If you practice criminal law, you need . . .

The CRIMINAL LAW REPORTER

BNA's all-in-one-place, authoritative information service that

- *alerts you to all major changes in criminal law*
- *cuts down on your reading load*
- *saves you time for the actual practice of law*

BNA's CRIMINAL LAW REPORTER covers everything in the fast-changing criminal law field from interpretation and application of existing criminal law as reflected in the opinions and proceedings of courts at every level . . . to formulation of new legislation . . . to unconventional (and controversial) proposals for approaches to crime and the criminal.

Here's what you'll receive every week with The CRIMINAL LAW REPORTER:

- a crisply written review and analysis of the latest criminal law developments
- Supreme Court proceedings, arguments, actions, and filings
- decisions and proceedings of federal courts of appeals, and district courts — as well as the principal courts of all the states
- a roundup of notable actions in Congress and state legislatures
- digests of reports and recommendations of commissions, associations, committees, the bar, and the press
- full text of all opinions of the U.S. Supreme Court in criminal cases, and of significant federal legislation
- cumulative indexes every six weeks -- and a final index for the six-month period covered by the Reporter volume

You get *all that* and a *whole lot more* (along with a sturdy filing and reference binder) when you get The CRIMINAL LAW REPORTER.
