The Dakota Student

SUMMER SESSION

THURSDAY, JUNE 22, 1961

NUMBER 2

Professors at Work on Mural, Sculpture for New Fritz Library

Two works of art have been commissioned and a third donated for the Chester Fritz Library which is nearing the final stages of construction on the University of North Dakota campus.

The two works commissioned are a mural for the main reading room of the library by Robert A. Nelson, chairman of the department of art, and a sculpture for the entrance lobby by Stanley O. Johnson, assistant professor of art.

Mrs. Katherine B. Tiffany of Wheaton, Ill., has given an oil portrait of Fritz, donor of \$1,000,000 for construction of the building, which will hang in the library. Mrs. Tiffany is Fritz's aunt.

A quotation written by Dr. F. Y. St. Clair, chairman of the English department, will be displayed in brass letters in the entrance lobby. The quotation, "By the light of knowledge men read the laws of life," was chosen by the UND library committee which also commissioned the works of art.

"We feel fortunate to have two such competent artists on our faculty to create unique and distinctive works of art for the new library," said Dr. George W. Starcher, UND president. "With their enthusiasm I feel we shall have truly indigenous works of character which the people can enjoy.

"The portrait of Chester Fritz will be an inspiration to generations of students and those who visit the library.

"Stanley Johnson's use of language symbols woven in pleasing artistic design will have symbolic significance in such a building. Mr. Nelson's meaningful portrayal of the spirit of our state, North Dakota, will add markedly to the interest of the interior of the building."

Nelson's 19-foot by 20-foot mural will be painted with oil on pre-installed panels at the east end of the south wall in the main reading room. He will depict North Dakota,

(Continued on page 2)

Soviet Education Expert to Address Science Institute

An expert on Soviet educational programs will be a guest speaker for the University of North Dakota's Summer Science Institute program Thursday and Friday, June 22 and 23.

Dr. Clarence B. Lindquist of the U. S. Office of Education, made an intensive study of Soviet science and mathematics programs, teaching methods and training of teachers while a member of a three-man delegation sent by the government to the Soviet Union and Poland in May 1959.

Upon his return Dr. Lindquist co-authored "Soviet Education Programs", Bulletin 1960; No. 17, U. S. Office of Education and was a participant in "Seminar on Soviet Education", sponsored by the Institute of International Education in New York City.

Another of the many professional highlights in Dr. Lindquist's career was his direction and coordination of research leading to the development of the new campus of the University of Minnesota, Duluth Branch. Several of his bulletins and reports have been published, along with numerous articles in professional journals.

A native of Superior, Wisconsin, Dr. Lindquist is married and has five children. After receiving his B.S. degree from Wisconsin State College at Superior with a straight "A" record, Dr. Lindquist earned his M.Ph. and Ph.D. degrees from the University of Wisconsin with another "A" record with the exception of one "B".

After spending 1942 to 1946 on active duty with the U. S. Navy, Dr. Lindquist taught at various institutions including Duluth State Teachers College, U.S. Naval Academy and the University of Minnesota before joining the U. S. Department of Education in 1957.

Dr. Lindquist will speak June 22 and 23 at 1:30 p.m. in the Medical Science Auditorium. His topic Thursday will be "Science and Mathematics Education in the U.S.S.R. today", and on Friday he will deliver an illustrated lecture on the Soviet Union.

Robert A. Nelson, art department chairman at the University of North Dakota, stands beside the Chester Fritz Library wall on which he will paint a mural. He holds a detail drawing of a bison that will be a figure in the mural.

Want to Move a Library?

Apply Six Months and Sticky Tape

By **SIG KRISTJANSON**

Sticky tape (the kind that sticks and sticks again) will be an important tool when the University of North Dakota library moves into its new home, the Chester Fritz library, during the break between the close of the summer session and the beginning of the fall semester.

Donald J. Pearce, head librarian, has almost completed the six months of planning preliminary to the mammoth moving job.

Pearce

For every inch of shelf space in the present library, Mr. Pearce has allocated a corresponding space in the new library. The beginning and end of each group of volumes to be moved as a unit will be marked with colored paper. Below on the shelf will be the printed sticky tape indicating the location of the group of volumes in the new library.

Workmen will roughly box each unit, place the tape on the box, and slide the box down ramps that are to be built over the present stairways to the stacks.

The southwest basement entrance will serve as a loading station for the trucks that will haul the books to the Chester Fritz Library. Other workers will shelve the books there according to the instructions on the tape.

Mr. Pearce thinks that the moving can be done in about four weeks and that the preliminary planning will minimize disruption to the present classification system.

Since the Chester Fritz gift provides only the building, the furnishings will come from an appropriation of \$200,000 provided by the North Dakota legislature.

To harmonize with other campus buildings Collegiate Gothic is the exterior architectural style of the Chester Fritz building, but the interior is modern, providing the ut-

most in convenient library service.

For maximum efficiency the staff work areas are designed on the "work flow" basis. That is, each staff department is so placed that the distances traveled by personnel and materials is minimized. For example, Mr. Pearce says that the area covered by the person at the reference desk will all be within 20 feet of the desk.

Modular construction makes the Chester Fritz building adaptable to growth and expansion. Since the

weight of the roof and floors is all carried on reinforced concrete pillars spaced 22 feet apart, any partitioning wall may be easily removed to alter the size or shape of the interior space.

LIBRARY HOURS

The University of North Dakota library is open from 8 a.m. through 10 p.m. Monday through Thursday, and from 8 a.m. to 5 p.m. Friday and Saturday.

Professors at Work

(Continued from page 1)

its history and resources in a contemporary pictorial design.

Nelson will show the bison which once roamed the prairie, and the farms and oil fields which now make the prairie skyline. Through symbols and representation, he will depict what lies below, on and above the prairie from prehistoric times to the present day.

Johnson's 6½-foot by 12-foot sculpture, which will be approximately one foot in depth, will be mounted against a wall just to the

left of the main entrance. It is being framed in aluminum and done with stained antique glass and metals. It will be lighted from behind.

The design will depict the symbols of communications from the earliest hieroglyphics through the English language to the modern, electronic means of communication.

Stanley O. Johnson, assistant professor of art at UND, shows the rough model of the sculpture he will create for the Chester Fritz Library lobby entrance.

This oil portrait of Chester Fritz will hang in the new library. Dr. George W. Starcher, UND president, is in front of the portrait, which was donated by Mrs. Katherine B. Tiffany.

Contributions Asked By Summer Student

Contributions in the form of news stories, notices, announcements and letters to the editor are invited by The Dakota Student.

These may be delivered to room No. 5, Merrifield Hall or to the University Press, or may be addressed to Paul C. Schmidt and left at the faculty exchange on the first floor of Old Main, the administration building.

Calendar of Coming Events

June 25-July 23—International Music Camps

June 25-July 2—First Session

July 2-9—Second Session

July 9-16—Third Session

July 16-23—Fourth Session

July 5-7—World Institute on Teaching of Typewriting

July 10-21—Institute in Human Relations

July 17-21—Administrators' Conference Workshop

July 18-29—Science-Math. Institute for Talented High School Students

July 24-Aug. 4—Summer Science Institute for Elementary Teachers

Convocations

Thursday, June 22-7:30 p.m.—Union Ballroom, Llords' International Puppets

Monday, July 10-7:30 p.m.—Union Ballroom, Boston Lyric Theatre

Monday, July 17-7:30 p.m.—Union Ballroom, Dr. Hubert Alyea—Scientist Extraordinary

Staff:

THE DAKOTA STUDENT

Published each week during the summer session at the University of North Dakota by students in journalism.

STAFF MEMBERS: Joyce E. Boland, Lowell W. Edwards, Sig O. Kristjanson, Ralph R. Molinaro, James W. Penwarden, Emma Anne Shanks.

ADVISOR: Paul C. Schmidt.
Phone 772-4031

Participants in the Aerospace Workshop that concluded with an orientation flight included, left to right: Dean M. L. Cushman, who is a Civil Air Patrol major; Lyle C. Jarrett, Carol Unkenholz, Henry Scheerer, Mrs. John Tufte, Mrs. Eleanor Tupa, Doris Goodwill, and Lt. Col. Thomas McGuigan.

Orientation Flight, Inspection Climax UND Aerospace Education Workshop

An orientation flight on a C47 transport plane and an inspection tour of a KC135 jet tanker at the Grand Forks Air Force Base highlighted the Aerospace Education Workshop at the University of North Dakota.

Twenty-one teachers from North Dakota communities participated in the workshop. It was designed to give the teachers a basic aviation knowledge so they may develop in today's youth understandings and attitudes required for effective living in the space age, Dr. M. L. Cushman, dean of the College of Education at UND and chairman of the program, explained.

The program featured guest speakers, group discussions, seminars, films and field trips. It was sponsored by the College of Education and the Extension Division of the University, the Civil Air Patrol and the U. S. Air Force ROTC unit of UND.

Cooperating agencies included the North Dakota Aeronautics Com-

mission, the Federal Aviation Agency, the North Dakota National Guard and the National Aviation Council.

Assisting Dr. Cushman were Lt. Col. Thomas McGuigan and Capt. Garland Bridges of the University Air Force ROTC detachment and Ben Gustafson, director of the UND extension division.

Twelve of the 21 enrolled took the course for credit. They were Capt. Bridges, Jan Campbell, Doris Goodwill, Geneva Thompson and Carol Unkenholz, all of Grand Forks; Mynne Dickson, Gilby; Lyle Jarrett, Finley; Lowell Jeske, Streeter; Henry Scheerer, Hebron; Delores Sparrow, Portland; Mrs. John Tufte, Niagara; and Eleanor Tupa, Niagara.

Others enrolled in the program were Carol Bye, Ruby Grindland, Bernt Wills, James Wills and Opal Loyland, all of Grand Forks; James Coats, Bismarck; Wendell Cushing, Cavalier; William Higgins, Mandan; and Paul Swanson, Bismarck.

Talented Science, Mathematics Students Selected for Annual Summer Institute

Thirty-nine high school sophomores and juniors from 19 North Dakota and seven Minnesota communities and seven other states are participating in the third annual Science-Mathematics Institute for Talented High School Students on the University of North Dakota campus.

The full schedule of lectures, experiments and special reading assignments in each student's field of scientific interest began Monday. Each student will participate in a research project during the six-weeks institute.

The students were selected from more than 200 applicants. Supported by a grant from the National Science Foundation, the UND institute is one of only 14 in the nation which can accept students with interest in any field of science and which can give the students laboratory contact with people doing scientific research. It is the only institute of this type in the Upper Midwest.

The institute is designed to provide opportunity for talented students to investigate the nature of work and activities in various areas of science, to encourage independent study when they return to school

New Enrollment Record Reached

Summer session enrollment figures reached a new high of 1,532 students after the first registration at the University of North Dakota.

This is an increase of 104 over last year's figure of 1,428.

Men comprise 982 of the current total while 550 women are registered.

Enrollment figures do not include persons attending summer workshops and institutes which would double that figure, Registrar Ruby M. McKenzie explained.

Enrollment by colleges is:

University College, 53; Science, Literature, and Arts, 164; Business and Public Administration, 111; Education, 217; Engineering, 51; Nursing, 32; Graduate School, 807. There also are 49 unclassified students and 48 special students.

and to motivate them to continue education in a scientific field.

Students attending from North Dakota and the field in which they will do research are:

Jerry Berg, Starkweather, chemistry; Melanie Brager, Northwood, mathematics; Joe Cress, Minot, mathematics; Judie Erb, Minot, engineering; Georgine Fortin, Thompson, biology; Charles Fuhrmann, Adams, engineering; Richard Hager, Bismarck, chemistry; Lonnie Hass, Bowbells, biology; Sandra Hertsgaard, Cavalier, biology;

Ken Kromarek, Scranton, engineering; Jay Muhlhauser, Beulah, biology; Karen Nagel, Beach, physics; Robert Otto, Crystal, mathematics; Gail Johnson, Wahpeton, biology; Richard Paur, Pisek, chemistry; Donna Porter, Pembina, chemistry; Robert Rust, Northwood,

engineering; Frank Setter, Crary, engineering;

Michael Sheridan, Wahpeton, biology; Jerrald Swenson, Northwood, chemistry; Richard Torkelson, Fargo, biology; Larry Ulland, Lisbon, chemistry; and Peter Williamson, Grafton, engineering.

Minnesotans attending are Loa Erickson, Cass Lake, biology; Steven Gustafson, St. Paul, biology; Stuart Herschleb, Stillwater, Mathematics; Victoria Kolehmainen, New York Mills, mathematics; David Kreuz, Chisholm, chemistry; Virginia Rose, Red Lake Falls, biology; Dorene Stach, St. Paul, biology; Robert Stroble, Angus, biology.

Others participating are William Ewald, Green Bay, Wis., chemistry; Robert Finsten, Alhambra, Calif., biology; Damon Hart, Louisville, Ky., mathematics; Thomas Kemp, Milford, Ohio, biology; Michael Liethen, Appleton, Wis., biology; Linda Madsen, Westby, Mont., biology; William Styring, Indianapolis, Ind., biology, and Joyce Tevebaugh, Schenectady, N. Y., chemistry.

News Director Resigns; Successor Named

James G. Meeker has resigned as acting director of news and information at the University of North Dakota effective July 1, according to an announcement by Dr. George W. Starcher, UND president. Meeker will join the editorial staff of the Fargo Forum.

He will be succeeded by A. Bennie Bachmeier, who was granted a bachelor's degree in journalism from UND in June.

Meeker was named assistant to the director of the UND news bureau in September, 1959. He became acting director when Harvey K. Jacobson was granted two years leave of absence to work toward a doctoral degree at the University of Wisconsin.

Meeker, who received a bachelor's degree in journalism from UND in 1959, has done graduate work in sociology, political science and journalism.

A former Jamestown College student, Meeker came to UND in 1957

when he won a North Dakota Press Association scholarship in journalism. He was news editor of the Dakota Student, campus weekly newspaper.

Meeker is a member of Blue Key honorary fraternity, Beta Theta Pi social fraternity, Sigma Delta Chi journalism society, the Greater Grand Forks Press Club, the American College Public Relations Association and has served with the United Fund and Jaycees of Grand Forks. He is married and has one son.

Bachmeier

Bachmeier, son of Mrs. Ethel Bachmeier, Towner, won the Sigma Delta Chi award as the Outstanding Male Journalism Graduate of the University of North Dakota Class of 1961. He is a member of Blue Key.

He served as editor of the Dakota Student, and has been employed on the Mouse River Farmers Press, Towner; Walsh County Press, Park River, and the Minot Daily News.

Driver Education Workshop Planned

A driver education workshop for high school instructors is being planned at the University of North Dakota for the following Saturdays: June 24; July 1, 15, 22, and 29.

Classes will run from 8:00 a.m. to 5:00 p.m. On completion of the workshop each participant will receive a certificate indicating the work done. In addition, the department of public instruction will present a certificate which will qualify the holder to teach driver education in any secondary school.

Three quarter hours of undergraduate credit will be given for the workshop. The fee for the course is \$20.

Areas covered in the five eight-hour sessions will include: driver qualifications, psychological tests, written tests, behind-the-wheel instruction, road tests in traffic, skill developing exercises, administration, and a special project in driver education.

Members of the class will be supplied with necessary materials including a dual control automobile.

A. B. Holm, State Teachers College, Mayville, N. D., will serve as instructor. Inquiries concerning the workshop should be directed to Mr. Holm, J. E. Scholten, Mayville registrar, or Dean M. L. Cushman, College of Education, University of North Dakota, Grand Forks, N. D.

University Students On Boys State Staff

Eleven University of North Dakota students served on the staff of North Dakota Boys State on the North Dakota State University campus in Fargo last week.

Serving as counselors or assisting in administrative work were John McDonald, Bismarck; James Cole, Fergus Falls, Minn., formerly of Fargo; Jerome Bernhoft, Cavalier; Fred Bartholomew, Glasston; Robert Welfald, Minot; David McKenzie, Dickinson; Kenneth Swenson, Kenmare; Douglas McLeod, Barney; Allen Olson, Sarles; and Robert Bush, Willows, Calif.

For the second year Larry Danielson of Valley City served as advisor to the staff of Nokobota, official newspaper of Boys State.

Cowboy Turned Caretaker Retires; Says Goodbye to UND in Rhyme

By RALPH MOLINARO

Merrifield Hall's caretaker for 14 years, Selden "Sam" Tracy will retire June 30 after almost 18 years employment with the University.

In addition to his lengthy service in Merrifield Hall, Sam worked in the Mines Building, the Armory and with the grounds department.

Sam has led a colorful and varied life since his birth September 12, 1893 in Emmons county, North Dakota. His pioneer parents came to North Dakota in 1891 from Pennsylvania and homesteaded a tract of land in Emmons county.

In his youth Sam was a cowboy, branding cattle and making the 52 miles trip to Eureka, South Dakota on horseback for supplies. He also herded sheep at times.

Sam said that in those days a good saddle horse and saddle were necessities of life, and horses were often bought from a neighboring Indian tribe.

School was a log cabin in North Dakota for seven years followed by one year in South Dakota.

Then came the First World War and Sam enlisted in the Army with the 163rd Montana Regiment. After 18 months service in France he returned to the United States and was discharged from the Army at Ft. Laramie, Wyo. In 1921 he married Miss Flora M. MacDonald of Emmons county.

In 1920 Sam acquired a small ranch in Emmons county and until 1931 raised sheep and cattle. During the depression he held various jobs and said that at one time jobs were so scarce that he worked for 10 cents an hour. In September 1943 he moved to Grand Forks and came to work at the University.

When Sam was asked to compare the students of today with the students of the '40s he said he thought that in the '40s students seemed more dedicated and serious minded. He added that students of today

Farewell

Farewell, University
It's time for me to go.
The years are creeping up,
My step is getting slow.

I've mingled here for quite a while,
You've been a second home to me.
I'll miss familiar faces,
When no longer them I see.

I feel I have made a friend or two,
Many students I have come to know.
And felt a pride in knowing them,
As out into the world they go.

I offer no excuses
If I have failed from time to time,
To wipe the dust from wall and
crevices,
Keep the hallways free of grime.

Now I bid farewell again,
And though I be near or far,
Thoughts of you will ever linger,
With me, just a janitor.

—S. Tracy
June 1961

were an exceedingly friendly group.

Sam also said that he has enjoyed his 18 years with the university, made many friends among both faculty and students and will miss the friendly atmosphere he has been a part of for so long.

He has no definite plans for the future other than moving to the Bismarck area to be closer to his four children and nine grandchildren. He does hope to spend a little more time writing poetry, his favorite hobby.

Faculty Lecture

Wednesday, July 19-8:00 p.m.—Education Building. Prof. Ben G. Gustafson, "Two Bushels of Wheat, or the Equivalent Thereof"

BUFFET SUPPER

The first family buffet supper of the summer session will be served Tuesday, June 27, starting at 5:30 p.m. in the Student Union ballroom. Prices are \$1.50 for adults and 75 cents for children.

Tracy

Gifts of North Dakota pottery were received by Dr. Ann Eckersley, left, and Dr. and Mrs. Leonard West.

Students at the reception and tea included, left to right: George Crenshaw, Atlanta, Ga.; Deanne Horne, Havre, Mont.; Carol Roser, Elyria, Ohio; George Porozny, Edmonton, Alta.; Dorothy Prosser, Park River, N. Dak., and Vernon Benson, Watertown, S. Dak.

Assisting with the tea were Mr. and Mrs. Dale Atwood. Mr. Atwood is an instructor in the Department of Business Education.

Tea, Reception Honor Visiting Business Education Professors

By EMMA ANNE SHANKS

Two visiting professors in the department of business education—Dr. Ann Eckersley of Central Connecticut State College, New Britain; and Dr. Leonard West of Southern Illinois University, Carbondale, were honored at a tea and reception in the Memorial Student Union lounge on Thursday, June 15.

Dr. Eckersley is a specialist in the teaching of office machines and secretarial practice. Dr. West specializes in research, evaluation, and teaching machines in the field of business education.

In the receiving line, presenting the visiting professors, were President and Mrs. George W. Starcher, Dean Christopher J. Hamre, Dean Martelle L. Cushman, and Dr. John L. Rowe, Chairman of the Department and official host to the reception.

Dr. Starcher, Dean Hamre, Dean Cushman, and Dr. Rowe addressed the graduate students and guests.

Mrs. Cushman and Mrs. Hamre presided at the tea table. Mr. and Mrs. Dale Atwood and Mrs. John Peterson assisted in greeting the guests. Mr. Atwood and Mr. Peterson presented Dr. Eckersley and Dr. West with gifts of North Dakota pottery.

Approximately 100 students, from all sections of the United States and Canada were in attendance.

Enjoying the reception and tea were, left to right: Dr. John Rowe, Margo Means, Helen Kay, Mrs. John Johnson, and John Peterson.

Summer Student Directory Published

A summer session student directory has been published and is on sale at the desk in the Student Union lobby. The price is 25 cents.

This is the first time a summer directory has been produced. It was compiled by the office of student affairs in cooperation with the summer session recreation committee.

Swimming Most Popular:

Summer Session Recreation Program Offers Variety, Fun and Instruction

By **LOWELL EDWARDS**

The summer recreation program on campus came into full swing this week with swimming by far the most popular activity. Following is a list of activities available:

Recreational Swimming — The University swimming pool in the Fieldhouse is open for co-recreational swimming daily Monday through Friday, 3:30 to 5:30. Evening swimming from 6:30 to 8:00, Tuesday, Wednesday and Thursday is being offered this year for the first time.

John L. Quaday, who is in charge of the summer recreational program, said the evening swim period is strictly an experiment in response to student opinion polls and its continuation is dependent on participation.

Admission to the pool at any time is by season ticket only. Tickets may be purchased at the Fieldhouse office for \$1.00. An individual ticket is required for each student and each member of his family.

Staffing the pool for recreational swimming will be Chuck Nelson, Bill Selman, Gail Nordel and Michele Dinsman.

Instructional Swimming for Children — Special classes in swimming for children are being offered at beginner, intermediate and advanced swimmer levels and will meet on Monday, Wednesday and Friday throughout the remainder of the summer session.

Hours are as follows:

Beginners 9:00-9:45

Intermediate: 9:45-10:30

Combined classes: 10:30-11:15

(Swimmer and Jr. Lifesaver group)

Any child who has reached his seventh birthday is eligible. Parents may enroll children at the Business Office. The fee receipt for \$5.00 should be brought to the first class session.

Parents are urged to enroll their children immediately to prevent late starting. Mr. Quaday will be in charge of the instruction, assisted by Bill Hicks and Dale Bradshaw.

Archery — The first meeting of

the Archery Club was held Wednesday, June 14, with only a small turnout. The club will shoot each Monday and Wednesday evening at 7:00 p.m. south of the stadium.

All those interested are invited to attend. Tackle is available at the Fieldhouse.

Golf — The city's Lincoln Park Golf Course is available to all summer session personnel at a nominal green's fee.

Bicycling — Bicycles may be secured without charge from the men's physical education department at the Fieldhouse.

Tournaments — Softball, tennis, golf, table tennis, horseshoe, handball, bowling, badminton, croquet, billiards and archery tournaments are being arranged.

First Convocation Tonight Offers Llords' Puppets

Daniel Llords' Puppets International, the first of three summer convocation presentations at the University of North Dakota, will appear in the Student Union ballroom Thursday at 7:30 p.m.

The performance is free and open to the public, according to Dr. John S. Penn, head of the UND speech department and convocation committee chairman. Llords' Concert-theatre, as it is billed, is designed and staged for adults, Penn said.

Marionettes and music go "hand in hand" with Llords' who made his debut as a symphony orchestra piano soloist before he was seven years old. He has appeared in films with Jack Benny, Charles Laughton, Maurice Chevalier, Bing Crosby, Alfred Hitchcock and the late Gary Cooper.

Engagements of the one-man show from Cannery Row, Monterey, Calif., include concerts in 11 countries, two continents and five languages. Music of Mozart, Verdi, Tschaizkovsky, Offenbach and Strauss are featured on tape recordings in the program.

Singers Turn Out For Enjoyment, College Credit

By **JOYCE BOLAND**

Towns-people of Grand Forks and East Grand Forks, college students and high school students are coming to the Education building on the University of North Dakota campus each Monday and Wednesday at 7:30 p.m.

What is bringing them out on warm summer evenings?

"The enjoyment of singing in a group as well as the opportunity to earn one-half a college credit," says Robert B. Van Voorhis, director of the UND Choral Union.

This vocal group, accompanied by orchestra, will present an Oratorio, "The Seasons", by Joseph Haydn July 27, at 8 p.m. in the University Fieldhouse.

Fifty-five members are participating in the Choral Union which was established last summer by Dr. William R. Boehle, chairman of the music department, and James Fudge, UND choral director.

Sopranos include: Marlys Currie, Phyllis Simmons, Barbara Hjelmstad, Alice Brooks, Omalea Blackwell, Marlene Myklebust, Pat Lunde, Donna Hesse, Bonnie Larson, Mary Jane Penwarden, Maxine Olson, Marilie Larson, Joyce Tornberg, Verna Yoyne, Cathleen Alexander, and Maxene Wirtz.

Altos include: Claudia Pfannsmith, Mary Dahlen, Mary Helen Oliver, Kathleen Lovette, Coren Iverson, Dianne Retzloff, Sandra Shieldahl, Katherine Kerr, Vernice Bakke, Marjorie Wallace, Jaki Kegel, Mrs. Frank Sawatsky, Lyla Rytter, and Eunice Hepper.

Basses include: Steve John Ellington, David Kraft, Bart Hansen, Robert Hall, Myron Johnson, Dean Bresnahan, Roger Petrich, Dough Wagner, John Norem, Roger Buckhaus, and Frank Sawatsky.

Tenors include: Lowell Dodds, Eugene Noraker, David Loken, Colin Bailey, Robert Brown, Gary Gran, Arnold Tranby, Don LaBelle, Paul Jepsan, Gerald Lange, Arnold Ralston, Theodore Harwood, Allen Koss, and Lyle Eide.

Of this group 23 are earning the one-half college credit.

University Attracts Foreign Students

By EMMA ANNE SHANKS

The University of North Dakota not only attracts students from the various states and Canadian provinces, but also students from more distant lands.

Three of these students are residing at Fulton Hall.

When asked why she came to the United States and the University of North Dakota, Hilda Karakasoglu of Istanbul, Turkey replied it was due to American influence since both she and her brother were educated in American schools in Turkey. Hilda received her education at the American Girls College and her brother attended Robert College.

Hilda chose UND because she learned through the American Information Center in Istanbul that the business education department at UND was very strong. Hilda is majoring in business education with minors in French and Music.

Yunn Chee Ko of Bangkok, Thailand, chose the United States because her father is a graduate of the University of Illinois. She came to UND because her application was

Left to right: Yunn Chee Ko, Hilda Karakasoglu, and Helen Vairamidou.

accepted. Yunn is majoring in Chemistry.

Helen Vairamidou, who recently arrived from Athens Nea Ionia, Greece, came to the United States because her brother has been attending UND the past three years as a civil engineering student. Her brother chose the United States because he admired the American system of education. Helen is majoring in English with a minor in mathematics.

also accommodates regular students.

Married Linguistic Institute students and their families reside at Dorm "C" and Davis, Oxford, and Princeton halls. East hall and Sioux stadium are not in use for the summer. Since ample room is available for summer session students, most rooms are united as units.

All available on-campus housing for married students is occupied, according to James A. Hanson, assistant to the residence service superintendent. The residence service was able to accommodate 53 new families in Tennis Village and West Green.

WANTED—Student to apply for sign painting job for academic year 1961-62. Apply at Student Union office.

TWO-DAY CLOSING

The Student Union cafeteria and snack bar will be closed Saturday and Sunday, July 8 and 9. Bek hall cafeteria will be open both days.

More Hamburgers? Not for Tom Welch

"I won't be able to eat another hamburger."

That's what Tom Welch said as he fried hamburgers at the all-university picnic Tuesday, June 20, on the Coulee bank. Helping Tom at the outdoor charcoal grill were Dave Kraft, Bob Johnson, Pat Hailey and Ron Volden.

In charge of the fry was Mrs. Cecil Rudd, manager of the Student Union cafeteria. She was assisted by Miss Beverley Anderson, campus dietician, and Mrs. Mildred Sherber.

Craig Miller, director of the Student Union, said more than 500 persons were served.

The menu consisting of hamburgers, relishes, potato salad, cake, coffee and lemonade, was enjoyed by the faculty, students, staff members and their families.

The hamburger fry is part of the summer session activity program of which Dr. John Penn is chairman. Professor L. R. Marti, UND athletic director, was in charge of the recreation program.

Summer Softball League Play Opens

The University of North Dakota's Summer Softball League was scheduled to open Wednesday with the Rangers meeting the Graduate Cast-offs on field No. 1 and the Field Mice battling Bek Hall on field No. 2. On Thursday, June 22, the Queen City Packers will meet the Anatomy Department on field 1 and the Medics clash with the Law School on field 2. Both fields are located northeast of the Fieldhouse. Game time is 6:15 p.m.

GRADUATE MIXER

The traditional Graduate Club Mixer has been set for 8 p.m., Wednesday, June 28, in the Student Union lounge. All regularly classified graduate students are members.

ANYONE FOR BOWLING?

The Student Union bowling alley is open from 1 p.m. to 7 p.m. Monday through Saturday. By special arrangement with the manager, the alley will be available to groups after 7 p.m. The rate is 25 cents per line.

Limited Housing Still Available

By JAMES PENWARDEN

Limited housing space remains available in all University of North Dakota dormitories being used for the summer session.

Two womens' dorms in use—Johnstone and Fulton halls—serve 108 and 139 students, respectively. These include regular students, teachers at the science institute, high school students at the science camp, and workshop students.

Bek hall tops the men's dorms with 133 occupants including high school science camp and regular students. Science institute teachers and regular students, including one floor of married students, are among the 105 students staying at Walsh hall.

Workshop students and foreign language institute students bring Hancock hall's total to 49. Forty-seven regular students stay in Budge hall while Wesley College
