63 H.S. Juniors Attend Summer Session

The Summer Session at UND will have 63 high school juniors enrolled in classes, according to D. J. Robertson, dean of University College, UND freshman division.

This program allows gifted high school students to earn six to nine hours of college credit between their junior and senior year in high school.

Participants attend regular classes and participate in all student activities during the summer session. They also re-

ceive counseling by University faculty and plan their future college curricula.

Students attending, alphabetically by home towns, include: Laura Schmalz, Balta; Elise Overvold, Belcourt; Carol Seim, Blanchard; David Finke, Ryan Johnson and Paul Refling, Bottineau; Tim Bryant, Bowbells; Joyce Pierson, Brampton;

Roy Gaper, Carson; Lynda Mattson, Casselton; Gail Wells, Cavalier; Larry Grossman, Devils Lake; Candyce Dostert

and Ruth Gunhus, Fairdale; Don McCullough, Fargo; Marcia Heins, Fessenden; Arnold Jarolimek, Forest River; Barb Bur-gum, Garrison; Jackie Torpen, Gascayne; Jan Cronquist, Gilby;

Corinne Byrant, Diane Mueller and Katherine Peterson, Grand Forks; Ken Larson, Grenora; Mary Ferch, Hamilton; Gwen Bottrell, Hannah; Michael O'Malley, Hillsboro; Carolyn Heskin and Greg Holter, Hatton Elaine Markeseth, Ha-

vana; Robert Cline and Nancy Richardson, Hazen;

Betty Pederson, Hillsboro; Gayle Matteson, Inkster; Marilyn Fischer and Colette Laqua, Langdon; Mark Church and Jill Johnston, Landsford; Margaret Eekroth, Mandan; Sally Hipp, McClusky; Rhea Saint, McHenry; Paul Olson, Minnewauken; Marie Jurgensen, Minot; Linda Lunde, Noonan; Gordon DeLano, Northwood;

Carol Jones, Plakza; Carol

Lang and Harold Rodenbiker, Jr., Rock Lake; Lee Goderstad, Rickey Herbel and Terry Baaska, Rolla; Cindy Hackler, Ryder; Laurel Green, St. Thomas; Jacki Barker, Saries; Marilyn Stafford, Seranton; Richard Erickson, Starkweather; Loretta Rettig, Taylor;

Wanda Wold, Tioga; Patricia Lundgren, Wales; Tesley Markusen, Watford City; Sally Fischer, East Grand Forks; Lucy Hansen, Denison, Iowa; and Sandra Dowie, Yorktown, Sask.

SUMMER SESSION

UNIVERSITY OF NORTH DAKOTA, GRAND FORKS, N. DAK. — FRIDAY, JUNE 20, 1969

5

NUMBER 1

Gelling Almost Double Winner

Students Receiving Aid Must Carry Seven Hours

Students receiving benefits under many of the federal financial aids programs must be pursuing a full course of study, said Gerald F. Hamerlik, financial aids director. The minimum load of credit hours for undergraduate students is 14 hours and 10 hours for graduate students.

"During the Summer Session the minimum load is seven hours for undergraduate and five hours for graduate students," Hamerlik said.

Counselors and advisors are urged to consider the above when assisting students with their registration and at the time of dropping and adding courses.

Hamerlik would be glad to talk with anyone who may wish to discuss his specific case.

Vets Must Contact Financial Aids To Receive Benefits

All veterans, new and returning, interested in receiving veterans' benefits must contact the Financial Aids Office, Room 214, Twamley Hall, in order to complete the necessary forms, according to Gerald F. Hamerlik, financial aids director.

Hamerlik said it would be necessary for the veteran to bring his PAID FEE SLIP to the Student Financial Aids Office before the University can certify enrollment to the Veterans Administration.

Four Prominent Authorities Will Serve As Consultants For Communications Workshop

Four nationally recognized authorities in communications art will serve as consultants and lecturers for a communications

ARJAN GELLING

workshop for secondary school English teachers Monday (June 9) through June 21 at UND.

The four and days they will serve are Dr. Robert C. Pooley of the University of Wisconsin, Madison, director of the Wisconsin English Curriculum Project, Tuesday and Wednesday (10th and 11th); James Moffett, research associate in English, Harvard University Graduate School of Education, Friday and Saturday (13th and 14th); Harold B. Allen of the University of Minnesota, editor of the Linguistic Atlas of the Upper Midwest, 16th and 17th, and William Waac of Evanston, Ill., editor of The Secondary School Theatre, 20th. They will lecture in the mornings and serve as consultants in the afternoons.

Fifty junior and senior high school teachers from North Dakota are expected for the workshop which is designed to enrich their skills in creative writing, semantics, developmental reading, and in speech, forensics

and drama as they relate to English.

Discussed will be uses of the New English Language Arts Syllabus as an overall approach to teaching English in North Dakota schools. The syllabus, developed by Dr. Pooley, is being introduced to all schools in the state.

Financed by a \$17,000 grant of federal and state funds, the workshop is sponsored by the State Department of Public Instruction in cooperation with the UND departments of English, speech and education.

C. M. Linkletter, associate professor of English at UND, is workshop director. He will also teach composition and fiction writing. University personnel assisting him and the subjects they will teach are: Dr. Bernard Brommel, speech department chairman, speech, communications and public address; Dr. Richard Hampsten, acting chairman of the English department, poetry writing and the interpretation of poetry; Robert Johnson, instructor in secondary education, educational methods; Hazel Heiman, assistant professor of speech, interpretative reading and drama; Dr. J. D. Peebles, associate professor of education, reading skills.

Teaching linguistics will be Dr. Allen and Sister Jean DeLore, St. Dominic's Convent, Jamaica, N.Y.

TRYOUTS SCHEDULED

Tryouts for the University Summer Theatre production of "The Wacky World of Megan Terry" will be held from 4-6 p.m. today in Merrifield 23.

Sioux Distance Ace Finishes One, Two In 6-, 3-Mile Runs

UND All America Arjan Gelling was almost a double winner in the NCAA College Division Track and Field Championships held Friday and Saturday in Ashland, Ohio.

The Sioux distance ace picked up a first in the six-mile and finished second in the three-mile to total 18 points for the Sioux, good for 10th place in the meet.

In Friday's action, Gelling toured the six-mile course in 30:15.5 to finish 130 yards ahead of his nearest competitor. Gelling took the lead at the half mile point and never relinquished it.

In Saturday's race Gelling turned in a time of 14:04 in the three-mile run, only five seconds off the winning pace.

With the wins Gelling is eligible to compete in the NCAA University Division Track and Field Championships today and Saturday in Knoxville, Tenn.

High School Junior Says Summer Program 'Challenge'

By RICHARD CLINE
Editor

"It sounds interesting, and it was sort of a challenge," said high school junior Nancy Richardson, who is enrolled in the summer session at UND.

Miss Richardson is partaking in a special program enabling gifted high school juniors to earn college credits between their junior and senior years of high school.

"I thought it would be good preparation for college," the attractive 5-8 blonde replied. "It has a chance to meet a lot of new people and everyone here is so friendly."

Nancy, a junior at Hazen High School, plans to go on to further study in the field of special education after graduation in 1970.

"I like to teach, I have a lot of patience, and it is a field I enjoy," Miss Richardson said.

Miss Richardson is taking nine credit hours and is enrolled in introduction to psychology, western civilization and beginning typing.

"The faculty really went out of their way to help with our schedules," the 17-year-old commented.

During her junior year at Hazen High, Nancy participated in band, chorus, dramatics, student council and cheerleading. She was also selected to attend Girls State which was held on the UND campus last week.

"I really like UND," Miss Richardson said. "It's a beautiful campus, and I think I'm really going to enjoy it here."

Softball Leagues Now Organizing

The summer softball leagues are in the organization process and the last day to register is Monday.

The leagues will be divided into two groups—fast pitch and slow pitch—and play should begin either Monday or Tuesday.

Umpires are needed and will be paid. For further information see Dr. Robert Clayton or Ron Wilkinson.

MISS RICHARDSON

Housing Director Resigns

Ronald Volden, housing director at UND, has resigned, effective July 1, to go into private business here. He will be replaced by Donald Gordhamer, area manager of housing at the University, Loren F. Swanson, director of auxiliary services, announced.

A native of Minneapolis, Gordhamer received the B.A. degree in sociology and psychology from St. Cloud (Minn.) State College in 1967. He joined the UND staff in July of 1967 as area manager of housing. He is currently responsible for the Walsh Hall residence complex.

Volden is from Wishek, where he attended grade and high schools. He attended the University of Southern California and received the B.A. and B.S. degrees from UND in 1965. He served in the Air Force for three years.

NOTICE

All girls interested in playing softball this summer on Monday evenings at 7:30 please call Laura or Penny at 777-2298. Form a team of your own—girls of all shapes and sizes are welcome. This is a chance to get out and have some fun.

| Dinner | 5:15-6:30 p.m. |
| Saturday | Closed |
| Sunday | 11:45 a.m.-1 p.m. |
| Terrace Snack Bar | |
| Monday-Friday | 11a.m.-2 p.m. |

This schedule is subject to change during summer holidays.

REGISTRATION is still the same but the faces in the crowd are different, as the young and old express the same look of confusion that shows on the face of students at the beginning of each semester. Above, a married student signs her class card as two young girls look on.

Harshbarger Receives Post-Doctoral Fellowship

Dr. Dwight Harshbarger, research associate in psychology with the UND New School of Behavioral Studies in Education, has received a one-year post-doctoral fellowship from Harvard University. One of less than 20 such appointments given each year, the fellowship is in the Education Program in Community Mental Health at the Laboratory of Community Psychiatry, Harvard Medical School, Boston, Mass.

According to Harshbarger, he will be engaged in an interdisciplinary consultative approach to such community problems as welfare systems, educational systems and community planning. He will be concerned with both care giving and treatment systems in relation to the projects.

In the highly individualized program, which begins Sept. 15, Harshbarger will be working primarily in a seminar situation. He will be spending the

remaining time doing field work in the community.

Harshbarger received his doctor's degree in psychology from UND during spring commencement, June 8. He earned his bachelors and masters degrees at West Virginia University. He also studied at the University of California, Berkeley, and has specialized in social psychology.

In addition to his work during the last year at the New School, Harshbarger served as a consultant to the Northwest Mental Health Center, Crookston, Minn. He has also worked in that capacity at the Fergus Falls State Hospital, Fergus Falls, Minn., and is a certified psychologist in Minnesota.

Harshbarger is a member of both the American Psychological Association and the Midwestern Psychological Association. He also belongs to Sigma Xi (national scientific honorary) and Psi Chi (psychology honorary).

Tomasek, Markovich Awarded Summer Study

Two members of the UND political science department faculty have been awarded National Science Foundation (NSF) awards for summer study off campus.

Dr. Henry J. Tomasek, chairman of the department, received a \$400 stipend plus travel pay to attend the University of Minnesota Summer Institute on Quantitative Methods in Political Science. The institute, July 7-31, will focus on substantive developments in political science with parallel experience in quantitative applications.

Dr. Stephen C. Markovich,

assistant professor of political science, was awarded about \$1,100 to attend a summer institute at Virginia Polytechnic Institute, Blacksburg, Va., on mathematical applications in political science. The dates are June 17-Aug. 1.

The institute is designed to acquaint political scientists with various uses of mathematics and statistics appropriate to the study and teaching of politics. Institute director is Dr. James Herndon, who resigned in 1967 as associate dean of the UND College of Arts and Sciences and coordinator of the University Honors Program.

DR. TOMASEK

DR. MARKOVICH

Beach Cited For Flood Work By Corps of Engineers

David Beach, assistant professor of speech-radio-tv at UND, has received a certificate and letter of commendation from the U.S. Army Corps of Engineers for his emergency work during the spring flooding of the Red River of the North.

Col. Richard J. Hesse, district engineer, Corps of Engineers, St. Paul, Minn., cited Beach for his contributions as section emergency coordinator for the American Radio Relay League. Beach directed and coordinated about 150 amateur radio operators in North Dakota in reporting river height readings to the Flood Emergency Center of the corps' St. Paul office.

"These river readings were accurately and speedily transmitted and enabled corps' engi-

neers to provide prompt and accurate technical assistance to the many communities who requested emergency flood protection assistance," Col. Hesse said.

In addition to the river readings, the amateur radio operators transmitted welfare and other emergency messages.

UND Biochemist Awarded \$9,612 Research Grant

Dr. W. E. Cornatzer, chairman of the UND biochemistry department, has been awarded a \$9,612 research grant from the U. S. Atomic Energy Commission (AEC) to investigate the degradation of lipids in cell membrane. The one-year grant goes into effect July 1.

This is the 18th year that AEC has awarded a research grant to Dr. Cornatzer, bringing the total to \$166,310.

Dr. Cornatzer has been investigating the origin of lipids in the membranes of mitochondria, microsomes and nuclei of the cell. These lipids represent about one-third of the dry weight of the mitochondria.

Richard's Golf Course Open to Public

Officials of the Ray Richards golf course have announced that tickets for individual and family plans for the 1969 season are now on sale at the Fieldhouse.

The course will be open to the general public, and three ticket plans are available for UND students, staff and faculty and their children.

The summer season ticket plans run June 16 through August 31 and the fall season ticket is good from Sept. 1 until the course is closed for winter.

Frank Zazula, member of the UND department of intercollegiate athletics, will again manage the nine hole layout, which is located south of the West Green housing complex.

Athletic Director L. R. Marti noted ticket prices for UND related groups is slightly lower than at public courses in the area.

"We feel the course is a real recreational fringe benefit for students, faculty and staff," Marti said. Last summer the course was opened all summer at public request.

The par 36 course has a club house and a pro shop. Lessons will be available to individuals and groups.

The course also includes a driving range, putting green and chipping green. Plans in the future call for an addition of picnic facilities.

Full season prices for the public is \$45 for adults, \$70 for a man and his wife, and \$20 for children high school age and under.

TICKET PRICES

U Offers Summer Swimming Program

For the second year the athletic department will offer a summer program to enable boys and girls from age eight to 15 to earn a variety of sports skills.

A tentative schedule is as follows:

1st Session (June 17-July 3)—13 days of instruction in swimming (beginning, intermediate, advanced—depending on skill of student), gymnastics (tumbling, floor exercise), tennis and badminton.

2nd Session (July 7-July 22)—12 days of instruction in swimming (intermediate, advanced, life saving), gymnastics (apparatus), and a choice of rhythms or dance or track and field.

3rd Session (July 21-August 7)—12 days of instruction in swimming (advanced, diving, synchronized), golf, archery and tennis.

There will be opportunity for some instruction in team sports if enough students want to participate, but the primary emphasis will be on those activities which are less likely to be

HAPPENINGS:

Today—Last day to add a four-week course and last day candidates may apply for a degree.

—Miller Analogies Test, Lecture Bowl, University Center, 8:45, 9:50, 11 a.m. and 1, 2:10 and 3:20 p.m.

Monday—Last day to add an eight-week course.

—Fee payment day.

—Speech and Hearing Clinic, through Aug. 1.

Tuesday—Phi Delta Kappa dinner meeting, University Center, 6 p.m.

—Movie, State Ballroom, University Center, 7:30 p.m.

Thursday—Convocation, Flamenco in Concert, Prairie State Ballroom, University Center, 8 p.m.

in the regular school program.

For each of the three sessions the same fee will be charged, as shown below. Students may enroll in any or all sessions.

One child—\$12 per session
Two children from same family—\$23 per session

Three children from same family—\$34 per session
Each additional child from same family—\$11 per session

Registration will be in the main physical education office in the Fieldhouse. The office is open Monday through Friday from 8 a.m.-noon and 1-4 p.m.

10 UND Athletes Honored By OCAA

Ten UND student-athletes have been selected for inclusion in the 1969 edition of Outstanding College Athletes of America.

The 10 include Terry Abram of South St. Paul, Minn., hockey All American; Barry Ault of Pembroke, Ont., distance running star; Alan Bailey of Freeport, Ill., swimming ace; Arjan Gelling of Fort Arthur, Ont., four-time All America distance running star; Tom Langseth of Richfield, Minn., football all conference co-captain;

Bob Munro, two-time All America hockey player from Geraldton, Ont., Vern Praus, two-time all conference basketball forward and co-captain; Bill Predovich of Coleraine, Minn., three-time all conference football star and co-captain; Gene Storbakken of Grand Forks, baseball tri-captain; and Bob Tuff of Calgary, Alta., hockey co-captain.

The Sioux athletes were nominated by UND and chosen for

Summer Recreation

Archery, Badminton, Tennis and Volleyball

The first meeting for persons interested in these activities is June 17 at 7:30 p.m. in room 321 of the Fieldhouse. There is no charge for use of equipment for these activities.

Bowling

Eight bowling lanes, with automatic pin-setters, are located in the basement of the University Center. Hours of operation are posted there.

Swimming

The University Fieldhouse swimming pool is open for recreational swimming Monday through Friday afternoons. The hours are 2-3:30 p.m. for children ages 7-17 and 3:30-5:30 p.m. for families. Children must be accompanied by parents during the 3:30-5:30 p.m. period.

Regularly enrolled summer session students may swim without charge but faculty, staff and their families and members of student families must purchase season tickets. Tickets are \$1.00 and are available during office hours at the Fieldhouse ticket office. Parents are urged to provide their children with proper identification.

Aviation Program Growing at UND

Soaring growth highlights the success of the UND aviation program now in its first year of operation, according to John Odegard, aviation program chairman.

"In the process of teaching students to pilot aircraft," he said, "the program is experiencing surprising growth in terms of enrollment, curriculum, faculty, aircraft and facilities."

More than 400 students have enrolled in the University program since it began last September. The UND aviation program is the only one of its type in the state and among only a few of its kind in the nation.

"Colleges and universities are beginning to recognize that the aerospace industry has been the nation's largest employer, outside agriculture, since 1962," Odegard pointed out. "Currently about 52 junior colleges offer aviation programs for college credit, and less than a half-dozen four-year aviation programs are offered."

Swimming Instruction

The annual instructional program in swimming is offered June 17-Aug. 8. Children of any age are eligible but must be at least three and a half (3½) feet tall. The fee for each child is \$13. If three or more children in a family are enrolled, the fee is \$11.50 per child. A maximum of 30 students are in each class. There are three instructors per class.

The class schedules are: Session I—7:30-8:15 a.m.; Session II—8:25-9:10 a.m.; Session III—9:20-10:05 a.m., and Session IV—10:15-11 a.m.

Students in each class are divided according to ability, with each instructor teaching a group of 8-12 persons. The various Red Cross certificates can be earned as all instructors are qualified according to Red Cross standards.

An adult instructional program, beginning June 23, is offered on Monday and Wednesday from 7-8:30 p.m. The fee is \$13 for the summer.

Sign up for either program in the Physical Education Office in the Fieldhouse between 8 a.m. and 4 p.m. weekdays.

Women using the Fieldhouse swimming pool must provide their own towels. Men may secure lockers and towel service at the Fieldhouse.

During the summer sessions, the Fieldhouse pool may be rented by groups connected with the University. The fee for the use of the pool is \$6 per hour per group. Lifeguard service is included in the fee. For information, contact Robert Clayton, room 115, Fieldhouse, ext. 2234.

Other Activities

Students, faculty and staff interested in other recreational activities should contact Robert Clayton, room 115, Fieldhouse, ext. 2234.

Recreational Program for Children

In addition to swimming, two other recreational programs are available for children of students, faculty and staff. The health, physical education and recreation department sponsors a summer sports school for children, ages 8-16. Instruction is available daily from 1-4 p.m. in tumbling and apparatus, track and field, golf, tennis, badminton, archery and recreational games. Complete information is available from the physical education office or Robert Clayton.

The Grand Forks Park Board offers organized recreation programs for children at the University Park Monday through Thursday from 9 a.m.-noon, 3:30-5:30 p.m. and 6:30-8:30 p.m. Friday hours are 9 a.m.-noon and 1-5 p.m.

Gymnasium and Equipment Arrangements

The special equipment check-out station (Fieldhouse equipment room) is open Monday through Friday from 3-5 p.m. Students and faculty may check out equipment for their use in the summer sessions.

SUMMER FOOD SERVICES University Center

The University Center will be open for meals and snacks June 8-Aug. 9. Beginning June 16 the Center will serve meals from 6:45 a.m. to 6:30 p.m., and all food services will close at 10 p.m.

Squires Hall Dining Room

Squires Hall dining room will open June 16 and close Aug. 9. For information on board at Squires Hall dining room, contact Auxiliary Services.

Nodak Snack Bar

The Nodak Snack Bar at Squires Hall will be open Sunday night through Thursday night from 7:30 to 10.

IBM AT UND

By MIKE GRAHAM
News Editor

Some of the fastest minds in the world are located at UND, minds that are quiet and efficient, ones that do not need nourishment. Does that sound like something out of a science fiction novel? It's not fiction, but it is scientific. It's the world of the computer, the electronic brain that can do hours of human work in minutes.

UND's computer center, began in 1961, has evolved today into the second largest Data Processing Center in the State. Even as large as it is, the Center is working to near capacity as it serves both the academic and administrative portions of the University.

International Business Machines (IBM) rents the computer to UND. Assistant Director Dale Vetter said there is a savings for the University in man hours and labor, even though the rent is somewhere around the figure of \$100,000 a year.

"It's important for students

to come in contact with computers," Vetter said.

Apparently, some 650 students have, as they enrolled in computer related courses last semester. Next fall, with the advent of the first part of a complete computer science course, Vetter foresees a greater student use of the center.

Use of the computer by both the faculty and student body has been on the increase to the point that Vetter feels there could be two systems put into operation—one for administrative use, the other for academic use.
