CORPS OF ENGINEERS, U.S. ARMY
OFFICE OF THE DISTRICT ENGINEER
GARRISON DISTRICT
RIVERDALE, NORTH DAKOTA

ADDRESS REPLY TO:
DISTRICT ENGINEER
GARRISON DISTRICT
CORPS OF ENGINEERS
RIVERDALE, NORTH DAKOTA
REFER TO FILE NO.

31 January 1955

Honorable William Langer
United States Senate
Washington 25, D. C.

Dear Senator Langer:

On or about 1 February 1955 this office proposes to issue Invitation for Bids No. CIVENG-32-015-55-40 for Lawn Construction in the Fort Berthold Indian Reservation, New Town, North Dakota, and Invitation No. CIVENG-32-015-55-41 for construction of the East Abutment Grout Curtain, Garrison Dam and Reservoir Project.

The work involved in connection with the lawn construction will consist of topsoiling, fertilizing, tilling and seeding lawn areas in New Town, North Dakota, and in the Western, Eastern, Southern and Northeastern Segment Sub-agencies in the Fort Berthold Indian Reservation, North Dakota. The whole work will be divided into five schedules and bids may be submitted on any one or more of the five schedules. Bids on this project will be opened on or about 1 March 1955.

The work involved in connection with the East Abutment Grout Curtain will consist of an estimated 65,000 lineal feet of drilling and 20,000 cubic feet of pressure grouting. Bids on this project will be opened on or about 15 March 1955.

There is inclosed an advance notice on each of the aforementioned projects which briefly describes the work to be done and the location in which the work is to be performed. An advance notice has been mailed to all parties known by this office to be interested in bidding on this work.

Should you require additional information concerning either of these two projects or any other phase of construction of the Garrison Dam, do not hesitate to contact this office.

Sincerely yours,

 WRITE TO FILE NO.

31 January 1955

Honorable William Langer
 United States Senate
 Washington 25, D. C.

Dear Senator Langer:

On or about 1 February 1955 this office proposes to issue invita-
 tion for bids No. CIVINC-32-015-55-40 for farm construction in the
 Fort Berthold Indian Reservation, New Town, North Dakota, and invita-
 tion No. CIVINC-32-015-55-41 for construction of the East Abutment
 Great Garrison, Garrison Dam and Reservoir Project.

The work involved in connection with the farm construction will
 consist of topsoiling, fertilizing, tilling and seeding farm areas in
 New Town, North Dakota, and in the Western, Eastern, Southern and
 Northeastern Segment Sub-agencies in the Fort Berthold Indian Reserva-
 tion, North Dakota. The whole work will be divided into five schedules
 and bids may be submitted on any one or more of the five schedules.
 Bids on this project will be opened on or about 1 March 1955.

The work involved in connection with the East Abutment Great
 Garrison will consist of an estimated 65,000 linear feet of drilling
 and 20,000 cubic feet of pressure grouting. Bids on this project
 will be opened on or about 15 March 1955.

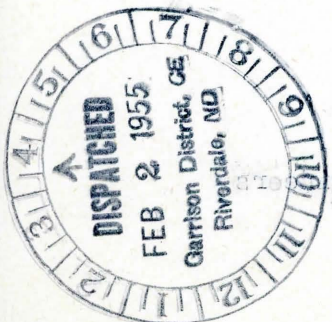

There is enclosed an advance notice on each of the aforementioned
 projects which briefly describes the work to be done and the location
 in which the work is to be performed. An advance notice has been
 mailed to all parties known by this office to be interested in bidding
 on this work.

Should you require additional information concerning either of
 these two projects or any other phase of construction of the Garrison
 Dam, do not hesitate to contact this office.

Sincerely yours,

H. L. HILL
 Colonel, Corps of Engineers
 District Engineer

12 January 1955

SUBJECT: Advance Notice; Lawn Construction in the Fort Berthold
Indian Reservation and in New Town, North Dakota

TO: Prospective Bidders and Others Concerned

1. General. This office proposes to issue Invitation for Bids Serial No. CIVENG-32-015-55-40 on or about 1 February 1955 for Lawn Construction in the Fort Berthold Indian Reservation and in New Town, North Dakota. Bids will be opened on or about 1 March 1955.

2. Location. The sites of the proposed work are located as follows:

a. Western Segment. This site is located on the Fort Berthold Indian Reservation, Township 149 North, Range 94 West, Section 14, McKenzie County, North Dakota, approximately 75 miles southwest of Minot, North Dakota; 50 miles southeast of Williston, North Dakota; and 25 miles northwest of the former site of the Elbowoods Agency.

b. Eastern Segment. This site is located on the Fort Berthold Indian Reservation, Township 148 North, Range 88 West, Section 2, McLean County, North Dakota, approximately 50 miles southwest of Minot, North Dakota; 90 miles southeast of Williston, North Dakota; and 15 miles northeast of the former site of the Elbowoods Agency.

c. Southern Segment. This site is located on the Fort Berthold Indian Reservation, Township 147 North, Range 91 West, Section 26, Dunn County, North Dakota, approximately 70 miles southwest of Minot, North Dakota; 75 miles southeast of Williston, North Dakota; and 7 miles southwest of the former site of the Elbowoods Agency.

c. Northeastern Segment. This site is located on the Fort Berthold Indian Reservation, Township 150 North, Range 90 West, Section 21, McLean County, North Dakota, approximately 50 miles southwest of Minot, North Dakota; 70 miles southeast of Williston, North Dakota; and 15 miles north of the former site of the Elbowoods Agency.

e. New Town. This site is located in Township 152 North, Range 92 West, Sections 17 and 18, Mountrail County, North Dakota, approximately 120 miles northwest of Bismarck, North Dakota; 50 miles southwest of Minot, North Dakota; and 35 miles northwest of the former site of the Elbowoods Agency.

3. Description of Work. The work will consist of topsoiling, fertilizing, tilling and seeding lawn areas in New Town, North Dakota and in the Western, Eastern, Southern and Northeastern Segment Sub-Agencies in the Fort Berthold Indian Reservation, North Dakota. The whole work will be divided into five schedules, each schedule covering the work to be performed at one of the five sites located in paragraph 2 above. Bids may be submitted on any one or more of the five schedules.

4. Completion Time. The work shall be commenced as soon as weather and soil conditions permit and shall be completed by 30 June 1955.

5. Bond Requirements. A bid bond on U. S. Standard Form No. 24 in a penal sum of not less than 20 percent of the bid price will be required with each bid. A payment bond and performance bond will be required of the Contractor at the time the contract is executed.

6. Liquidated Damages. A provision will be included in the contract for assessment of liquidated damages for failure to complete the contract work in the specified time.

7. Drawings, Specifications and Bidding Papers. Drawings, specifications and bidding papers will be furnished by this office without deposit upon request. A maximum of one (1) set will be furnished any one bidder. Inclosed is a form for use in requesting drawings, specifications and bidding papers. Drawings and specifications will be on file for inspection in this office and will also be available for inspection when issued at the following offices of the Corps of Engineers:

Omaha District	1709 Jackson Street	Omaha 2, Nebraska
Kansas City District	601 Davidson Building	Kansas City 8, Missouri
Fort Peck District	Administration Building	Fort Peck, Montana
St. Paul District	1217 U. S. Post Office	St. Paul 1, Minnesota
