# The leading tax minds provide these 3 unique

## services

Expertise built the landmark service, **TAX MANAGEMENT**, covering federal taxation of the domestic income of U. S. corporations. And now it has produced two companion services, **TAX MANAGEMENT—FOREIGN INCOME** and **TAX MANAGEMENT—ESTATES, GIFTS, AND TRUSTS**.

All three draw upon the knowledge, experience, and judgment of more than 100 special consultants—leading tax attorneys, tax accountants, active tax practitioners. All three are professionally oriented and functionally organized. All three use the unique TM concept of a topic-by-topic approach to tax problems in separate, self-contained Portfolios.

Each TM Portfolio is compact, light, and portable, fitting conveniently into a briefcase, a desk drawer, or a standard filing cabinet. Each focuses on a specific tax problem area, examines every significant tax factor in that area in depth and in detail, offers exhaustive discussion of a variety of specific tax situations, provides cautionary notes and comments on the consequences of alternative courses of action, and supplies copious references to IRS Regulations, Treasury Rulings, and cases (and to the statutes and regulations of countries abroad in **TAX MANAGEMENT—FOREIGN INCOME** Portfolios). Each contains all the necessary working papers for tax planning and reporting and an exhaustive bibliography.

The three **TAX MANAGEMENT** services are available separately or in combination. For descriptive literature and particulars of subscription rates, write:
