## PRESIDENT'S PAGE

First of all, I want to express my deep appreciation to the members of the Bar for honoring me in electing me President of the Association. Without any doubt, the members of the Bar in this state constitute one of the most influential and highest type groups in the state, and I deeply appreciate being selected to head the organization.

Our organization is in very good shape financially and in a position to do things. Thanks to the untiring efforts of the preceding administration and those who worked so faithfully with Mr. Mackoff.

One of our main efforts during the year will be to promote the activities of the District Bar Associations. We hope that each District Association will have at least two meetings during the year. Many of our members are unable to attend the state meetings, so this will be their means of getting more benefit out of our Association.

Then we plan on having public panel discussions throughout the state during the year, upon timely subjects in which the public as well as the attorneys are interested. We expect to have very capable speakers and to have not only public meetings, but panel discussions over the air. We will give you more information about this later when our plans materialize more definitely.

A list of the committees will appear in this issue. It is the sincere hope of your administration that with the cooperation I know we will receive from these committees and the members of the bar in general, that we will have another successful year in the Association.

MACK V. TRAYNOR  
President
