\$5 million shortfall. At this time, her office is confirming budget numbers and working with the deans and others on the matter. There will be more information coming.

- b. Tim Pasch reported on a draft Joint Technology Committee proposal. He gave background for the proposal and the need for this committee. He requested feedback as he works on refining the draft. His goal is a formal venue with longevity for conversation and action on these matters. He indicated that the senators can expect follow-up in the spring.
- c. Ms. Weaver-Hightower reported on possible childcare during the many Thursday meetings. She asked that those interested please contact her.
- d. An introduction and update on Predictive Analytics Reporting (PAR) was provided by Ms. Anderson. UND has implemented PAR and is beginning to use the information for student interventions to impact performance and retention. There will be updated information from PAR this fall with data on students through spring 2015.
- e. Mr. Hill provided an update on the Dean of Graduate Studies search. He read a prepared statement from Debbie Storrs and Gwen Halaas, the search committee co-chairs. The goal is to hire with a start date of July 1, 2015.

- m. The additional Thursday meetings will be used, initially, to discuss faculty senate and documents.
- n. Ms. Weaver-Hightower provided an update on the status of the Ad Hoc Committee on Travel and Research. She requested the senators email ideas to incentivize and fund research and increase collaboration. The emails should be sent to Mr. Harsell. The new Vice President for Research and Economic Development, Grant McGimpsey, was introduced. There will be more information provided at future meetings.
- o. Marcia Mikulak, Senate Library Committee chair, indicated that the Committee is working on how to communicate thoughts on the Library. She requested senators email her ideas.

Ms. Weaver-Hightower, Mr. Kopp, Ms. Kurtz and Jim Grijalva, as faculty Senate committee members, presented background on the process to this point. There are three documents that will be discussed and will need approval. Mr. Grijalva shared background on the constitution and the new governance structure. The new structure will have three independent legislative bodies: staff, students and faculty. There is a desire to have the constitution approved by the University Council before President Kelley retires. Suzanne Anderson, Secretary
University Senate

The following statement is provided by Alice Brekke, Vice President for Finance and Operations, University of North Dakota for inclusion during the October 1, 2015 University Senate meeting.

First, please accept my apology that I am not able to attend the meeting due to a prior travel commitment. I appreciate President Weaver-Hightower's willingness to read this in my absence.

You may recall that at the May 13, 2015 University Council meeting, I reported on Legislative actions and appropriations. This information was then also reported in an article in the *Grand Forks Herald*.

The minutes from that University Council meeting include reference to an average 8.5 percent budget increase in the state appropriation for the biennium. The rate of tuition increase for each year of the biennium is capped at 2.5 percent. Based on current budget plus salary increase, fringe benefit cost increase and cost to continue, UND would have needed an estimated tuition rate increase of 3.7 percent. With the estimate of tuition and the capped rate increase, there is a gap. The minutes noted that, due to the three week period to craft the budget in June, the plan at the time would be to proceed with the regular budget process. It was also noted that in the fall there would be a review of near- and long-term ways to bridge the gap. The gap is expected to be about \$5 million.

Over the past several weeks, I have been meeting with the academic deans as well as the vice presidents to plan a process for addressing the budget issue/gap, as well as develop a communication plan supporting that process. Projections for FY16 and FY17 are also being validated and updated taking into consideration actual enrollment for Fall 2015. These data will be finalized in the next week or so. During the months of October and November there will be open information and feedback sessions for the campus community, as well as budget conversations internal to each college and division.

The purpose of this statement is to let you know that we will be revisiting and continuing the discussion begun in May, and to let you know that further details and opportunity for that ongoing discussion will be forthcoming. If you have any specific questions, please feel free to contact me directly.

RE: 2014-2015 Annual Committee on Committees Report

Chair: Emily Cherry
 Members: Daba Gedafa, Curt Stofferahn, Kathy Smart, Melissa Gjellstad

In academic year of 2014-2015 the committee met to review nominations for University Senate Committees.

Committee preferences were solicited from faculty using an electronic format in January 2015. Approximately 236 responses were received, an increase of approximately 54% from the previous year. Data was collected to assess preferences for University Senate level committees, and recommendations were made to the University Senate. Criteria for selection of nominees to various committees are based on survey responses, request given directly to a committee member, and requirements of each committee structure.

Other COC activities included:

- Marketing strategy to solicit more response from the survey
- Three emails were sent as reminders to participate and the survey was renamed the University Service Preference Form
- A section on the survey was created to ask questions or make suggestions to the University Senate Executive Committee in an effort to maintain transparency
- Analysis of the preferences and previous service of the faculty to finalize a ballot for the University Senate;
- Submitting nominations for 42 expired terms on Senate Committees for the election in March-April;
- Submitting nominations for the University Senate election for University Senate officers in September;
- Noteworthy is the committee's struggle to fill positions left vacant through resignations or leaves of absence by elected committee members. With new chair appointments and campus initiatives University Senate committee appointments were strained.

FUNCTIONS AND RESPONSIBILITIES

The Constitution and By-Laws of the University Senate charge the Committee to develop, revise, and update the Conflict of Interest, Institutional Conflict of Interest in Human Research, and Ethical Conduct in Scholarship (creative activity) policies for the University, in accordance with federal and non-federal funding agency policies. Additionally, the Committee has the responsibility to consider referrals or complaints relative to conflict of interest or scientific misconduct.

2014-2015

Soizik Laguette (Aerospace) was elected Chair* in October 2014, and Andre Kehn (Arts & Sciences) was elected to serve as Vice Chair**. Barry Milavetz was appointed UND Interim VPRED and could not serve on the committee anymore. He was replaced by the new interim Associate VPR&ED, Harmon Abrahamson. Kim Keeley (Education & Human Development) resigned from the committee in March 2015. Lisa Moore (Grants & Contracts) was appointed by the COI/SMC Committee in March 2015.

COI meeting schedule: In fall semester 2014 the committee met one hour every other week. In spring 2015 in order to, 1) better adapt to committee members schedules and, 2) allow more work to be done by the committee, the committee decided to meet one hour every week, alternating between Tuesdays and Thursdays.

COI committee quorum: Discuss/change quorum requirement from half of voting members +1 committee member, to 1/3 of the voting members or five (5) voting members. The committee voted to change the quorum requirement to five (5) voting members.

So far, the committee has met twenty times during the 2014-2015 academic year. The principal business before the committee has been:

1. Conflict of Interest:

- a. The Conflict of Interest Policy new version was approved by UND Senate in April 2015. The committee will not work on the Conflict of Interest this 2014-2015 year.

2) Ethical Conduct in Scholarship (Creative Activity)

- a. The decision was made to adopt the same format as the Conflict of Interest; separate Policy and Procedure and forms.
- b. Review/revision of the policy and procedures with two main objectives in mind: 1) simplify the policy and procedures so they can be easily understood; 2) clearly presenting the whole procedures three-process (see flowchart), unmistakably stating the possible outcomes of every step of the process.
- c. Have the policy/procedure ready to be brought to, and approved by UND Senate in fall 2015.

3) Institutional Conflict of Interest in Human Subject Research:

- a. A new policy to address Institutional Conflict of Interest needed to be created to comply with the AAHRPP accreditation requirement.
- b. UND Senate Executive body agreed that it would be the Conflict of Interest Committee responsibility to develop, revise, and update the Institutional Conflict of interest in Human Subject Research.
- c. Review/revision of the Institutional Conflict of Interest in Human Subject Research Policy temporarily drafted by the VPRED. The Policy was approved by the Committee in March 2015.
- d. The Policy was approved/adopted by UND Senate in April 2015.

Issues/priorities for the Conflict of Interest/Scientific Misconduct Committee to address during the 2015-2016 academic year include:

1. Closing review/revision of the Scientific Misconduct Policy, procedures and memos/letters template.
2. Explore the necessity and feasibility and develop an UND Code of Ethical Conduct for faculty and staff, with potential appeal for UND Faculty and Staff.

3. Other projects that may be brought by COI members.

This report was written by Soizik Laguette, current chair of the Conflict of Interest/Scientific Misconduct committee.

Respectively submitted,

Soizik Laguette, Chair
