Enrollment Near New High

Flag Day!

July 4 may be the only official holiday on the Summer Session schedule, but it's good to note that "Old Glory" was dominating the campus scene Thursday—National Flag Day.

Hamburger Fry Invitations Go To Entire Campus

The All-University Hamburger Fry will be held Tuesday evening on the Coulee Bank. All students and faculty and their families are invited.

Hamburgers and a complete picnic supper will be served between 5:15 and 6:30 p.m. at \$.50 per person.

Tickets are available at the Student Union Information Desk. Supervised games and activities are planned.

1,528 Summer Students Swarm Onto Campus

An all-time high for Summer Session enrollments at UND was approached Thursday with 1,528 students enrolled as the term entered its fourth day.

At the same time last year, the enrollment stood at 1,494. Total registration for the 1961 Session was 1,601, the present record.

Of the current registrants, 1,027 are men and 501 are women.

Heading all University units this summer is the Graduate Division with an enrollment of 762.

The College of Education is next with 250 students, while the College of Science, Literature and Arts has 195 enrollees. The College of Business has 106 students, College of Engineering 81, University College 67, Nursing 5, specials and unclassified 62.

More than 276 regular semester courses in 35 departments are being offered during the eight-week session. An additional 34 courses are scheduled for each of the four-week sessions. Dr. C. J. Hamre, Graduate School dean, is summer session director.

The session offers studies for graduate students, undergraduates high school graduates and gifted high school juniors under a new program.

Under the new experimental plan, promising high school juniors were accepted for regular course work at the University. Their work will count for University credit but they

will have to finish high school before actually enrolling.

A special program again offered includes a curriculum in educational administration which leads to a specialist's diploma in educational administration. The program involves one year of work beyond the master's degree.

Other programs being continued are the graduate program in music education leading to the master of education degree, the programs in creative art and art education which leads to the master of arts and master of education degree, and graduate work in English language and literature leading to the master of arts and master of education degree.

About 20 conferences, workshops and institutes are supplemented in the summer program. Already completed are a School Health Workshop, School of Alcohol Studies and an Aerospace Education Workshop.

Programs which began Monday
(Continued on Page 4)

Rains End as Summer Session Gets 'Go Ahead'

Start of the Summer Session was the signal, evidently, for the end to this area's rainy, chilly weather and beginning of ideal climatic conditions.

Ever since sessionites arrived on the scene last weekend, the temperatures have been in the comfortable 50's every evening with balmy, sunny 70's for most of the days.

Although the Red River of the North has been well over flood stage all week, the English Coulee on the campus has remained calm and collected.

NOTICE!

All students intending to be candidates for degrees at the August 4 Commencement have through July 5 to apply for the degrees at the Registrar's Office.

It's Official!

You're Welcome at UND

Officially welcoming Summer Session students to the campus were Dr. George W. Starcher, president of the University, and Dean C. J. Hamre, Session director.

DR. STARCHER

DEAN HAMRE

"To all of our summer students, former faculty members, and especially to students and faculty who are here for the first time this summer we extend a cordial welcome. The Director of the Summer Session and his staff have made plans for an outstanding summer session which may see a record enrollment. Many new features will be offered so that the extent of the academic program is greater than ever. We must continue to maintain the same high quality of work done during the summer as would be required in the regular session. The wide variety of interests represented and seriousness of purpose of the summer session student body is most important.

"Whether you are enrolling for the first time or are continuing work already started we want you to know that you belong and that you are expected to have an active part in the life of the University. We hope you will achieve the goals you have set for yourself this summer, that you will find what you came for, and that you will enjoy your stay on the campus."

"I am pleased to have this opportunity to welcome on behalf of the University of North Dakota and the Office of the Director of Summer Sessions, all students and visitors who will participate in the programs of our Summer Session for 1962.

"The University has made all of its facilities available to those who attend the session. Programs for the session have been designed to meet the needs of graduate students, undergraduate students, and those who need opportunity for study in specialized fields. We hope that all who attend our summer session programs may have an outstanding educational experience."

Staff: ~~~~~

THE DAKOTA STUDENT

Published each week during the Summer Session at the University of North Dakota by students in Journalism.

STAFF MEMBERS: Jim Penwarden, Lois Reiser, Lynnell Garrett, Anne Hays, Wes Christenson, Gerald Haga, Ralph Molinaro.

ADVISER: Prof. Alvin E. Austin.

Bulletins

UND Activities

NO PARKING—Parking is prohibited on the campus drive (the loop). Because of the traffic and fire hazard, this regulation will be strictly enforced by campus police at all times, including evenings and weekends.

SWIMMING—Fieldhouse pool, 3 to 5:30 to 8 p.m., Monday through Friday, and 6:30 to 8 p.m., Tuesdays, Wednesdays and Thursdays. Faculty, students and families welcome.

PHI DELTA KAPPA—First meeting at 7:30 p.m. Monday in Education Building. Meetings open to the public.

HAMBURGER FRY—All-University Hamburger Fry, 5:15 to 6:30 p.m., Tuesday on Coulee Bank.

LECTURE—7:30 p.m., Wednesday, Abbott Hall Auditorium, Dr. Harold E. Tannenbaum, "Science in the Elementary Schools."

ARCHERY—Club shoots at 7 p.m. every Monday and Wednesday, Room 208 Fieldhouse, everyone welcome.

BICYCLES—Rental bicycles and a croquet set available at Student Union.

YOUNG DEMOCRATS—Summer session students and faculty members are invited to attend an organizational meeting of a Grand Forks County Young Democrats' Club in the Student Union, 8:30 p.m. Saturday.

REGISTRAR ANNOUNCES—July 5 is the last date for candidates to apply for degrees for the August commencement, according to Ruby McKenzie, UND Registrar.

BEK HALL—The Bek Hall Cafeteria Snack Bar will be open from 8 to 10 p.m., Monday through Thursday this summer.

GET COMMISSIONS

Eighteen Army and seven Air Force ROTC cadets were commissioned as second lieutenants at UND this spring.

On the House!

Everything Free at Union For Session '1st Nighters'

"Oh well, it's free anyway" could be the attitude of Larry Babitzke as he walks away from a split during the Student Union open house free bowling last Monday evening. Wayne Juhala and Wes Christenson study the situation.

Before settling down to the busy schedule ahead, summer school participants were invited to an "everything free" open house at the Student Union last Monday evening.

Game room and bowling facilities were available free for three hours.

A coffee reception to enable stu-

dents to meet faculty members on an informal basis took place in the lounge.

"Gulliver's Travels" was the free movie in the ballroom and a dance in the Red River Room wound up open house activities. John Stone and the Naturals played.

Gathered in an informal confab with Dean C. J. Hamre, right, at the Student Union sponsored student-faculty reception last Monday evening were Harris Walstad, Walter Campbell, Don Michelson and William Brand.

Workshop Ends For Air-Minded Education Group

North Dakota University's 6th Aerospace Education Workshop was completed last Saturday by 15 educators from Minnesota, Nebraska, North Dakota and Utah.

Purpose of the workshop was to instruct elementary teachers in the use of aerospace knowledge in classes and to acquaint them with materials developed by the National Aviation Education Council available for elementary classroom use.

Group discussions, lectures, seminars, films and two field trips constituted the workshop program.

One of the field trips was to the Grand Forks Air Base while the other was to Wold-Chamberlain International Airport, Minneapolis, Minn.

While at Minneapolis the workshop participants toured the Northwest Airlines Commercial Airlines facilities, the North Central region headquarters of Civil Air Patrol and a new airport terminal.

Dr. M. L. Cushman, dean of the College of Education, was the general program chairman for the workshop. Directors were Lt. Col. Thomas McGuigan, professor of air science at UND, and Ben Gustafson, director of extension division.

The only Minnesota participant was Charles Ranstrom, Warren. Marquerite Means of Schadron was the Nebraska's only participant. The Utah participant was Dale Dunn, Salt Lake City.

Attending from North Dakota were Don Conroy, Dunseith; Dorthy Corbit and Rose Heazlett, St. Thomas; Ronald Haedt, New Rockford; Merlyn Heimbecker, Langdon; William Johnson, Enderlin; Jack Krueger, Grand Forks; Duane Maas, Jamestown; Ordell Pederson, Mayville; Ronald Pederson, Hatton; Francis Smalley, Hankinson; and Anna Withee, Reynolds.

TOP SENIORS NAMED

Adeline M. Hovet of Reynolds was valedictorian and Sharon Ann Peterson of Makoti salutatorian of the 1962 senior class at UND.

17 States, 4 Nations Send Linguistic Students Here

By LOIS REISER

Analysis and description of unwritten languages is the main emphasis of the Summer Institute of Linguistics which opened on

Alcoholism Study Diplomas Go to 86

Eighty-six students were enrolled in the Summer School of Alcohol Studies, on the campus last week. They were presented with diplomas upon completion of the week-long course.

Main attention was given to classroom education on alcohol, and functions of state organizations charged with alcoholism investigation and treatment.

Speakers included Raymond McCarthy, director of New York state's Division of Alcoholism, and Bernard Larson, executive director of North Dakota Commission on Alcoholism.

● Enrollment

(Continued from Page 1)

and continue through Aug. 4 include the Summer Institute for High School Teachers of Science and Mathematics, the Summer Institute for Secondary Teachers of French, the Summer Institute for Teachers and Supervisors of Elementary School Science and the Science-Mathematics Program for Talented High School Students.

Also beginning Monday were three research participation programs, one for high school teachers of science, another for college teachers of science and a third for undergraduate students.

The longest program of the summer is the Summer Institute of Linguistics, which started Monday and will continue to Aug. 24.

Other programs include a Driver Education Workshop, Administrators Conference Workshop, Guidance Workshop, School of Guidance Studies and a Speech and Hearing Clinic.

campus Monday and continues through August 24, according to Director Dr. Richard Pittman.

Enrollment is expected to reach 66 for the Institute. Participants are from 17 states and four foreign countries. Headquarters are in Davis Hall.

The institute is divided into two programs which are a part of the two-year program. Persons in the first year program are taking Phonetics and Phonemics which is preparing alphabets and Morphology and Syntax which deals with grammatical structure.

In the second year program, Advanced Linguistic Analysis and Area Linguistics are offered.

Two other branches of the Institute are being held this summer. One is at the University of Oklahoma and the other at the University of Washington in Seattle. Also there this year is another major institute, the Linguistic Institute of Linguistics Societies of America.

Speakers on two different Philippine languages and two different languages of India are scheduled.

Students who have been studying foreign languages in Ecuador, Tanganyika, New Guinea, South Viet Nam, Taiwan come for special help on the languages of these countries.

The staff includes persons who have been studying the unwritten languages of the Seminole and Paitute Indians in the United States, and languages in Mexico, Guatemala, New Guinea, South Viet Nam and the Philippines.

A master's theses written by Don Stark of the institute several years ago was published this year in the International Journal of American Linguistics. It was titled "Boundry Makers in Dakota."

Dr. Pittman, of South Viet Nam, has been here at the Institute each summer except two since 1952.

HOMEcoming DATES SET

The 1962 Homecoming at UND has been scheduled for Oct. 19 and 20.

Mystery Solved! It's Earlier Than He Thought

This is the sad saga of one Summer Session student who arrived at class two days in a row, only to find (1) no instructor, and (2) no other students for his course.

Finally, he solved the mystery. "Period I" he learned meets at 7:30 a.m.—and it's NOT a 1 o'clock, p.m.-type, class.

That's right—7:30! He had no idea these Summer Session days started so early! But, he's resigned to his fate now.

Intensive Speech Therapy Planned

Highly intensive therapy will be the guiding rule for the In-Service Speech and Hearing Clinic, scheduled to open on the campus Monday to continue through July 31.

In charge will be Dr. Mitchell Burkowsky, assistant professor of speech at UND, assisted by Dr. Thelma Trombly, visiting lecturer in speech from the University of Missouri.

Approximately 25 children ranging in age upward from 3 years, plus a number of University students, are scheduled to receive the benefits of the clinic's concentrated therapy.

The therapy sessions will treat all types of speech and hearing disorders on both a group and individual therapy basis. Speech defects, both organic and non-organic, will be treated.

The clinic also will give hearing and hearing evaluation tests. Eleven students, all experienced in dealing with speech and hearing defects, will assist in the program.

STUDIES ALPS

Dr. Mark Rich, UND assistant professor of geology, is one of 24 participants from the United States making an intensive study of the Alps Mountains this summer. The expedition is sponsored by the American Geological Institute and is financed by a National Science Foundation grant.

They're in Another World!

Project Members Study, Talk, 'Eat' French

By JIM PENWARDEN

For the third consecutive summer UND is hosting a National Defense Education Act French Language Institute. The current institute began last Monday and will end August 3.

Forty secondary teachers of French were selected for this summer's institute by Prof. John Green, institute director. Dr. Lambert Porter, language department chairman at Rhode Island University, is Green's assistant.

Provision of advanced training for teachers of French is the purpose of the institute. Green said about 87 other such modern language institutes are being conducted throughout the United States. There are 43 French institutes with 1,469 persons taking part, Green said.

These government-sponsored institutes are intended to be of more

practical use to a teacher than graduate school, which advances the teachers themselves and not necessarily their teaching ability.

Green emphasized the difference between an institute and graduate school. He said that an institute provides opportunity for secondary language teachers to become more acquainted with the language they teach and thus more easily teach it.

"An institute improves a teacher's ability to teach in a high school while graduate school just gives a teacher a chance to advance themselves by working toward a certain degree," Green explained.

He said that participation in an institute should be at least as highly regarded for secondary teaching as graduate school participation. However, since some administrators insist upon teachers having a certain number of credits to justify salary

and rank increases, six hours of optional credit are being offered to institute participants.

All participants who complete the institute will receive a certificate of completion.

Ten staff members, including native French instructors, will conduct lessons in French civilization, culture, speaking, composition, reading, teaching and writing.

Participants and staff members are being housed in Hancock Hall and are taking their daily meals together in the Red River Room of the Student Union. French will be spoken almost exclusively at the institute.

Evening co-curricular activities in the form of films, cultural exhibits, lectures, field trips and socials will supplement the regular daily schedule.

Summer Student Due for 8 Issues

This is the first of eight issues of the Dakota Student which will publish once each week during the Summer Session.

The paper will appear each Friday morning and will be distributed on publication day at these three places on the campus:

1. Bulletin board in the basement of Old Main, the UND administration building.
2. Education building.
3. Student Union cafeteria.

The Student is being written and edited by Summer Session students in Journalism under the direction of Prof. A. E. Austin, chairman of the Department of Journalism.

All types of contributions will be welcomed by staff throughout the summer. News stories, notices, announcements, as well as letters to the editor, will be given prompt attention. Deadline for all except emergency situations is 2 p.m. each Wednesday.

Material for the paper may be delivered to Room 6, Merrifield Hall; addressed to Box 1200, University Exchange in Old Main; or brought to the University Press.

8 Students Get Research Grants

Eight college students are studying in undergraduate research participation programs in three subject areas at the University this summer.

Selected for the programs, all sponsored by grants from the National Science Foundation, are Richard Blaine and Ralph Wheeler of Grand Forks, in biochemistry; Lyla Rytter, Kenmare, and Lois Johnson, Grand Forks, in biology; and Rodger Nelson, Mora, Minn., Melvin Ochs, Charles City, Iowa; Duane Gubler, Santa Clara, Utah, and Janice Picchioni, Roundup, Mont., all in anatomy.

Each receives a stipend of \$60 per week for the 7 to 10-week projects. The undergraduate participation program enables college students to take an active part in a research program at the professional level. The program is not a series of courses of study but actual laboratory experience with a principal investigator and his research problem.

Union in Midst Of Busy Schedule

A schedule designed to provide fullest use of the Student Union during the summer session has been set up by the Union staff.

In operation this summer will be the cafeteria, store, snack bar, barber shop, bowling alleys and game room.

The Union schedule, in full, follows:

STUDENT UNION

Building Hours:

Monday through Saturday—6:30 a.m. to 8 p.m.
Sunday—9 a.m. to 8 p.m.

Office:

Monday through Friday—8 a.m. to 4:30 p.m.
Saturday and Sunday—Closed.

Store:

Monday through Friday—8:30 a.m. to 6:30 p.m.
Saturday and Sunday—Closed.

Snack Bar:

Monday through Saturday—7 a.m. to 8 p.m.**
Sunday—1 a.m. to 8 p.m.**

Cafeteria, Monday through Friday:

Breakfast—6:45 to 8 a.m.
Lunch—11:30 a.m. to 12:30 p.m.
Dinner—5:15 to 6:15 p.m.

Cafeteria, Sunday:

Breakfast, 9 to 10 a.m.
Lunch, 11:45 a.m. to 12:45 p.m.
Dinner, 5:15 to 6:15 p.m.

Barber Shop:

Monday through Friday—8:30 a.m. to 4:30 p.m.
Saturday and Sunday—Closed.

Bowling Alley and Game Room:

Monday through Saturday—1 p.m. to 7 p.m.
Sunday—Closed

*Subject to change

**Note change from original schedule

Something for Everyone!

Varied Recreational Program Under Way

Numerous recreational activities are scheduled for Summer Session faculty members and students, according to John L. Quaday of the Athletic Department.

The University swimming pool in the fieldhouse will be open for co-recreational swimming daily Monday through Friday, 3:30 to 5:30 p.m. and Tuesday, Wednesday and Thursday 6:30 to 8 p.m.

Admission will be by season tick-

ets which may be purchased at the Fieldhouse Office for \$1. An individual ticket is required for each student and each member of his family. All women using the pool must provide their own towels. Men may secure lockers with towel service.

An archery club met Wednesday. Plans call for the club to shoot each Monday and Wednesday at 7 p.m. There is no charge for those who own archery tackle and a charge of \$1 for those who wish to use available University tackle.

Tennis, golf, table tennis, horse-shoe, handball, bowling, badminton, croquet, billiards and archery tournaments are also planned. Notices will be posted of entry dates and schedules.

Softball teams may be sponsored by any house, dormitory or independent group. An organizational meeting was held Thursday.

Bicycles may be rented at the Student Union. The city's Lincoln Park Golf Course is available to all summer session personnel at nominal green fees.

A croquet set is also available

The organized recreation program in University Park will start June 18. The program will include a variety of activities for children. Hours are 9 to 12 a.m. and 3 to 8:30 p.m. each weekday.

Persons interested in the tournaments or other activities may sign up on lists posted on the Student Union bulletin board.

Swimming Classes To Begin Monday

Swimming instruction for children of University faculty, staff and students will begin Monday, June 18, at 9 a.m. Classes will meet Monday, Wednesday and Friday.

Beginners will meet from 9 to 9:45 a.m.; intermediates, 9:45 to 10:30 a.m.; swimmers, 10:30 to 11:15 a.m. and advanced swimming and junior life saving, 11:15 to 12 noon.

Registration is at the business office during regular hours. Children are asked to bring receipts to the opening class. The fee is \$5 for 20 lessons.

Children must furnish their own suits and towels. Girls are required to wear bathing caps. Any child who has reached his seventh birthday is eligible.

Persons interested are asked to see or call John L. Quaday at 115 Fieldhouse, Ext. 297, 774-5385 or 772-4710.

466 Attend 'Girls State'

The annual "Flickertail Girls State" ended at UND Sunday night with graduation of 466 girls who had taken part in the week-long exercise in government.

Maija Seisums of Rugby, elected 1962 girls state governor Friday, and Coralee Warner, Wahpeton, were named delegates to Girls Nation in Washington, D. C. Carol

Enzminger of Jamestown and Lana Patch of Bismarck were chosen as alternates.

Kathleen Holte, Stanley, was presented the University of North Dakota Award, given annually to the student displaying the highest proficiency in government activities test.

Summer Session Participants Get Young Dems' Bid

Summer session students and faculty members have been invited to attend an organizational meeting of a Grand Forks County Young Democrats' Club in the Student Union at 8:30 p.m. Saturday.

Sponsored by the University Young Democrat organization, the meeting is open to all persons between the ages of 18 and 39 who are not now members of college or other Young Democratic clubs. Jay Mondry, Grand Forks, is president of the UND Young Democrats.

William Lanier, Fargo, Democratic candidate for U. S. senator in this year's elections, will be the principal speaker at the sessions.

A former UND student, Lanier is a practicing attorney in Fargo and a U. S. Marine veteran of World War II. He was wounded at Guam in 1939 and received the Purple Heart. He is a former Northern League pitcher for the Grand Forks Chiefs.

James Lamb, Grand Forks County Democratic chairman, also will speak at the session, which has been called by Robert E. Lee, Larimore, Fourth Region Young Democratic organizational director.

Stressing the importance of the Young Democratic movement, Lamb said "the future of the Democratic party and of the people of North Dakota depends upon the willingness of young persons to assume the brunt of political responsibility."

Free Movies Scheduled In Union Ballroom

Free movies are scheduled in the Student Union Ballroom, according to Craig Millar, Student Union Director.

Movies tentatively scheduled are "High Noon", July 2 and "The Eddie Duchin Story", July 23.

RECEIVES AWARD

Jean McCulley of Kenmare, who received a bachelor of arts degree from UND June 3, has received the Beatrice Olson award for the outstanding senior woman on the UND campus.

Special Science Lecture Scheduled For Wednesday

Practices and procedures involved in elementary science education in schools of today will be discussed by lecturer and author, Dr. Harold E. Tannenbaum at 7:30 Wednesday in the Abbott Hall Auditorium. The public is invited.

Tannenbaum is past president of the Association for the Education of Teachers of Science and at present, Chairman of the Department of Curriculum and Instruction of the Graduate School of Education at Yeshiva University in New York. A specialist in science education, Tannenbaum was Professor of Education at the State University Teachers College in New Platz, New York.

Tannenbaum will also be lecturing the Elementary Institute.

61 Science and Math Teachers Hard at Work

Sixty-one participants have been selected for the sixth annual Summer Institute for High School Teachers of Science and Mathematics which began Monday.

Under the direction of J. Donald Henderson, professor of physics and science teaching, the institute is supported by an \$80,600 grant from the National Science Foundation. Participants each receive a \$600 stipend plus allowances for dependents and travel.

The institute, which continues through Aug. 5, is the second in a sequential program started last summer. The plan anticipates a sequence of four summers with course offerings that will enable a qualified participant to work out a unified graduate program leading to a Master of Science Teaching degree.

Phi Delta Kappa To Hear Speech By Tannenbaum

Dr. Harold Tannenbaum, national authority in the field of elementary science and guest lecturer and consultant for the Elementary Science Institute will be the featured speaker at the first meeting of Phi Delta Kappa, professional education organization for men. The meeting is scheduled in the education auditorium Monday, June 18, at 7:30 p.m.

Four other meetings of Phi Delta Kappa are scheduled for the summer. They will be held June 25, July 2, July 9, July 19 and July 23.

Present officers include Alvin Rudisill, president; Kent Alm, first vice president; Eugene Kasper, second vice president, and Richard Annis, secretary.

KFJM Has Largest Summer Session Staff

With the largest summer staff in recent years, KFJM, the University broadcasting service will be on the air this summer, according to Myron M. Curry, Director.

KFJM, 1370, is a member of the National Association of Educational Broadcasters. Serving on the staff will be Elizabeth Caldwell, Evan Heustis, Myron Jacobson, Roger Johnson and Harold Rystad.

Among musical works scheduled are Quartette No. 15 by Beethoven, Till Eulenspiegel's Merry Pranks by Strauss, Prelude, Op. 28 by Chopin, Quartet Pastorale by Templeton and Hamlet—Symphonic Poem by Liszt.

Monthly program bulletins are available in the KFJM studios in Science Hall.

This is the program "lineup" for June:

MONDAY	
10:00 Sign-on and Overture	3:30 Over the Back Fence
10:15 University of the Air	3:44 Concert Vignettes
11:15 Sketches in Music	4:00 European Review
11:30 A Chapter a Day	4:15 Parade of Business
12:00 Take 60	4:30 Afternoon Concert
12:25 Farm Report	6:00 University Classroom
1:00 Chamber Group	6:50 Evening Musicales
2:00 Image America	7:58 Sign Off
2:30 Matinee Concert	

TUESDAY	
10:00 Sign-on and Overture	2:30 Matinee Concert
10:15 University of the Air	3:30 Georgetown University Forum
11:15 Sketches in Music	4:00 French Masterworks
11:30 A Chapter a Day	4:30 Afternoon Concert
12:00 Take 60	6:00 University Classroom
12:25 Farm Report	6:50 Evening Musicales
1:00 Chamber Group	7:58 Sign Off
2:00 Concert Vignettes	
2:15 Carnival of Books	

WEDNESDAY	
10:00 Sign-on and Overture	2:30 Matinee Concert
10:15 University of the Air	3:30 Swedish Ways of Life
10:45 Mental Health	3:45 Germany Today
11:15 Sketches in Music	4:00 Magazine Rack
11:30 A Chapter a Day	4:15 World of the Paperback

GUEST LECTURER

Dr. Carl Mapes, senior map editor of Rand-McNally Publishing Co. in Chicago, is serving as guest lecturer for the first week of the Summer Institute for Teachers and Supervisors of Elementary School Science.

'Leap Frog' Into U!

'Gifted' State Prepsters Get Head Start

By LOIS REISER

Getting a head start on college, 16 area students are attending the Summer Session for Gifted High School Juniors.

The first of its kind in this area, the session offers students who have completed their junior year of high school the opportunity to complete 6 to 9 hours of college courses for credit.

The session was approved by the Board of Higher Education this spring. The program is designed to encourage and challenge gifted high school students.

All students are in the upper one-fourth of their high school classes and were recommended by their principal or superintendent. They are taking freshman courses have no special group classes and are living in dorms with regular students.

Enrolled are: Michael Carl, Valley City; Gail Collins, Hillsboro; Judith Cost, Fordville; Marleen Ehmann, Jud; Linda Eikeness, East Grand Forks, Minn.; Perry Engstrom, Wahpeton; Connie Flaagen, Reynolds; Eva Gardebring, Bismarck; Kristen Hansen, Riverdale; Kathryn Haugen, Maddock; Mary Juhala, Bismarck; Susan Lindberg, Kennedy, Minn.; Carol Long, Bismarck; Kathleen Sahr, Jamestown;

The sixteen North Dakota high school juniors of proven superior academic ability enrolled in regular UND classes on the campus this summer are shown here. Seated, left to right, they are Linda Eikenes, East Grand Forks; Eva Gardebring, Bismarck; Kristen Hansen, Riverdale; Kathryn Haugen, Maddock; and Fern Thompson, Cogswell. Standing, left to right, are Connie Flaagen, Reynolds; Micahel Carl, Rogers; Carol Long, Bismarck; Gerald Tollefson, Makoti; Gail Collins, Hillsboro; Gary Shimer, Bismarck; Judy Cost, Fordville; Perry Engstrom, Wahpeton; Kathleen Sahr, Jamestown; Marlene Ehman, Jud; and Mary Juhala, Bismarck. (Photo by Joe Solstad, Grand Forks.)

Gary Shimer, Bismarck and Fern Thompson, Cogswell.

One of the students, Miss Ehmann, found registration difficult, the hardest part being what courses to take. She decided on American History and Introduction to Psychology

and plans to major in elementary education in college.

Dr. J. Robertson, dean of the University College and director of the session, says it is a pilot study and, if successful, will be expanded next year.

Elementary Science Work Attracts 38

Thirty eight participants representing 23 states and Puerto Rico are presently attending a Summer Institute for Teachers and Supervisors of Elementary School Science here.

Participants were chosen from 500 applicants.

The institute, which began Monday and closes August 4, is designed to provide study and field work in earth science and biology for elementary science teachers and supervisors.

UND professor of geography, Dr. Bernt Wills, is the institute director.

Participants will receive four semester credits in Biology 403 and Geography 401 which will be count-

ed towards fulfilling requirements for an undergraduate or graduate degree.

The initial portion of the institute is being conducted on the UND campus. On June 27 the participants will move to the State Conservation Training Center on Lake Ash-tabula north of Valley City, N. D., for a three and a half week period. The last two weeks of the institute will be conducted on campus.

One field trip will be conducted from the camp to the North Dakota Badlands and another will leave Grand Forks to Duluth, Minn., over the northern Minnesota forest and mining area.

Besides Dr. Wills, the institute

staff consists of Douglas Block, assistant professor of geology at Wheaton College, Ill., and Marvin Leraas, professor and head of the biology department at Valley City State Teachers College, N. D. Local and visiting staff members will assist.

GOING ABROAD

Two UND students, Janice Clevon of Landa and Douglas McLeod of Barney, will travel abroad as participants in this summer's Experiment in International Living. Miss Clevon will leave New York City June 29 for Zurich, Switzerland and McLeod will leave Putney, Vt., for Poland on June 22.
