and good temper are essential to give it effectiveness, for the object is to reach the public quite as much as the newspaper.

"It would be a good idea for State Bar Associations to consider means of getting their qualified members to undertake in their several communities the task of thus promoting a better understanding and better thinking on the subject of the administration of justice and those who are intimately concerned with it."

### CHILD LABOR

Up to and including the 27th of February, the following States had rejected the child-labor amendment to the Federal Constitution: Connecticut, Delaware, Georgia, Idaho, Indiana, Kansas, Louisiana, Massachusetts, Michigan, Minnesota, Montana (ratified by House), Nevada, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Washington, Wyoming, 26 in all. The total legislative votes for, were 868, against, 2,665.

Some interesting incidental facts are disclosed by the U. S. Census, at least, they would have been interesting in the event the amendment had been ratified and enforced to the extent of the exact language of the amendment.

For instance, there were 7,877 soldiers, sailors and marines, who had passed the physical and mental examinations of the U. S. Army and Navy; there were 6,427, who has successfully passed teachers' examinations and were teaching school, but were not eighteen years of age; there were 201 making a success as writers, reporters and editors; there were 2,689 musicians and teachers of music; there were 721 employed in the arts, 22 engaged as aviators, 1,000 graduated nurses, and 1,300 photographers; all of whom might have been compelled to go to school or remain idle.

### NOTICE RE FEE SCHEDULE

The following, from Hon. F. T. Cuthbert, of Devils Lake, Chairman of the Committee on Compensation and Fees, is in reply to several inquiries that have come to the Committee since the adoption of the Schedule:

"It seems there has been some doubt with certain attorneys concerning the schedule with reference to foreclosures, which we regret. The Committee did not intend any ambiguity when it wrote this schedule regarding foreclosure by advertisement. It was the intention of the Committee, and understood by all, that the foreclosure fee by advertisement would be \$25.00 plus one-half of the statutory fee by action, or one-half the statutory fee before the amendment. As Chairman I have taken this matter up with the entire Committee, and the Committee has

unanimously agreed that this is the construction intended to be placed upon this matter. We trust there may be no further misunderstanding regarding the schedule.”

### UNIFORM STATE LAWS

Hon. H. A. Bronson, of Grand Forks, Chairman of the Committee on Uniform State Laws, submits the following current item concerning the work of that committee:

“Hon. Sveinbjorn Johnson, Associate Justice of the Supreme Court, has been appointed by Governor Sorlie as Commissioner from North Dakota to the Conference of Commissioners on Uniform State Laws, which will be held at Detroit, Mich., on August 26th to September 1st, 1925, just preceding the annual meeting of the American Bar Association. The mid-winter meeting of the Committee appointed by the Conference was held in Chicago on February 26th and 27th, 1925. This meeting was attended by Commissioner Bronson, Chairman of the Committee on Education and Publicity. Some of the important legal subjects now under consideration by these Committees comprise the Uniform Mortgage Act, the Uniform Arbitration Act, the Uniform Pistol and Revolver Act, and the Uniform Incorporation Act.” These, it appears are to be submitted to the August Conference.

### LAW ENFORCEMENT

Chairman H. F. Horner, of Fargo, advises that the Committee or Section on Law Enforcement is completing arrangements for a campaign of education in the High Schools of the State.

Present plans are to draft members of the Bar Association to deliver two addresses in each High School before the close of the present school year, the students to participate in the arrangement of the programs and to introduce the speakers. It is also proposed to invite parents and friends to attend the programs. The first address is contemplated to cover the necessity for laws and the reasons why laws should be obeyed; the second is to deal with the same general subject and to present a plan for the better co-operation of citizens generally with officers to secure better law enforcement. The plans further include the formation of a law and order organization among High School students.

The Section on Law Enforcement undertakes to supervise the work throughout the State, and will select a lawyer in each county to carry out these plans.
