PREFACE

Three of the papers in this volume present provisional results of research by two members of the faculty of the Summer Institute of Linguistics at the University of North Dakota, Steve Marlett and Bob Dooley. The other is a paper presented in the 1986 SIL-UND colloquium series by Igor Mel'čuk, who was a visiting lecturer that summer.

I would like to thank Kathie Dooley for handling the composition and production, ably assisted by Nathan Dooley. My thanks also to Betty Brown, Hu Matthews and Diana Weber for their editing help.
