Dear Mr. Zagurski:

I have your letter of April 7 and the fight that you mention has been on so long that I am naturally thoroughly familiar with it. This came up with Senators Nye and Frazier were here and while I was Governor, and we have had repeated conferences in the years past.

Also, I have received letters and nearly 100 resolutions from cities, villages and towns, in favor of the 1850 foot project. I think I understand the situation pretty well. I was notified this morning that some more delegates will be down here shortly in connection with this, so we will have to wait and see what we can do.

With just every good wish and hoping you are well and happy, I am

Sincerely,
