Science with Effective Educational Environments," and Friday his topic will be "Science Teachers for the Talented," according to J. Donald Henderson,

director of the institute. Both speeches will be at 1:30 p.m. in Walsh Hall recreation room.

Bryan received a bachelor's degree from Marshall college, Huntington, W. Va.; a master's degree from the University of Virginia, and a doctor's degree in science education from Columbia university.

Bryan was director of a project on the Identification and Education of the Academically Talented Pupil for the National Education Association. Before that he was chairman of the department of curriculum and teaching in the School of Education, Rutgers, the state university of New Jersey.

He is a member of the National Science Teachers association, Phi Delta Kappa and Kappa Delta Pi honorary societies.

President Welcomes Summer Students

We welcome all of our summer school students and faculty to what may prove to be a record summer session. More important than size is the quality, the wide variety of interests represented and the seriousness of purpose evident throughout the student body.

We want all of you to know that you belong and that you are expected to have an active part in the life of the University. A varied and interesting program is available to you and we hope you can take full advantage of the opportunities that are yours this summer.

May you find what you want here, achieve certain goals you have set for yourselves and find real pleasure in your work this summer.

Dr. Starcher

George W. Starcher
President

Calendar of Coming Events

- June 12-25**—Science - Mathematics Camp for Talented High School Students
- June 13-July 9**—Workshop in Economic Education
- June 13-Aug. 6**—Research Participation for High School and College Teachers
- June 13-Aug. 6**—Research Participation for Undergraduate Students
- June 13-Aug. 6**—Summer Foreign Language Institute
- June 13-Aug. 6**—Summer Institute for High School Teachers of Science and Mathematics
- June 13-Aug. 26**—Summer Linguistic Institute
- June 20-Aug. 3**—Speech Clinic
- June 26-July 17**—International Music Camps
- July 12-16**—Guidance Workshop
- July 18-22**—Administrator's Conference Workshop
- July 25-29**—Aerospace Education Workshop
- July 25-29**—County Superintendents Workshop
- July 31-Aug. 13**—Hockey Clinic

Student Union Summer Hours

Building Hours

Monday thru Saturday—6:30 a.m. to 7:00 p.m.
Sunday—9:00 a.m. to 7:00 p.m.

Store

Monday thru Friday—10:00 a.m. to 1:00 p.m. and 5:00 p.m. to 6:30 p.m.
Saturday and Sunday—Closed

Snack Bar

Monday thru Saturday—8:00 a.m. to 6:00 p.m.
Sunday—1:00 p.m. to 6:00 p.m.

Cafeteria

Monday thru Saturday—(Breakfast) 6:45-8:00 a.m. (Lunch) 11:30-12:30 p.m. (Dinner) 5:00-6:00 p.m.
Sunday — (Breakfast) 9:00-10:00 a.m. (Lunch) 12:00-1:00 p.m. (Dinner) 5:00-6:00 p.m.

Bowling Lanes

Monday thru Saturday — 12:00 p.m. to 7 p.m.*
Sunday—Closed.

Game Room

Closed for season.

Bek Hall

Snack Bar—8:30-10:00 p.m.
*Subject to close without further notice.

Contributions Invited by Summer Paper

Eight issues of the Dakota Student will appear during the summer session.

The paper will be published each Thursday morning and will be distributed each publication day at three places on the campus:

1. Bulletin board in the basement of Old Main, the Administration building.
2. Education building.
3. Student Union cafeteria.

The paper is written and edited by summer session students in journalism, under the direction of Paul C. Schmidt, journalism instructor, and with the help of Harvey K. Jacobson, director of the University News Bureau.

Contributions in the form of news stories, notices, announcements and letters to the editor are welcomed.

These may be delivered to Room No. 5, Merrifield Hall, or to the University Press, or may be addressed to the Dakota Student and left at the faculty exchange on the first floor of Old Main.

Convocations

Thursday, June 30, 8 p.m., Union Ballroom—Dr. William S. Howell, "Radio Moscow."
Monday, July 18, 10:15 a.m., Union Ballroom—Marshall Izen, Piano Satirist.

Art Exhibits

Third Floor, Merrifield Hall
June 16-23—French Universities
July 1-8—La Revolution De 1848
July 25-Aug. 1—Science in France

NOTICE

Will do typing in my home. Call 4-7251 or 2-3557 after 6 p.m.

Staff: _____

THE DAKOTA STUDENT

Published each week during the summer session at the University of North Dakota by student in journalism.

STAFF MEMBERS: Esther Busch Bernard, Judith Viola Eckles, Lois Marie Reiser, Arlene Nesheim. **Advisors:** Paul C. Schmidt, Harvey Jacobson.

Worth Quoting . . .

Some 18 centuries ago a tired emperor, wrapped in his soldier's cloak, pondered by a campfire in frontier wilderness, and so brought forth a guide to ethical behavior valid even now. Even today, "The Meditations of Marcus Aurelius" is more read in the Western world than any other ancient book except the Bible.

The lonely course and the gentle justice of these thoughts have thus strengthened men of action from Captain John Smith and General Robert E. Lee through Frederick the Great and Britain's Charles "Chinese" Gordon. For Marcus was no armchair philosopher but a man burdened with responsibility for the greatest empire in the world. His sermons were not directed at others; the more exact title of his timeless

(This column reprints editorials and other statements of interest to our readers. Contributions are welcomed. Views expressed are not necessarily those of the Dakota Student.)

work is "Marcus Aurelius to Himself." What he set down there in his tent, with the north wind blowing the flame of his lamp in a guttering stream, was all to make himself a better man:

Every moment think steadily as a Roman and a man to do what thou hast in hand.

If it is not right, do not do it; if it is not true, do not say it.

Live as on a mountain.

A man must stand erect, not be kept erect by others.

Look within. Within is the fountain of good and it will ever bubble up, if thou wilt ever dig.

Whatever anyone does or says, I must be good, just as if the emerald were always saying this, "Whatever anyone does or says, I must be emerald and keep my color."

Rintelmann to Head Speech-Hearing Clinic

The speech and hearing clinic of the University of North Dakota will be operated on a day-school basis during the University's summer session, June 20 to August 3.

Clinic director will be Dr. William F. Rintelmann, assistant professor of speech at UND, and clinical supervisor will be Dr. Daphne Bennett, visiting faculty member from Los Angeles.

A limited number of children with speech problems have been admitted for remedial training.

U Geologist, Wife To Tour Europe

A University of North Dakota geology professor and his wife will visit Europe this summer, combining vacation travel with attendance at professional meetings. They are Dr. and Mrs. Mark Rich. Rich is an assistant professor of geology at UND.

They will leave Montreal aboard Canadian Pacific's Empress of Britain on June 21 and land in Greenock, Scotland, June 27. They will tour Scotland and England by rail and bus until July 9, and then fly to Brussels to accept delivery of an automobile which will be used to travel through the Continent. They will then tour Holland, France, Switzerland, Italy, Israel, Greece, Austria and West Germany, finishing on August 14 in Copenhagen.

FAMILY SUPPER TONIGHT

Karen Trydahl will play dinner music on the piano at the first family buffet supper in the Student Union barroom Thursday, June 16. Serving starts at 5:30 p.m. Prices are \$1.50 for adults and 75 cents for children.

GET THOSE ANNUALS!

Students who have signed up for the 1960 Dacotah Annual may still pick up their books at the office of the University Press. These books must be picked up before July 1.

HUTMENTS AVAILABLE

Due to last minute cancellations, two University furnished hutments are available for married summer school students, Loren F. Swanson, director of residence services, reported Wednesday.

National Science Program Brings Eight Researchers to Campus

Seven North Dakota and Minnesota high school teachers and one Iowa college instructor were selected for a program of research participation sponsored by the National Science Foundation at the University of North Dakota.

The eight will have the use of the research and science facilities at UND until August 6. Purpose of the program, which began Monday, is to provide the academic atmosphere of research which will enrich the ability of the participants to teach, according to Dr. Francis A. Jacobs, associate professor of biochemistry, who is director.

James C. Petterson of Littlefork, Minn., high school will do research under Dr. Walter J. Bo, associate professor of anatomy; Ernie F. Kleingartner, Lisbon high school, Dr. Theodore H. Snook, professor of anatomy; Thomas J. Pachall, Washington high school, St. Paul, Minn., Dr. Jacobs;

Robert Hullinger, Grand Forks high school, Dr. Donald E. Severson, professor of chemical engineering; Dwight J. Holter, Westhope high school, Dr. Edward J. O'Reilly, associate professor of

chemistry; Oren E. Johnson, Buffalo, Minn., high school, Dr. Roland G. Severson, professor of chemistry;

Jack Sholund, Hibbing, Minn., high school, Dr. Earl N. Mitchell, assistant professor of physics, and Deloris F. Palmquist, Morningside College, Sioux City, Iowa, Dr. Helge E. Ederstrom, professor of physiology and pharmacology.

Under the program of research participation for teacher training a participant may earn credit toward an advanced degree. The National Science Foundation pays fees and costs plus allowances for travel and living expenses.

ROPER SPEECH PUBLISHED

"The Intellectual Renaissance," a speech given by Elmo B. Roper, opinion analyst, at the University of North Dakota's 24th annual Honors Day convocation in April, appears in the current issue of Vital Speeches magazine.

NOTICE

The University Press will be closed for vacations, August 8 through August 21, inclusive.

Six Foreign Professors on Faculty: 42 Selected for Language Institute

Six exchange professors from foreign lands are on the faculty of the Summer Foreign Language Institute at the University of North Dakota, according to Norman B. Levin, director of the institute. The institute opened Monday. It will run through August 6.

A staff of 13, including two from the UND faculty, has been selected for the institute, which is sponsored by a grant awarded to UND under the National Defense Language Development Program, authorized by the National Defense Education Act. Levin, the director, is assistant professor of modern languages at UND.

Forty-two participants have been selected for the institute.

Exchange professors include Rene Armand, from the University of Grenoble, France; Dr. Fernande Bassan, the University of Paris, France; Rudolf Busch, from Goettingen University, West Germany; Andre Girod, University of Paris; Peter Niesner, University of Graz, West Germany, and Gabriel Savignon, University of Grenoble. All will be lecturers.

Other members of the institute faculty include Dr. David Bronsen, teaching fellow at Harvard University, Cambridge, Mass.; Dr. James H. Howard, assistant professor of sociology and anthropology at UND; Dr. Edith Kern, professor of French at the University of Pennsylvania, Philadelphia; Dr. Judice Mendels, associate professor of French at Lewis College, Lockport, Ill.; Dr. Jay Paul Minn, assistant professor of Spanish and French at Purdue University, West Lafayette, Ind.; Dr. L. C. Porter, assistant professor of French, Cornell University, Ithaca, N. Y., and Hywell C. Rowland, chairman emeritus of the music department at UND.

Language informants are Mrs. Elvira Boden, Mrs. Wallace Bulger and Mrs. James Howard, all of Grand Forks. Laboratory assistants are John W. Barden, Tioga, and Sheila Pratt and John F. St. Clair, both of Grand Forks. Laboratory technician is Thomas Havig, Williston.

The 42 participants are teachers or prospective teachers of French and German. Objective of the program is the preparation and upgrading of secondary school teachers to make it possible for more high schools in the area to obtain language teachers. Each participant will receive \$75 per week plus \$15 per week for each dependent. In addition, tuition will be waived.

Participants and dependents will be housed in University dormitories and will be divided into groups depending on their language specialization. These groups, with their advisors, teachers and informants, will live and eat together so that they may become more familiar and proficient with the spoken language.

Participants, listed by name, address, and schools they represent, include:

Janice Marie Bakken, Rugby high school; Theodore S. Berkas, New London, Minn., high school; Paul Bouchard, Marble, Minn., Greenway high school; Bernard D. Carlson, Cavalier, Cavalier special;

Perley O. Draffehn, Columbus

high school; Mrs. Olga Erickson, Libby, Mont., high school; Judith E. Feist, Larimore high school; Mrs. Joellen Finch, Long Prairie, Minn., high school; George Flasschoen, Clearwater, Neb., public schools;

John E. Goodman, Drayton city schools; Sister M. Anne Louise (Hablas), New Rockford, St. James high school; Kenneth John Henseler, Brandon, S. Dak., high school; Beatrice E. Hokana, Grand Forks, UND student; Mrs. Elsie M. Iverson, Bismarck, Richholt high school.

Katherine Kispert, Stillwater, Minn., high school; Joe A. Kleinsasser, Bancroft, S. Dak., public school; Alvin Roger Krein, Ashley public school; Donald A. Kuzma, Biwabik, Minn., school; Mrs. D. J. Lamb, Michigan high school;

Mrs. Echo M. Leiviska, Aurora, Minn., Aurora-Hoyt Lakes high school; Mrs. Jaunita Luessen, Valley City, student; Charles M. Mackenzie, St. Paul, Minn., high school; Teddy D. Mahto, Jr., Pelican Rapids, Minn., high school; Mrs. Frances McConnell, Churchs Ferry high school; Robert Keith Muhs, Binford high school;

W. H. Mundinger, Garrison high school; Elmer A. Nies, Goodridge, Minn., Independent school district No. 561; Mrs. Donald C. Porter, Pembina high school; Mrs. Eleanor F. Przymus, Trent, S. Dak., Independent school; William L. Raaen, Maddock, Benson County Agricultural and Training School; Bernard Henry Schepers, Hutchinson, Minn., high school; Sister M. Scholastica, O. S. B., East Grand Forks, Minn., Sacred Heart high school;

Adam Schweitzer, Williston high school; Wilmer Stolt, Munich Special; Mrs. Ives H. Streu, Hatton high school; John Sunderland, Crystal high school;

Dale R. Thoreson, Crookston, Minn., Central high school; Mrs. Gertrude S. Trodahl, Leonard high school; Mrs. Ruby Katherine Walters, Fargo, Dilworth, Minn., public high school; Marvin W. Weiss, Tioga high school; Edwin M. Wieland, Lewiston, Neb., consolidated schools; Alta Gregg Witzigman, Minneapolis, Minn., Fridley high school.

Joins ROTC Faculty

Col. Lloyd E. Patch, professor of military science at the University of North Dakota, has announced the appointment of Capt. James A. Graham, Jr., as assistant professor of military science.

Captain Graham graduated from the University of North Dakota with a degree in mathematics and education in 1952 and received an ROTC commission at that time. Captain Graham attended the Associate Company Officers Course at Fort Benning, Ga.

Capt. Graham

Capt. Graham, a native of Grand Forks, now resides at 320 North Fifth Street with his parents, Mr. and Mrs. James A. Graham.

Enrollment of 50 to 60 Predicted For Two-Week Summer Hockey Clinic

Enrollment for the second annual University of North Dakota summer hockey clinic this week took a solid upturn as prepsters from around the state concluded regular academic endeavors.

A predicted enrollment of 50 to 60 students for the two-week clinic was made by Sioux hockey coach

Barry Thorndycraft, who is chief instructor for the summer session, which runs from July 31 through August 13.

Devils Lake continued to lead North Dakota city enrollments this week with 21 boys from ages 12 to 17 enrolled. Registrations from Grand Forks mounted this week but still trailed the Lake City.

Greater Grand Forks youth 10 years and older will be permitted at the clinic. However, out-of-town boys must be 12 years old. The NCAA prohibits boys who have completed high school from enrolling at the clinic.

Clinic students will be housed and fed on the campus, with local stu-

dents permitted to live at home, according to L. R. Marti, University athletic director.

The fee for the two-week session is \$40, half of which must accompany the registration blank. The remainder is paid July 31. Registration blanks may be obtained from Lee Bohnet, assistant clinic manager, at the University Fieldhouse.

The instructional staff for the clinic includes Thorndycraft, Sergio Gambucci, hockey coach at Grand Forks Central high school; Walt Pederson, hockey coach at Devils Lake high school; Butch Bouchard, University freshman coach; Bob Peters, East Grand Forks Central coach; Manny Bertsch of the Grand Forks Park Board program; and several former Sioux varsity players.

UND Grid Stars Sign as Coaches

Two former University of North Dakota All-North Central Conference grid stars have accepted high school football coaching positions in Minnesota.

Don (Stamper) Stueve, former Henning resident, will become head coach at Pelican Rapids high school next September. Stueve was an all-conference fullback and led NCC rushing statistics two seasons.

Dan Schafer of Spring Valley, Minn., All-NCC center last fall, has accepted the line coaching position at Faribault, Minn., high school under head coach Ed Byhre in the Big 9 conference.

Sioux Icemen to Play in England

Five former University of North Dakota hockey players have indicated they will play professional hockey in England next season.

The five, recommended by Sioux head coach Barry Thorndycraft, include Reg Morelli of Hamilton, Ont., All-America center for the Sioux last season; and frontliners Ed Thomlinson of Sault Ste. Marie, Ont., Guy LaFrance and Ron King, both of Fort Frances, Ont., and Les Merrifield of Port Arthur, Ont.

The former University players will play with the Streatham entry in the British Ice Hockey Association, England's top pro league. Streatham and Wembley are London teams in the association, with other teams at Brighton, Nottingham and Paisley, Scotland.

R. H. Stapleford, scout in the British association, negotiated for the Sioux players.

Summer Enrollment Hits New High

(Continued from page 1)

launched several innovations, one of which is the establishment of "three sessions in one." An 8-week session will run June 13-August 6, with two 4-week sessions scheduled June 13-July 8 and July 11-August 6.

The new arrangement has been adopted as an accommodation to students who find it difficult to enroll for the entire summer but find it convenient to take a shorter course.

A total of 263 regular courses are offered for the 8-week session, with 57 and 54 offered in the 4-week sessions.

A number of new programs are offered for the first time in the 1960 summer session, including the sixth-year program in educational administration which will lead to a specialists diploma in educational administration. The program involves one year of work beyond the master's degree.

Other new programs are the graduate program in music education leading to the Master of Education degree, the programs in creative art and art education which will lead to the Master of Arts and Master of Education degree, and new graduate work in English language and literature leading to the Master of Arts and Master of Education degrees.

Sixteen conferences, institutes and workshops supplement the summer session, providing the opportunity for concentrated study in specialized fields. They include:

Administrators conference workshop, July 18-22; aerospace education workshop, July 25-29; county superintendents workshop, July 25-29; guidance workshop, July 12-16; hockey clinic, July 31-Aug. 13; international music camp, June 26-July 17;

Research participation for high school and college teachers, June 13-Aug. 6; research participation for undergraduate students, June 13-Aug. 6; science-mathematics camp for talented high school students, June 12-25;

Speech Clinic, June 20-Aug. 3; summer foreign language institute, June 13-Aug. 6; summer institute for high school teachers of science and mathematics, June 13-Aug. 6, and summer linguistics institute,

June 13-Aug. 26.

Last year's 1,308 enrollment figure does not include 236 students who took workshop and institute courses for credit. Of the 1,308 total, 641 were graduate students, 566 were undergraduates, and the remaining enrollees were special or unclassified students. The students came from 49 counties in North Dakota, 34 states other than North Dakota, and 15 countries.

Commencement is set for August 6 at 10 a.m. July 4 will be the only holiday.

Invites Public

(Continued from page 1)

include June 27, Andre Girod, Paris; July 11, Peter Niesner, Austria; Rene Armand, France; and July 25, Gabriel Savignon, Southeastern France.

Five evening lectures will be in English. On June 22, Dr. Edith Kern will lecture on The Current National Interest in Foreign Languages; June 29, Dr. L. C. Porter, Area Linguistics; July 7, Dr. Robert F. Lado, Language Learning; July 13, Dr. David Bronson, Machine Translation; Dr. C. Meredith Jones, Canadian French, and July 27, Dr. Jay Paul Minn, Developments in College Entrance Requirements in Foreign Languages.

Softball League Meeting Called

The summer softball league will be formed at a meeting in the Fieldhouse clubroom at 4:30 p.m. Thursday, June 16.

All summer school students and faculty members are eligible. Teams will be organized to represent houses, dormitories and independent groups.

Director Rod Bergen said a schedule will be arranged as soon as the teams are organized. Games will be played twice a week.

BE AN UMPIRE, EARN MONEY

The summer softball league needs umpires. The pay is \$2 per game. Anyone interested should call Rod Bergen at the Fieldhouse or 4-8193.

ROTC Students Named for Army Summer Training

Colonel Lloyd E. Patch, professor of military science at the University, has announced the starting date for the annual Army ROTC summer camp training period.

The six weeks of extensive training will commence June 18 at Fort Lewis, Wash.

An annual event for college juniors in the ROTC program, this training will give the advanced cadets a sample of army life under actual conditions. The cadet's individual performance and standing during this indoctrination are graded and reflect highly on his standing in the ROTC program.

A further competitive system of evaluation is determined at the end of the training period to compute each university's standing, to include standings of the universities of the newest states, Hawaii and Alaska.

Advanced students who will take part in the exercises are: Freddie I. Bartholomew, Glasston; Dennis S. Berg, Tokio; Roger S. Borowicz, Strandquist; Marvin F. Dietrich, Grand Forks; Peter K. Frorath, Hannaford; Lawrence E. Grant, Hillsboro; Michael L. Harvey, Grand Forks; Douglas C. Ikelman, Grand Forks; Philip C. Krebs, Lefor;

James F. Kulas, Oslo, Minn.; David J. Landberg, Fergus Falls, Minn.; Donald J. Olson, Grand Forks; Ronald L. Olson, Grand Forks; Robert L. Scott, Carrington; and Oscar J. Sorlie, Buxton.

One additional member, William D. Walston, Branford, Conn., a senior who was unable to attend camp last year, will receive his commission upon termination of ROTC Summer Camp.

PUBLISH NEWSLETTER

The Grand Forks alumnae chapter of Phi Lambda Theta, honorary for women in education, has published a newsletter reporting on activities of the past year.

Mrs. Ina Luadtke, 2015 5th Ave. N., was president for 1959-60, with Mrs. Margaret Barr and Mrs. Ginger Johnson as advisors.
