# 3 Education Workshops Scheduled

## The Dakota Student

SUMMER SESSION

THURSDAY, JUNE 23, 1960

NUMBER 2

### Parents Invited to Awards Ceremony At Science Camp Conclusion Saturday

By ARLENE NESHEIM

The second annual Summer Science-Mathematics Camp, held at the University June 12-26, is nearing an eventful conclusion with an awards ceremony planned for Saturday morning, June 25, to which parents are invited.

In addition to the morning classes and the afternoon participation on research projects, the students have had an opportunity to hear evening lectures on current research in various fields.

Dr. Paul B. Kannowski of the UND biology department, director of the camp, has conducted the following tours: A trip through the computer center in the SAGE building at the Grand Forks Air Base; the Charles Robertson Lignite Re-

search Laboratory of the U. S. Bureau of Mines; the University of North Dakota Medical Center; and a geological and biological field trip to the University Biological Area near Inkster and to the Turtle River State Park.

The National Science Foundation has sponsored this summer camp through a \$5,690 grant to the University. The all-expense stipends were won by Elizabeth Caldwell of Grand Forks, Julian Fossen of Heimdahl, and LeRoy Eide of Williston.

Juniors represented over half of the group of 57 students; the sophomores next, and the freshmen had three representatives. The science enthusiasts were selected from Alabama, Illinois, Minnesota, North Dakota, South Dakota, and Wisconsin.

These happy North Dakota science enthusiasts are, left to right: Clayton Miller, Hettinger; Gail Hammer, Velva; Paul Swardstrom, Hurdsfield; LeRoy Eide, Williston, and Judy Kraft, Mapleton. They found the Computer Center at the Air Force Base most interesting.

### Series in July To Begin With Administrators

Three workshops related to the field of education are scheduled at the University during July. They are:

\* \* \*

#### ADMINISTRATORS

"From School Program to School Plant" will be the theme of the ninth annual School Administrators' Conference Workshop July 18-22.

The program will emphasize the problems of planning, erecting and financing the school plant. The schedule includes general sessions, group discussions, seminar discussions and Phi Delta Kappa activities. One hour of graduate credit is offered.

Dr. Gray

Members of the staff of the College of Education, the State Department of Public Instruction, nationally and regionally known leaders in education will serve as speakers or serve as consultants. Heading the program is Dr. Archie L. Gray, College of Education, University of North Dakota, Grand Forks.

\* \* \*

#### SUPERINTENDENTS

The Association of County Superintendents in North Dakota will hold a workshop on the University of North Dakota campus July 25-29.

Among the topics to be considered will be an analysis of the present organization and financing of the county superintendency in North Dakota, a review of the research on the county and intermediate units in other states, and a summary of the work of the National Commission on the Intermediate Unit.

Also to be discussed are the educational needs in North Dakota not being met by the present county organization, an analysis of the legislation available in North Da-

## Exchange Professor Says:

# U. S. Variety Does Have It's Charms, But "French Are Always Homesick"

By ARLENE NESHEIM

"I love the variety of the United States," says Dr. Fernande Bassan, a Paris exchange professor in the Summer Foreign Language Institute.

"I have traveled from Florida to Maine to North Dakota and to California. North Dakota reminds me of Denmark with its flat land and numerous Scandinavians."

Trying to do as much traveling as she could while here, Dr. Bassan visited Mexico last summer and Peru and Bolivia during Christmas vacation.

"It has been good to be in this country. We foreign language professors agree that it was worth the trip and we do not regret it. Americans are very nice—we were received with open arms and the hospitality was warm to our hearts," she says.

Before coming, she read many books about the United States, but she asserts, "You must see and feel it. You cannot get the right impres-

sion from the Hollywood movies and the tourists."

She likes New York most of all because it reminds her of Paris, and next admires the unique and remarkable topography of San Francisco. She feels living is more expensive here than it is in France.

Completing her two years of teaching this summer, Dr. Bassan indicates that she was born and reared in Paris and has also traveled all over western Europe. She entered the secondary school at the age of 10 and studied Latin and English for seven years and Greek and Italian for five years. She is a Doctor of French Literature and took her University studies in Paris at the Faculty of Arts and Science called the Sorbonne.

She has taught the past two years at Goucher College in Baltimore, Md., and in the summer school at Colby College, Waterville, Maine. Prior to that she taught in Stockholm, Sweden, and at the School of Alliance Francaise in Paris.

Dr. Bassan

Her two Siamese cats were the gift of a colleague.

After leaving here, she will spend a month with her parents in Paris and then go to the University of Toronto.

"French people are always homesick," Dr. Bassan quickly responds to a question. "The French never fill the quota for immigration."

Her chic French car, parked outside her brick housing unit, is a Simca. She responds with a "Thank you" after the taking of each picture and a smile that could do much to overcome any language barrier.

Dr. Bassan explains in her patient and efficient manner, "Students are completely different here from those I had in Goucher College. They work hard and are eager to learn. Here we are teaching teachers, not students.

"In France, University professors instruct only three hours a week and use the rest of the time for research. All the administrative and committee work and the advice to students is completed by people paid especially for that purpose."

Dr. Bassan's chief aspiration is to do more research work and write books. Besides giving many lectures in English and French, she is the author of two books, "Chateaubriand and the Holy-Land," and "The Travels of Caignart de Sauley in the Orient," and is preparing an edition of French manuscripts she found in New York at the Pierpont Morgan Library.

She indicates that her stay in Grand Forks is very pleasant.

Dean Charles L. Lewis, daughter Judy, and son Steve, enjoy their meal at last week's family buffet supper in the Student Union Ballroom. Not pictured but at the table with them were Mrs. Lewis and Janet. Another supper is scheduled for July 14.

## Pool Offers Swimming Instruction And Fun for Summer Session Kids

Children in the University pool during a recreational swimming session include, left to right: James Keenan, Portal, N. D.; Kathy Vennes, Grand Forks; Eileen Monley, Grand Forks; Terry Bennewitt, Greybull, Wyo.; Marcia Belmont, Grand Forks. Gregory Belmont, Grand Forks, is on Terry's shoulders and John Bernard, Sykeston, N. D., is swimming toward Terry.

### By ESTHER BERNARD

The University swimming pool in the Fieldhouse is becoming a popular place for the children of college students and personnel to spend part of their time.

Recreational swimming is available to children and adults Monday to Friday from 3:30 to 5:30 p.m. The tickets cost \$1 for the season and may be obtained at the business office in Old Main.

Children furnish their own suits and towels and all girls must wear bathing caps. Parents should accompany younger children to recreational swimming sessions. There is a comfortable place to rest and visit. Spectators use the west entrance to the pool.

### ANOTHER SUPPER PLANNED

Sixty-three tickets were sold for the family buffet supper in the Student Union ballroom June 16. Another buffet supper for the families of students and faculty members is planned for July 14.

Lifeguards are on duty during the entire time.

Instructional swimming is being offered for children who are over seven years of age, on Monday, Wednesday, and Friday. The time schedule for classes follow:

- 9:30-10:15—Beginners
- 10:15-11:00—Intermediate
- 11:00-11:45—Combined class of swimmers, advanced swimmers and junior lifeguards.

On the special events sheet the fee should have been listed as \$5 for instructional swimming. Children who enroll should bring receipt of payment when they come for their first lesson.

There will be instructional swimming for adults in the evening if interest is sufficient to warrant organization of a class. There must be 12 in the group. Anyone wishing to be in this adult class should contact John Quaday, room 115, Fieldhouse or Phone 54385. The University extension phone number is 297.

## Music Camp Set to Open At Peace Garden

A staff of nationally known music educators will conduct the fifth annual International High School Music Camp and Music Directors Workshop, affiliated with the University of North Dakota, June 26-July 17 at the International Peace Garden on the border between Manitoba and North Dakota.

Camp director will be Dr. Merton Utgaard, professor of music at Northern Illinois University, DeKalb. Music educators, directors, clinicians and private teachers for the 1960 sessions will include Prof. William A. Euren, North Dakota Agricultural College; Prof. Richard Church, University of Wisconsin; Prof. Edward Anderson, Colorado State University; Prof. Frederick Ebbs, State University of Iowa; and F/Lt. Clifford Hunt, director of the Royal Canadian Air Force Band.

The camp will include three one-week sessions. The first two sessions, June 26 to July 3 and July 3 to 10, will be for band; and the third session, July 10-17, will be for orchestra and chorus.

Band, orchestra, chorus, dance band, twirling and private lessons for both voice and instruments are offered to students. Seminar discussions, instrumental clinics, private instruction and the reading of new materials will be available for directors.

One or two semester hours of graduate or undergraduate credit may be earned by directors enrolling in one or more courses approved by the University.

Emeritus Prof. John E. Howard will serve as University representative and chairman of all seminars and conferences.

The camp is sponsored by a non-profit corporation of which Howard is treasurer, Martelle L. Cushman, dean of the UND College of Education is president, and Dr. George W. Starcher, UND president, is chairman of the board of directors.

Information and registration blanks for the camp are available by writing to the International High School Music Camp, University Station, Grand Forks.

## Workshops

(Continued from page 1)

kota and a study of the next steps for the improvement of the county superintendency in this state.

One hour of graduate or undergraduate credit will be offered. Further information on the workshop and housing may be obtained from Dr. Archie L. Gray, College of Education, University of North Dakota, Grand Forks.

### AEROSPACE \* \* \*

An Aerospace Education Workshop will be held July 25-29, co-sponsored by the College of Education and the University Extension Division.

The program will include lectures, demonstrations, discussions, field trips and films on such phases of aviation as weather, power for aircraft, navigation, communications, national and international aviation problems, military and commercial aviation, missiles and vocational opportunities in aviation. The program is expected to be of value to elementary and high school teachers and administrators to enrich a total school program.

Dr. Cushman

Further information and application forms may be obtained from Dr. M. L. Cushman, Dean of the College of Education, or to Ben Gustafson, director of the University Extension Division, both of the University of North Dakota, Grand Forks. As the workshop will accommodate only 30, interested persons should get their application forms in immediately, according to Dr. Cushman.

### NOTICE

Will do typing in my home. Call 4-7251 or 2-3557 after 6 p.m.

### Staff:

#### THE DAKOTA STUDENT

Published each week during the summer session at the University of North Dakota by student in journalism.

**STAFF MEMBERS:** Esther Busch Bernard, Lois Marie Reiser, Arlene Nesheim. **Advisors:** Paul C. Schmidt and Harvey Jacobson. Phone 2-4031.

## Calendar of Coming Events

**July 1**—Lecture, Summer Science Institute, Mr. W. C. Robinson, "Atomic Structure and Radioactivity," Walsh Hall Recreation Room, 1:30 p.m.

**July 1-8**—Art Exhibit, Foreign Language Institute, "La Revolution de 1848," third floor, Merrifield Hall.

**July 5**—French Film, "Under the Roofs of Paris," Foreign Language Institute, Room 300, Merrifield Hall, 7:30 p.m.

**July 5-6**—Lectures, Summer Science Institute, Dr. Frank Verbrugge, "The PSSC Course Content, The Film Program, and the Science Study Series," and "Apparatus for the PSSC Physics Course," Medical School auditorium, 1:30 p.m.

**July 6**—German Film, "The Captain from Koepenick," Foreign Language Institute.\*

**July 7**—Lecture, Foreign Language Institute, Dr. Robert F. Lado, "Language Learning."\*

**July 11**—Registration, 2nd Four-Week session of Summer School.

**July 12**—French Film, "Royal Affaire in Versailles," Foreign Language Institute.\*

**July 12-16**—Counseling and Guidance Workshop.

**July 13**—Lecture, Foreign Language Institute, Dr. David Bronson, "Machine Translation."\*

**July 14**—Family Buffet Supper, Student Union Ballroom, 6:30 p.m. German Film, "The Threepenny Opera," Foreign Language Institute.\*

**July 14-15**—Lectures, Summer Science Institute, Dr. M. Laffineur, "Introduction to Radio Astronomy" and "The Sun and Its Radio Emission," Walsh Hall Recreation Room, 1:30 p.m.

**July 18**—Convocation, Marshall Izen, piano-satirist, Student Union Ballroom, 8 p.m.

**July 18-19**—Lectures, Summer Science Institute, Dr. Elda E. Anderson.\*

**July 18-21**—Book Exhibit, Student Union Red River Valley Room.

**July 18-22**—School Administrator's Workshop.

**July 19**—French Film, "Please Mr. Balzac," Foreign Language Institute.\*

**July 20**—Lecture, Foreign Language Institute, Dr. C. Meredith Jones, "aCnadian French."\*

Faculty Lecture, Dr. James D. Cardy, "Changing Concepts of Disease," Education Building auditorium, 8 p.m.

**July 21**—German Film, "Dreaming Lips," Foreign Language Institute.\*

**July 25-29**—Aerospace Education Workshop. County Superintendents Workshop.

**July 25 to Aug. 1**—Art Exhibit, Foreign Language Institute, "Some Highlights of the Sciences in France," third floor, Merrifield Hall.

**July 26**—French Film, "Paris-1900," Foreign Language Institute.\*

**July 27**—Lecture, Foreign Language Institute, Dr. Jay Paul Minn, "Current and Projected Developments in College Entrance Requirements in Foreign Languages."\*

**July 28**—German Film, "Wonderful Times," Foreign Language Institute.\*

Oratorio, "The Creation," Summer Session Chorus, Campus Mall, 7:30 p.m.

**July 31 to Aug. 13**—Second Annual UND Hockey Clinic.

\*Room 300, Merrifield Hall, 7:30 p.m.

### ANYONE FOR JUDO?

Summer session students and faculty members interested in judo can find out about it at the downtown YMCA, according to Rod Bergen, summer activities director. Richard Brown, recently discharged from the Air Force, will be the instructor Tuesdays and Thursdays from 7 to 8 p.m. Admission is by YMCA membership card or 50 cents in cash.

### BASKETBALL CLINIC

Planned for July 12, 1960, is a basketball clinic for interested coaches attending summer school. The clinic will begin at 7 p.m. in gym No. 1 at the UND fieldhouse. Louis Bogan of the UND staff, who is serving as clinic moderator, said coaches should bring their own gear.

## University Speech and Hearing Clinic Offers State Wide Range of Services

By **LOIS REISER**

Twenty children and five adults are enrolled in the annual summer Speech and Hearing Clinic, providing both diagnosis and therapy on the UND campus.

It started June 20 and will continue to July 30, with sessions Monday through Friday from 8:30 a.m. to 4 p.m. in both Merrifield and Harrington Halls.

Members of the faculty for the clinic are Dr. William F. Rintelmann, director, a regular member of the University faculty, and Dr. D. Nicholson Bennett, a visiting professor from Los Angeles, Calif. She is serving as clinical supervisor.

The Speech and Hearing Clinic, a year around project, provides services for UND students, faculty, staff, and for children and adults from surrounding communities and all of North Dakota.

The service consists of diagnosis and therapy for speech and hearing problems based on both organic and non-organic causes.

Although most of the children are from the Grand Forks area, one comes from Oakes, N. D. Another, now living here, was recently living at Kalispell, Mont.

They are receiving therapy for defective articulation, which includes substitution of one sound for another, distorting and omitting sounds, and delayed speech, or being slow in developing correct usage of words. Dr. Rintelmann added that this is a very common problem among young children with about 10 per cent of all children having this difficulty.

Stuttering is another problem that is commonly dealt with at the Speech and Hearing Clinic.

Dr. Rintelmann emphasized that these problems are not necessarily caused by lack of intelligence.

The speech therapy emphasizes general language development as well as correction of specific sounds. This is accomplished both through therapy with children in small groups as well as working on an individual basis.

Another important function of the clinic is to diagnose hearing problems and make hearing aid evalua-

tions. Many medical doctors from all of North Dakota make use of this facility in referring to individuals with hearing problems.

The clinic also provides a rehabilitation training program for children and adults with speech or hearing problems. During the past

year, approximately 100 children and adults have received this service.

The service program (diagnosis and therapy) also provides the vehicle for clinical practice in the form of an internship for advanced students majoring in speech and hearing therapy.

The training program for majors meets the national requirements established by the American Speech and Hearing Association.

Student clinicians Richard Hauck, a graduate student who has been teaching in the high school at Stanley, N. D., and Rossann Woodward of East Grand Forks, a junior, are working with a group of children at the summer speech and hearing clinic. Both clinicians are majoring in speech therapy.

Working with this group of children is Donald Emmel, a senior from Kenmare who is majoring in speech therapy. The toys shown are used in the therapy.

UND Alumni Association Directors, left to right, first row—J. Lloyd Stone, Grand Forks; James Douglas, New York City; Mrs. Milton Kelly, Devils Lake; Dr. E. L. Grinnell, Grand Forks; Robert Eddy, Jamestown; Mrs. Reinhold Jacoby, Grand Forks; Herbert Treichler, Richmond, Texas, and, second row—E. E. Simmons, Grand Forks; Edward J. Franta, Langdon; Gordon Aamoth, Fargo; Andrew Freeman, Grand Forks; George Longmire, Grand Forks; Dr. O. W. Johnson, Rugby; Dean E. L. Lium, Grand Forks; John Traynor, Devils Lake, and Gerald Skogley, Grand Forks. Other members of the board are Judge Edward Devitt, Minneapolis; Arley Bjella, Williston; Judge Ronald Davies, Fargo; Gordon Caldis, Grand Forks; Ralph Rohde, Grand Forks, and William Micklin, Grand Forks.

## Dakota Playmakers Select Cast For Comedy, "The Moon Is Blue"

By LOIS REISER

A group of Dakota Playmakers and other interested people met the evening of June 16 and decided to stage "The Moon is Blue" this summer. Tentative dates for the production are July 21-22 at 8:15 p.m.

The cast was also picked.

Starring in the 3-act comedy by F. Hugh Herbert, will be Sharon Dickson as Patty, sweet, naive, would-be actress. Phil Rathenberger will play Don, a handsome, young architect.

In the role of David, father of a former girl friend of Don's, will be Michael McGarry. Patty's father, a true Irish Brooklyn cop, Officer O'Neil, will be played by George Lawrence.

Mr. Thomas E. Jones will be directing the play, with Carol Erickson as assistant director.

Sharon Dickson is a sophomore from Gilby majoring in home economics. She appeared in some of the productions staged last winter by the Playmakers. Phil Rathenberger of Grand Forks is another sopho-

more, majoring in psychology.

Michael McGarry, a sophomore from the Catholic University of America in Washington, D. C., is majoring in drama. He has starred in several productions there and in one at Duluth, Minn., which he also directed.

From Crookston, Minn., George Lawrence is a freshman, majoring in law. He has had experience in broadcasting and technical direction at KFJM radio.

## Howard's Indian Study Included in Volume

Dr. James H. Howard of the department of sociology and anthropology at the University of North Dakota, is the author of a study of the Dakota or Sioux Indians which has just been published.

The study, entitled "The Cultural Position of the Dakota: A Reassessment," is the first comprehensive description of the Dakota ever written. It relates the life-ways of each of the three divisions of this large

## Alumni Allocate Scholarship Fund, Faculty Awards

Allocations of \$18,000 for scholarships for the 1960-61 school year and \$7,500 for faculty awards were made by the University of North Dakota Alumni Association at a June meeting.

The board also elected as its president Dr. E. L. Grinnell of Grand Forks.

Other officers elected are Mrs. Milton Kelly, Devils Lake, first vice president; Robert Eddy, Jamestown, second vice president and national chairman of the University Development Fund. J. Lloyd Stone, Grand Forks, was re-elected executive vice president and secretary.

Gordon Caldis was elected athletic board of control representative. William Micklin and Ralph Rohde, both of Grand Forks, were named to the Student Union Board.

and important Indian tribe to the ecology of the region occupied by each division.

The monograph is one of several in the volume "Essays in the Science of Culture in Honor of Leslie A. White" released by the Thomas Y. Crowell publishing house. The studies are all by former students or associates of Dr. White, professor of anthropology at the University of Michigan.

Father Gerald L. Potter reads St. Paul's epistle to the Corinthians on the institution of the Eucharist on Corpus Christi during mass in St. Thomas Aquinas chapel.

### Wesley College Names Business Manager

Wesley College, Methodist organization affiliated with the University of North Dakota, has announced the appointment of Norman A. Holstein, Detroit, as business manager and director of development, a new post at the college.

Holstein comes to Wesley with 12 years experience in the Young Men's Christian Association, working in the fields of residence hall management, adult programming and public relations. For the past six years he has been with the YMCA in Detroit. Prior to that he served in Columbus and Cincinnati, Ohio.

Mr. and Mrs. Holstein and their three children will live at 2314 Seventh Ave. N.

## Newman Club Summer Session Program Starts

By ESTHER BERNARD

A get-acquainted party last Friday evening opened the summer program for the Newman Club. Included was an organizational meeting for the summer session. The purpose of this informal gathering was to plan the activities of the summer program at the center.

The Newman Foundation at 410 Cambridge St. is the spiritual and social center for Catholic university students, their families and friends. There are two full time chaplains at the center.

The principal part of the summer program is the five o'clock mass when about fifty men, women and children gather at the St. Thomas Aquinas Chapel to attend the daily mass. In unison they answer the prayers of the priest at the altar.

The Student Center is open each day from 7 a.m. to midnight. TV and Hi-fi lounges, a library reading room, and a recreation room are provided for club members and their friends.

Catholic students are urged to become better acquainted with their chaplains and the Newman Foundation, and to watch the bulletin boards on the campus for club announcements.

## Radio Programs Scheduled for June

KFJM-1370 DAYTIME

University of North Dakota Broadcasting Service

### MONDAY

|                                  |  |

## Dr. Bo Invited To Deliver Two Learned Papers

Dr. Walter J. Bo, associate professor of anatomy at the University of North Dakota, has been invited to deliver two learned papers, according to T. H. Harwood, dean of the school of medicine.

At the First International Congress of Endocrinology at Copenhagen, Denmark, July 18-23, Dr. Bo will present a research paper on the effect of ovarian hormones on enzymatic activity of the uterus.

Dr. Bo

Two UND students, David Monson, Climax, Minn., a first-year student in the school of medicine, and John H. Reiter, Murrysville, a graduate student, assisted Dr. Bo with the research.

November 3 and 4, Dr. Bo will present a paper on the relationship between vitamin A and estrogen in uterine growth at a conference on the function of fat-soluble vitamins in metabolism. The conference, which is sponsored by the National Vitamin Foundation, will be held on the campus of the University of Illinois at Champaign-Urbana, Ill.

The research for both papers is sponsored by the National Vitamin Foundation. Dr. Bo's trip to Denmark is supported by the National Institute of Health.

### DISCUSSION PLANNED

As part of the club's summer program, a panel discussion on "Catholics and Other People" will be held Friday, June 24, at 8 p.m. in the Newman club hall at 410 Cambridge Street.

### PATIO PLANS

Plans are under way to make fuller use of the patio at the Student Union building. Arrangements are being made to have two band concerts and two dances there during the summer session.

## 1428 Students Registered for Summer Session

An all-time high in summer session enrollment at the University of North Dakota was reached Tuesday with a total of 1,428 students.

At the same date last year, the enrollment was 1,288. The final registration for the 1959 summer session was 1,304.

The 1,428 total will be increased by the second four weeks registration.

Miss Ruby McKenzie, registrar, reports that of the 941 men and 487 women enrolled, the students are found in the following colleges and divisions:

Graduate, 760; Education, 169; Science, Literature and Arts, 167; Special and Unclassified, 120; Business, 92; Engineering, 54; University College (beginning freshmen), 38; and Nursing, 28.

## Phi Delta Kappa To Show Film

The second summer session meeting of Phi Delta Kappa on Monday, June 27, will see the showing of the dramatic filmed report on the image of the school of the future. The film, "... and no bells ring," was produced by the National Association of Secondary-School Principals under a grant from the Ford Foundation.

The film presents a concept of a school where machines do the figuring, clerks do the clerking, teachers do the teaching, and students do the learning.

It brings out the interrelationship among large-group instruction, small-group discussion, independent study, and the teacher team. These basic ideas are seen in action and are also candidly evaluated by students, teachers, and administrators who have experienced them.

This program at 7:30 p.m. in the education building auditorium, is open to everyone interested. Information will be available for those who are interested in obtaining this film for showing in their schools, communities, or over local television stations.

The business meeting of PDK will follow the program.

## Work to Start on Chemistry Building

The State Board of Higher Education has approved \$774,535 in bids for a new chemistry building at the University of North Dakota. Construction will begin within a few days, according to a spokesman for Wells and Denbrook, the firm which is architect for the project.

The building is authorized under a state legislative appropriation of \$750,000 and a grant of \$84,027 from the U. S. Department of Health, Education and Welfare for equipping the building.

The general contract for construction went to Lenci and Englund Construction Co., of Virginia, Minn., with a low bid of \$379,921. The mechanical contract went to Lunseth Plumbing and Heating, Grand Forks, with a low bid of \$228,656. The electrical contract was awarded to B and B Electric Co., Grand Forks, who had a low bid of \$99,697. Otis Elevator Co., Chicago, received the contract to install an elevator with a low bid of \$14,475.

## Geology Students Take to the Hills

Three geology students from the University of North Dakota will attend the first session of the annual geology field camp in the Wind River Mountains of Wyoming June 26 through July 23, sponsored by Miami University of Oxford, Ohio.

Students are LaVerne C. Rude of Grand Forks, Orin J. Anderson of Grand Forks, formerly of Maxbass, and Rodney M. Feldmann of Bismarck.

Forty-one geology students from 13 states and Brazil representing 15 colleges and universities will take part in the camp. A second term will be held July 24 through August 20. The camp is based at Timber Line Ranch near Dubois, Wyo.

### BOWLERS WANTED

The bowling lanes in the Student Union building are open from 12 to 7 p.m. This is a temporary arrangement and unless more use is made of the lanes they will be closed. The charge is 35 cents a line and rent for shoes is 10 cents.
