The SUMMER STUDENT

Sioux Indian Pow-wow Scheduled for Tonight

Over 100 Participate In Activities Workshop

A Sioux Indian pow-wow fea-turing ceremonial rites and dances will be held tonight at UND.

UND. The celebration, beginning at 8 p.m. in the University Cen-ter Prairie State Ballroom, is being held by Sioux tribe mem-bers from the Standing Rock In-dian Reservation to show ap-preciation for educational as-sistance they are receiving from UND. The public is invited and admission is free. "This is our way of giving

700 Freshmen **Have Registered** For Fall Semester

About 700 entering freshmen preregistered during the first half of the UND freshman pre-

preregistered outing the inst half of the UND freshman pre-registration program, according to Luther Bjerke, UND director of high school relations. The eight-week session began June 9 and will continue until Aug. 1. About 1,400 freshman students are expected to take advantage of the special pro-gram, now in its sixth year. UND will also begin preregis-tering transfer students Mon-day, Bjerke noted. Appoint-ments are arranged with stu-dents who have been accepted for enrollment, and about 40 visit the campus each day for the day-long registration pro-cedure, he said. Several UND staff members

cedure, he said. Several UND staff members are available to personally counsel each student. Freshmen and transfers who do not regis-ter this summer will do so in the fall .

besigned to give freshmen an opportunity to select courses determined by their individual interests, preregistration allows flexibility in their first year programs, Bjerke explained. The preregistration program is held in Gamble Hall.

thanks for the educational op-portunity and hospitality the University has extended to the University has extended to the members of our tribe who are participating in the Head Start Carcer Development Program on campus and the reservation's Head Start Program. "We are grateful to the Uni-versity for the opportunity to attend college-level classes—the first chance for many of us to receive post-high school educa-tion."

tion.

A large number of Indians from the reservation are ex-pected to attend, including a delegation of tribal officials headed by Al Joe Agard, tribal chairman. UND President Dr. George W. Starcher will be among the University officials in attendance. Maurice Lucas, assistant pro-fessor of education, is manager of the Head Start Program at UND.

UND. Featured entertainment will be a dance trouge from the re-servation. The group will also perform from 5 to 7:30 p.m. in the Red Owl parking lot. Standing Rock Reservation is one of four Indian reservations in North Dakota participating in the Head Start Career Develop-ment Program in cooperation with UND.

ment Program in cooperation with UND. Through this program staff members of "year-round" Head Start Centers have been taking objective courses for credit, working toward either a two-verse that the state of the associate of arts degree in a four-year B.A. degree. Thompson Appointed To **State Fact Finding Board**

The director of graduate stud-ies in education at UND, Dr. John A. Thompson, has been appointed by North Dakota Governor William L. Guy to serve a two-year term on the state Educational Fact Finding Bound Board

Established under Section III of House Bill 175, thte Teachers Negotiations Act, the board is

charged with a policy making function with regard to imple-mentation of the bill and has powers to adopt its own rules and regulations.

The board consists of three members, one appointed by the governor, one by the superin-tendent of public instruction and one by the attorney gen-oral

By CAROLYN HESKIN

NUMBER 5

By CAROLYN HESKIN Assistant News Editor Over 100 activities workers from North Dakota, Manitoba and neighboring states arrived on campus this week to attend the third annual Training Ses-sion for Activities Workers in North Dakota Nursing Homes. The University's occupational therapy department, North Da-kota State Health department and the State Board for Voca-tional Education are jointly fi-nancing and sponsoring the pro-gram.

tional Education are jointly fi-gram. The program has been devel-oped under the joint leadership of Dr. Amy Lind, chairman of the occupational therapy de-counce of the operation of the occupational therapy de-coborne, occupational therapy out of the operation of the cost of the operation of the occupational therapy or the operation of the operation of the operation of the operation of the operativities workers on the use of activities to meet the vacient of the operation our society." It also "provides an opportunity for ongoing edu-cation for health personnel," Miss Osborne stated. The activities the program attend lectures given by both attend lectures given by both special problems of the aged with the special problems of the aged

area and nationwide speakers during their day-long sessions. These lectures deal with the special problems of the aged and the emotional adjustments that have to be made in order for them to accept their age. Another large part of their day is spent working with the new crafts that have been brought by the members. Field trips to local nursing homes and recreational centers give the workers a chance to see the crafts and techniques involved under actual conditions. Some trips scheduled include visits to the Good Samaritan, East Grand Forks, Valley Me-morial Home and St. Ann's Guest Home.

Megan Terry's "Wacky World" Opens July 24

Group Marathon Slated for Aug. 2

The encounter group mara-thon will be held Aug. 2 in the University Center. The session will run from 9 a.m. to 11 p.m. Anyone interested in the pro-gram should contact Anne Weis in the program coordinator's of-fice. Forms are available in the office or at the information desk in the Center. This is a program of inter-

This is a program of inter-personal exercises for groups of eight to ten persons. There are 10 one-and-a-half hour sessions in the program. Instructions for the sessions are presented on a set of audio-tape recordings, one fer and resting for each session.

At the beginning of each ses-sion group members listen to the tape, then turn off the tape recorder and proceed with the activity described. The same group of persons meet together for the entire set of 10 sessions.

The small group becomes a learning community in which each participant has a chance

- * know himself and his feelings better, and understand how those feelings affect his behavior;
- learn through honest feed-back, how his behavior makes other people feel toward him;
- other people feel toward him; become more comfortable ex-pressing feelings openly and honestly when he wants to; develop a greater ability to listen, to understand and to be empathetic with other peo-nle.
- ple; understand better the dynam-ics of small groups, and how they work, and;

personal climate that encour-ages rather than inhibits change.

The two elements most ac-tively influencing the success of the Encounter Tape Group are the focusing activities with which each session begins, and the group norms built into these participations. activities.

The purpose of the activities is to bring the group members into confrontation with each other. The purpose of the norms is to help learn as much as pos-sible from the encounter by cre-sting the purpose of the purpose. ating the proper climate.

Examples of the most important of these norms are the following:

Wring. Group members are encour-aged to be sensitive to how they feel during each activity and to speak openly about these feelings. Intellectualiz-ing about the experience is discouraged.

discouraged. Participants are asked to con-centrate on the immediate "here-and-now" experience of the group rather than on life outside the group or any in-dividual group member's past. It is from this commonly shared experience that parti-cipants have the best oppor-tunity to learn how they af-fect other people.

Another important focus is on the participant's strengths ra-ther than his weaknesses, on what is right with him rather than what is wrong. The in-dividual is encouraged to be-

lieve in the reality of his po-tential as an effective human

Role of Teachers Changed in New School

By MARILYN FISCHER Staff Writer

For the second summer, UND is conducting the New School of Behavioral Studies.

In the session, teachers lead a program of individualized in-struction in which students are given more freedom of academchoice

Students are taught in small groups at their own level of achievement. They learn to use the various centers for math, science, reading and other areas of interest.

or interest. Discipline is flexible, creating more relaxed classroom atmo-spond eagerly to learning. The New School in financed by developmental assistance grants given to the University by the U.S. Office of Education. Part of the revenue also comes from the cooperating school dis-tricts in the program. Mrs. Clara Morey, a first graduate student enrolled in the school. Mrs. Morey enjoys the pro-

school. Mrs. Morey enjoys the pro-gram because "the children are more relaxed. They find and correct their own mistakes and they seem to get more out of the learning."

UND Grads Awarded **Flying Cross**

Two Air Force majors, both aircraft navigators and UND graduates, were each awarded

praduates, were each awarded (DFC) for action in Vietnam. They are Tom Olofson of St. Paul, Minn, and Aubrey Bren-ner of San Antonio, Tex. Maj. Olofson, who received the M.S. degree in 1967 from UND was decorated for his aboard a reconnaissance plane. Maj. Brenner received the DFC for achievement as a cargo aircraft navigator Hewas cited for flying at night under ad-verse conditions to deliver sup-ples and personnel to two ma-tor military bases in Vietnam. He received the M.Ed. degree in 1963 from UND.

Mrs. Morey says the role of the teacher has been changed from giving knowledge to di-recting knowledge.

"The school children were once like puppets, with strings controlled by the teacher," Mrs. Morey said. "Now we are learn-ing to appreciate their creative-ness."

Classical Language Teacher Publishes Two Major Works

Dr. Demetrius J. Georgacas, professor of classical languages at UND, recently published two major works on names.

professor of classical languages at UND, recently published two major works on names. Georgacas and William A. McDonald of the University of Minnesota have recently pub-lished a 403-page volume titled "Place Names of Southwest Peloponnesus." It makes avail-able to interested scholars data on names of places in that area. The collection contains nearly 10,000 entries, which represent approximately 20,000 individual place names. The University of Minnesota Press is distributing the book internationally. Geogaca also authored a Monograph titled "The Name. 'Aaid' for the Continent, Its His-fory and Origin." Published separately as a book, it also ap-peared in Names, the journal of the American Name Society, along with his reviews of three books on Roman names. To-gether they comprise the entire 105-page March issue. A native of Greece, Georga-cas received the M.A. degree from the University of Athens in 1932, the Ph.D. degree from the University of Berlin in 1941, and has done post graduate vork at the University of Chi-cago and the University of Vichigan. Prior to his coming to UND in 1953, he taught at the Academy of Athens, the University of Chicago, McCor-mick Theological Seminary in Chicago and the University of UND. Utah.

Utah. Earlier this year he received a \$10,000 grant from the Na-tional Endowment for the Hu-manities to support work on a Greek - English dictionary that should be completed in about threa years three years
